OBITUARY

MRS. WM. MCGREGOR
On Sunday, November 20th, 1938, Mrs. Wm. McGregor passed peacefully away at her daughter, Mrs. (Rev.) H. F. Deller at Oxford, N.Y. The deceased, whose maiden name was Catherine Jane Reid, was in her 88th year, and was born at Reabro, the daughter of the late David and Mrs. Reid. On August 1st, 1878 she married Wm. McGregor, and after living a short time in Toronto and Brampton, came to reside on their farm near Glen Williams, from which they retired about twelve years ago to live in St. George. Since the death of Mr. McGregor in June of this year deceased has made her home with Mrs. Deller, from whose home the funeral services were conducted by Rev. Mr. Connell. Cremation took place at Waterville, N.Y.; ashes will be brought to the family plot at Glen Williams at a later date. Mrs. McGregor was a life-long member of the Methodist and later the United Church. Surviving are three daughters, Mrs. Thos. Rogerson, Streetsville; Mrs. C. Edgill Ruddell, Toronto, and Mrs. (Rev.) H. F. Deller of Oxford, N.Y., and one son, Norman, of Brantford and fifteen grandchildren. Two sisters, Mrs. (Dr.) Nugent and Miss Sophia Reid, also survive.

ASHGROVE

Mr. Gilroy, Manager of the Bank of Nova Scotia, Milton, had charge of the morning service in the United Church last Sunday, on account of the illness of the pastor, Rev. J. O. Totton. Three lovely bales of good second-hand clothing, books, Sunday school papers and magazines were packed on Monday afternoon to be forwarded at once to some of our western needy folk. We thank all those who so kindly contributed so generously. The Sunday school are holding a crokinole social on Monday evening, Dec. 5th. Everyone invited. The White Gift Service will be held on Sunday morning, Dec. 11th. Ashgrove school concert will be held on Monday evening, Dec. 19th.

GOVERNMENT CONSIDERS DIFFICULT PROBLEM

(Continued from Page One)

three weeks' visit to the Dominion. The prime minister has stated definitely, however, that there will be no passage of legislation without members having full opportunity of discussion. If the work is not done when Their Majesties arrive, the session will be adjourned until after their departure. It promises in any event to be a lively and interesting session, with the troubled conditions of the world forming a background to the deliberations of the parliamentarians. Defence, so prominent in the consciousness of the peoples of all nations these days, is the matter which has recently signed at Washington will unquestionably be the subjects of prolonged and earnest discussion.

The Commission on Dominion-Provincial Relations which has come to be called the Rowell Commission and which has been carrying on its investigations so thoroughly and conscientiously will shortly present its report to the government. The exact time when the report will be finished is not known, but the commission is now listening to final briefs and representations from some of the provinces. Unfortunately the chairman of the commission, Justice W. B. Rowell has been forced through ill health to resign his position on the commission as well as his post as Chief Justice of Ontario. In announcing Judge Rowell's resignation Prime Minister King paid tribute to his intellectual attainments, his sterling character and the excellent work he has done in the service of his country. He expressed the hope that relieved now of his public duties he will rapidly regain his health.

Mr. Dymally, premier of New Brunswick, speaking before the Royal Commission has discussed the findings of his Province to Canada and the Empire has been misrepresented in certain quarters. "Anyone who suggests that New Brunswick wishes to withdraw from confederation," he said, "is lacking in appreciation of the spirit and aspirations of our people and the excellent work he has done in the service of his country. He expressed the hope that relieved now of his public duties he will rapidly regain his health."

Mr. Dymally, premier of New Brunswick, speaking before the Royal Commission has discussed the findings of his Province to Canada and the Empire has been misrepresented in certain quarters. "Anyone who suggests that New Brunswick wishes to withdraw from confederation," he said, "is lacking in appreciation of the spirit and aspirations of our people and the excellent work he has done in the service of his country. He expressed the hope that relieved now of his public duties he will rapidly regain his health."

When parliament meets a new leader will occupy the centre of the front row of Conservative benches. This will be Dr. Manion, who won the recent bye-election at London, Ontario, and is ill informed regarding our original presentation to this commission. New Brunswick is seeking only to shape a course that will make this confederation great and cause it to realize the expectations of its founders. In presenting our case, Mr. Dymally said, "we have been prompted by a desire to promote national unity."

After the commission's report is received by the government copies will be fully studied, not only by the federal but by provincial governments as well, and later on a conference will be called to discuss its findings and recommendations. This conference will decide on whatever action is to be taken on the report.

CLARE WALKER REPRESENTS GEORGETOWN

At O.H.A. Annual Meeting in Toronto Last Saturday

Georgetown Hockey Club was represented at the annual Ontario Hockey Association meeting, held at the Royal York Hotel, Toronto, Saturday last, by Mr. Clare Walker, Treasurer of the Club. He reports a very interesting meeting with 130 delegates in attendance. Following the meeting and banquet at the Royal York, the gathering proceeded to the King Edward Hotel where a meeting of the Ontario Juvenile Hockey Association was in progress. In the evening the delegates were guests at the Detroit-Maple Leaf hockey match at Maple Leaf Gardens.

INTERMEDIATE TEAM FOR GEORGETOWN THIS YEAR

The Georgetown Hockey Club will sponsor an Intermediate team in town this year, but do not feel that a junior squad could be organized to play O.H.A. hockey. All players wishing to play intermediate hockey should get in touch with President Thompson at once, so that their name can come before the executive. The O. H. A. grouping will not be out for a week or so, and until then Georgetown do not know who will be their rivals this year. Bolton and Brampton have entered a team, while Acton are dropping back to 'B' rating. Pergus also want to enter in a group here. It appears that Guelph is not wanted in this group, but that will be up to the O.H.A. to decide.

