St. Michael's Clinical Week

From Sept. 12 to Sept. 17, a clinical program under the capable direction of Dr. Harry G. Hall, present chairman of St. Michael's Hospital Clinical Society, Toronto, was successfully terminated on Saturday last.

By noon of first day over 175 doctors had registered for the five-day course, and as week progressed, over 200 took advantage of the various educational papers, talks and demonstrations on a wide variety of subjects of interest to medical men. Not only from Toronto, but also from a widely scattered territory, medical men attended, and as week progressed, until 5:00 p.m. and after daily, with only a brief period for lunch, such being the press of subjects discussed.

Much that was of practical value was included in the daily medical fare, and for half-hour periods in morning and afternoon sessions, the visiting doctors were given privilege of making ward rounds or witnessing various sections of hospital where actual examinations and indicated treatments were being carried out under direction of heads of various departments, some of them with long and varied experience in hospital work.

Such teachers as Dr. William Magner, lecturer in Pathology, University of Toronto, and formerly lecturer in same subject University College, Cork, Ireland, were present to add their bits to the good work.

While somewhat similar programs have been the vogue for a number of years at this hospital on Bond St., this year with the greatly enlarged hospital facilities, a more comprehensive program was systematically carried out.

Luncheons were provided on Wednesday and Saturday at which special speakers dealt with matters of public health and medical welfare for public at large were discussed. Among these was Dr. A. J. Mackenzie, president of the Ontario Medical Society.

Those attending were a unit in their appreciation of this year's effort and are looking forward to next year's medical clinic.

"I have read in the Herald, with considerable interest, of the success of the Band in the competition at the Canadian National Exhibition, as well as in other competitions during the summer. Congratulations to the director as well as to all the members.

As this success continues throughout the coming year, I am sure that the band will continue to bring credit to the town. As a member of the band in 1904-1909 under Capt. Albertson and Bandmaster Castell, when it was the 20th Battalion Halton Lorne Rifles Band, I am always interested in their doings."

Lions Club Find Need Urgent for Welfare Work

Funds Must be Raised if Underprivileged Children to Receive Benefit of Dental Clinic — To Hold Two-Day Frolic Next Month.

With the need so pressing in Georgetown and district for dental and other clinics, the Georgetown Lions Club are putting forth every effort in an endeavor to raise sufficient funds so that no underprivileged child will have to forego the benefit of these clinics.

While they are aware of the fact that the citizens of the town are called upon to contribute to many community activities, they feel that the work they are doing among those less fortunate than themselves, should receive the hearty support of everyone.

The Lions Club do not, however, ask for your donation without giving you value for money received. At this time, when they are again soliciting your patronage, they have planned two grand evenings of entertainment. Dates set are October 18th and 19th, the place, the Georgetown Arena. On the opening night they are pleased to bring to the citizens of the town, Ken Noble and his Amateurs, of radio fame. The second night will be the best entertainment yet given in the arena, boxing, games and two grand and glorious nights of Lions entertainment.

Full particulars will be announced through these columns in future issues but in the meantime, let us stress the great need of the less fortunate children of Georgetown and district, and the fine, worthwhile work the Lions Club are doing and hope to continue to do. Georgetown is fortunate in having a group of men so vitally interested in the welfare of others.

And for the benefit of those who may be wondering, we might state that not one cent of your donation goes towards club activities, other transportation, expenses, etc. (this being borne by each individual member) but for use directly and completely for the underprivileged.

ERIN BARN DESTROYED BY FIRE

Fire of unknown origin demolished a large barn on the farm of James Thompson, one mile north of Erin village, early Sunday morning, doing damage estimated at \$2,000.

A large crop of grain and hay, along with a number of farm implements and several hogs, were destroyed in the blaze. Fire was discovered about 1:30 Sunday morning, by members of the Thompson family, who were awakened by the crackling of the flames and the bright reflection which lit up the entire area.

The fire was too far advanced to save anything in the building and, aided by neighbors and the Erin fire brigade, the Thompsons concentrated on preventing the flames spreading to their home. A smaller loss from fire was suffered in 1932.

The tightwad, out of town for his wife's birthday, sent her a check for a million kisses as a present. The wife, a little annoyed at his thrift, sent back a post card: "Dear Jim, Thanks for the perfectly lovely birthday check. The millionman cashed it this morning."

Dave Crichton Wins Thorneliffe Trophy Two Years in Succession

Running for West End "Y" Last Saturday he Defeated Art Clarke, Record Holder for the One-Mile Run.

Dave Crichton, son miller of the University of Toronto, beat Art Clarke, record holder of the mile run in Ontario, when they ran for the Thorneliffe Trophy.

This is twice inside of two weeks that Dave has defeated Art Clarke in the one mile run, as was evidenced at the C.N.E. when he and Clarke both ran from scratch with the redoubtable Glen Cunningham, and Crichton finished a few yards behind Cunningham but ahead of Clarke. And again last Saturday, Sept. 17th, at the Beaches Olympic Club field and track meet when Dave beat Art Clarke in the mile run for the Thorneliffe Trophy.

Incidentally it is worthy of mention that this is the first time the Thorneliffe Trophy has been won two years in succession by the same runner, since it was put up for annual competition in 1922. Dave Crichton having defeated Art Clarke last year to carry off this trophy.

Congrats Dave.

Advertising Defined

Advertising is a mighty force to which we become exposed the moment our father puts our "birth notice" in the newspaper, Harold H. Gray, vice-president, Silverwood's Toronto Dairy Ltd., Toronto, introduced members of the Rotary Club at a recent meeting. Some accountants may say it is a questionable expense since you can't always trace results, and the experienced manager may say it is an absolute necessity, added Mr. Golley, "but call it what you will, advertising keeps your store in trade from having birthdays; it crushes away cobwebs and dust, smartens shop windows, quickens the knees of salespeople and lets in the sunlight."
