The action was brought by the Gray Lines, Limited, who were suing Harris for \$1,720 damages, resulting from a collision at Oakville on January 12, of last year, between a Gray Coach bus, driven by John McManis of Toronto, and a snow-plough driven and owned by Ernest Harris. After a brief retirement, petit jurors returned to announce their vote of 11 to 1 in favor of the counter-claim of Harris, defendant.—Champion.

THIS AND THAT IN SPORT.

By G. "Mac" McIlvray

The cooler weather of the past few days starts the annual question of "what are the hockey prospects for Georgetown this year." And to which question your scribe must confess he fails to throw little light.

This coluthn has always held out for an early hockey organization in town, but up to the present nothing seems to have been done officially. It was supposed to have been noted around by a few of last year's executive that a hockey meeting was to be held, but no one seemed to know why, when or where.

If we are going to create the usual hockey interest in town, let's get started now, so that a couple of at least fair teams can be lined up. For winter must surely be just around the corner.

Many of last year's peppy junior aggregation are past the junior age limit, and therefore some material may be found to brace up the intermediate squad. Whether players can be had for an O.H.A. junior team this year still remains to be seen.

And what are we doing about Midget hockey this season. We can't surely give up the midget league and fall down on the very thing for which the league was created. . . . that of bringing on players to fill the ranks of our junior and intermediate squads.

The older boys of the former midget teams could be grouped into four classy juvenile teams, that would give them the needed experience for junior hockey next winter. If this could be arranged, at the end of the season an all-star team could be picked to enter in the O.H.A. Juvenile playdowns. This is only a suggestion, but if anyone is interested this column would be pleased to give it the necessary publicity.

Then the younger boys of the town could be grouped for another real N.H.L. midget league, the winners to play-off for the Ontario Midget N.H.L. Championship.

The Copper Cliff Athletic Commission have decided to pay the expenses of the winning midget team of Southern Ontario to play their winning team for the Ontario championship in Copper Cliff. Of course this does not necessarily mean a team from Georgetown—but we could have a team in the running, as the trip would be well worth trying for.

Our own Bob Goldham, attending Northern Vocational School in Toronto, after having a very successful first year at college football, is now embarking on what may prove a successful hockey season. Bob is getting in lots of practice at Maple Leaf Gardens, and although he finds the larger ice surface somewhat of a handicap, will no doubt give a good account of himself. Goldham, while still a midget, played midget, juvenile, junior and intermediate hockey all in the same year for Georgetown. He has a promising career at the national sport.

CANADIAN CHAMPIONSHIP BOUT ON LIONS CLUB BOXING SHOW

Sport fans of Georgetown and district are fortunate to have a Canadian Lightweight Championship fight take place here. The title bout in which Steve Curley defends his crown against Russell Oliver, shifty coloured sensation, is a meeting which certain Ontario promoters have had designs on for the past few months.

As for the Canadian championship main bout on the Lions Club Boxing Show were not a "super-colossal" attraction in itself, the entire card is filled with scraps which are sure to be real crowd-pleasers.

The semi-final is also a championship event, with Otello Mattussi of Guelph defending his Ontario middle-weight title against Frank Ferris of Sudbury, who is reputed to be a desperate slugger who throws caution to the winds.

There'll be local interest aplenty to command the attention of Georgetownians. In the curtain-raiser, Jimmy Sargent will toss leather at Ted Carroll of Guelph Y.M.C.A.

Barney Brill may think he's got a "bargain" in the person of "Sonny" Stockford; but if Acrobatic Elmer makes use of all the pep and speed he has displayed in local hockey wars, anything can happen.

Inter-town rivalry is bound to flare up when Jack Emshead tangles with Garth Gowtan of Brampton. Gowtan comes highly rated by his home town cronies.

To add another dollar's worth of entertainment to an already superlative program, Lion H. C. "Spider" McClure will do battle to his brother Lion Dick "One Punch" Licata in an affair that will have the town talking for months.

GLEN WILLIAMS

In honour of their 25th wedding anniversary, Mr. and Mrs. William Bennett (nee Hewitt) entertained a large number of relatives and friends to a chicken supper on October 29th. The dining table was arranged with white mums. The bridesmaid of 25 years ago, Mrs. Walter Pirth of Peterboro, and the best man, Mr. Allan Darby of Brantford, were amongst the guests. Mr. and Mrs. Bennett were the recipients of many beautiful gifts, including a lovely silver tea service from Mrs. Bennett's mother, Mrs. Hewitt of Peterboro, who was also present at the celebration.

On Thursday evening in the town hall a community shower was held for a popular young couple, Mr. and Mrs. Tom Norton, who were recently married. There was a very large crowd present and the couple received

DON'T OVERCOOK FISH

Our Canadian Fish have the Finest Flavour Says Government Expert

Miss Hazel J. Freeman, Dominion Government Cookery expert says: "The clear, cold waters of our northern lakes and rivers, the salty tang of our two great oceans make Canadian fish exceptionally fine in flavour."

"The secret in cooking fish," says Miss Freeman, "lies in having the heat—whether electric, gas, kerosene or coal stove—hot enough to broil or bake them quickly, and above all not too long. Of course, the timing is up to the cook, and it is this very timing that marks the difference between having fish that is cooked to perfection, or stewed until it has lost its heart and soul and that indescribable something that makes the family welcome fish with gusto. So keep an eye on the fish, when the flesh is firm and tender, when the connective tissue holding the fibres together is gelatinous, that's the time to stop. Fish should be cooked until the albuminous substance is "set" and no more. This is the protein constituent of the fish, and when it takes on a cream colour, the albumen is set and the fish is done. Each flake of the fish may be pulled apart in loose folds, but of its own flavoured juices. Fat fillets one inch or less in thickness takes 10 minutes in a hot oven (500 degrees F.) whether the fish weighs one pound or five."