The Hockey Club will have a hard row to hoe, financially, this season, as in the past, their is a very low bank rate. However, we haven't much idea on this at present. Dr. J. E. Jackson is convener for the Lions Club.

WHAT ABOUT MIDGETS?

Are we going to let midget hockey drop this year in Georgetown, or are we going to get in the fight for the Ontario N.H.L. Championship. It is a free trip to the North for the southern winners. Surely we can get a couple of teams at least, for need to defend the Moroz Trophy and keep it in Georgetown if possible.

WHAT ABOUT PLANS FOR 1939 CROP

Before the last furrow has been turned for 1938, farmers must start making plans for the 1939 season. What acreages of the various grain crops shall be sown? Shall potatoes be planted next year, and, if so, shall the acreage be increased or decreased? Shall there be one sow or two for spring farrowing and how many baby chicks will have to be bought in the spring? These plans cannot be made haphazardly. If livestock numbers are to be increased, then the feed supply must be increased as well. Plans must be made so that work on the farm will not pile up too heavily at any one season. Perhaps the most important consideration will be, how can a sufficient income to cover farm expenses be made and leave something over for living costs? No one can know in advance what sort of luck there will be with lambs, so plans must be made on average conditions. The other factor in probable income will be the prices of things the farmer has to sell.

Prices are almost as difficult to forecast as yields per acre, but there are some important factors which govern prices that can be known in advance. It is known that if potato acreage is high the yield per acre is average, there will be a large crop and prices will be low, unless some special circumstances develop. What are the chances for such development? This may depend on conditions in South America as well as in Canada. The same thing is true of other products. Wheat prices are low today because of heavy supplies and a low export demand. What is the future outlook?

In an attempt to bring together those factors which will affect the supply and demand in farm products during 1939, the Dominion Department of Agriculture, and the Department of Trade and Commerce working in co-operation are preparing their sixth annual "Agricultural Situation and Outlook." In this publication each of the major farm commodities from honey to wheat are dealt with individually and all the available facts are appraised in an attempt to put a farmer in a better position to judge what 1939 may hold in store.

The "Agricultural Situation and Outlook" will be available for free distribution early in the new year, through the Publicity and Extension Division, Dominion Department of Agriculture, Ottawa.

The Kitchener Record is responsible for the sage remark that "Most automobile accidents happen to people in an awful hurry to get nowhere." The trouble is that when the accident happens they get somewhere—so the hospital, the police court and sometimes so the cemetery.

ACTON

Friends are pleased to learn that Mr. Tom Nichol, who has been critically ill in the General Hospital in Guelph is now improving. All hope he may soon be fully recovered and able to return home.

Mr. and Mrs. G. O. McLean, of Matheson, visited Mr. Geo. T. Wilson, Nassagaweya, during the week end. Mr. McLean was with Mr. Erwin Wilson on the camping trip that ended when two of the party were drowned. Although the search for the body of Erwin Wilson has never been let up, there has been no success in locating the body of the young man who has been missing since October 31st.

Driving a car without obtaining an operator's permit cost an Acton young man 10 and costs in Police Court next week. A. R. Moffat, of New Dundee, was remanded for trial in custody on a charge of stealing bonds, in Acton court this week. He was taken to Milton and will come up for sentence next week.

Chief McPherson is determined to collect all poll tax due the municipality and has commenced laying charges in Police Court against defaulters. This method is more costly to the defaulter.

Robert Kerr and Son, Acton, were winners in many classes at the Royal Winter Fair during the week. They won the award for the Grand Champion Hackney Horse, and other prizes for this breed.—Free Press.

MILTON

Sight of a bear, met on the road, caused one of his team of horses to die of fright, Robert Wedge claims. He says he was drawing some wood from the countryside near the sixth line, Nassagaweya township, when his team became panic-stricken. Wedge says he then noticed a large bear on the road. After bringing his team under control, he drove home and put them in the stable. One of his horses died the next morning, and he attributes the death to the fright the horse got the day before.

Chester McDowell is having a fine new bungalow built on the second line, Esquew township, one mile north-west of Milton.

Wm. Whitaker and Sons, of Oakville, well-known auto dealers, have opened a show room in Milton, in

McCall's new garage, on Main St. Dr. Marshall M. Gowland, second son of the late Dr. M. E. Gowland and Mrs. Gowland of Milton, is now in London, England, to do post graduate work in medicine and will be there for over a year.—Champion.

A BUYING GUIDE...

Before you order dinner at a restaurant you consult the bill-of-fare. Before you take a long trip by motor car you pore over road maps. Before you start out on a shopping trip you should consult the advertisements in this paper.

The advertising columns are a buying guide to you in the purchase of everything you need—including amusements! A guide that saves your time and conserves your energy; that saves useless stops and guards against false ones; that puts the s-t-r-e-t-c-h in family budgets.

The advertisements in this paper are so interesting it is difficult to see how any one could overlook them... fail to profit by them. Just check with yourself and be sure that you are reading the advertisements regularly—the big ones and the little ones. It is time well spent... always.

Your Local Paper Is Your Buying Guide

Avoid time-wasting money-wasting detours on the road to merchandising value. Read the advertising "road maps."
