LOCAL NEWS

—Knox garden party, July 28th.
—We have been having some cool weather of late.
—Now is the time to destroy the weeds.

—Firesmen's Convention at Wilby, Aug. 4 - 5 - 6 - 7.
—The next public holiday, Monday, August 7th - Civic Holiday.

—The Herald started on its 73rd year of publication the beginning of this month.

—Mr. Wm. Budmark of Acton is now the capable mechanic at O'Neill's Garage, Georgetown.

—If you want to "pull" business to your place of business—try an advertisement in the Herald.

—Whatever the cookery experts say, we insist that hash isn't made — it accumulates.

—Help the band in their drive for funds would be a good slogan to keep in mind.

—Baseball game at the park, Thursday (to-morrow) night, 7 p.m. Oakville vs. Georgetown. Dues 75c.

—It is believed there are about 118,000 Indians in Canada. Not enough to give the country back to.

—Knox Church garden party at the home of Mrs. Wm. A. McClure on Friday, July 28th. Keep this date in mind.

—We appreciate the news items sent into this office by interested citizens. With everyone's help, Georgetown will have a new weekly.

—The Corporation of Georgetown are offering a number of fine houses for sale to the highest bidder, in order to clean up the affairs of the Housing Commission.

—The much talked of Royal motor car which Their Majesties used in their recent tour of Canada was on display for about three hours at Spaight's Garage on Saturday afternoon.

—Rev. M. C. Gandler, one time of Ebenezer Church, Nassagaweya, and latterly of Glenmorris, has accepted the charge of Malton, in Toronto Conference.

—Two tramps had been to church and were discussing the service afterwards. "Yeah," said the first, "and at the number of the hymn, you woke up and bawled bingo!"

—The talent on the Presbyterian Church garden party program will be entirely different to that on any program put on by Russ Creighton and company in this district.

—A clearing auction sale of household furniture will be held at the home of Mr. Roy Zimmerman, Church St. on Saturday, July 29th. Particulars later.—Frank Petch, Auctioneer.

—There are those who contend that there was more drinking in 1878 than there is today. We suggest as a compromise upon which all could agree, that there was too much drinking both then and now.

—Despite early fears, Canada's greatest crop, the tourist business seems to be shaping up well. The Royal visit fortunately more than offset the counter attraction of the two world fairs in the United States.

—Hon. George S. Henry, one-time premier of the province and dean of the legislature, celebrated his 78th birthday on Sunday. He is still busy about his farms devoting his time to supervising the care of his cattle.

—Joseph Dixon, Brampton, suffered minor injuries when he was knocked from his bicycle by an auto on the highway near Norval. He was able to return to his home after assistance by Dr. W. H. Brydon. Traffic Officer Bert Howell investigated the accident.

—The fire brigade were given a call early Monday morning, when a blaze was discovered at the wooden mills, operated by Whiteley-Porritt & Co. The firemen responded quickly and had the fire under control before much damage was done.

—More than \$500,000 will be spent in construction work at Camp Borden this summer, including \$100,000 for an R.C.A.F. technical training school building and \$400,000 for a two-storey building to house the married men's quarters.

—Plans are well under way for the Lions' big celebration over the Civic Holiday week end. On Saturday, Aug. 5th, following the garden party a dance will be held, and on Monday, Aug. 7th, following the band tattoo, another big dance will be held.

—The old town bell on the hall came in handy on Monday in order to give the alarm of the fire at the wooden mills. The bell was blown down by a recent wind storm, had not yet been erected, when the necessity to use it arrived.

—Knox Presbyterian Church Sunday School held a very successful picnic to Bronter's Beach on Saturday afternoon. Although the weather was rather cool for bathing, sports of all kinds helped to make for a very pleasant afternoon, followed by the usual picnic lunch.

—The annual picnic of Halton Rural Young People's Association, was held at Huttonville Park last Thursday afternoon. The afternoon was spent in games with Norval girls defeating Acton girls 11 - 3 in softball, and Milton boys trimmed Norval 10 - 0. A dance was held in the evening.

—The Local Council of Women have further done themselves proud by installing a slide for the children at the wading pool. This will no doubt be appreciated by the youngsters who use the pool, which is capably supervised by the Local Council in the interests of safety for the children.

—There used to be two newspapers in Walkerton, a pro-dog and an anti-dog, and every week all kinds of help to make for a whether gardens or dogs should have, so to speak, the right of way. Curiosity as to the doctrine of the amalgamated papers is now assuaged. The Walkerton Herald-Times, complaining that "Local Lady Bashes People in Public," goes on to declare that "ever since the prodigal son berthed with the swine, many think there's been too much familiarity with quadrupeds." It is understood that even the almanacs in the Herald-Times office are never allowed to become dog-eared.—Toronto Star.

—At the home of Mr. and Mrs. William Reeve a very enjoyable evening was spent when about twenty neighbours and friends tendered a sick shower to baby "Arizona Anne."

—The evening was spent in games, singing, etc. after which a dainty buffet luncheon was served. Arizona Anne was the recipient of many useful and beautiful gifts.

—The Juvenile Baseball team is now tied with Acton for second place in the Halton County Juvenile League. Milton being group leaders. In Acton last week the team won 9 - 7, while at the park here on Tuesday night, Milton won 4 - 2 in a good game. We wish the boys the best of luck in the play-offs, which will commence shortly.

—Canadians realize the value of reciprocal foreign markets because the response to the overtures of those nations which have taken advantage of the facilities for trade offered by the Canadian National Exhibition has been most encouraging. This year's exhibits will enjoy more commodious quarters in the new International Pavilion.

—Miss Betty White of Milton was the recipient of a beautiful dresser set at a party given in her honor at the home of Mrs. Thomas Dear on Saturday. Miss White is to take up training at the Ontario Hospital at Mimico. Organisations of which she is a member, the Grace Anglican Church Choir and the Bible Class of the same church, presented her with a hymn book and a table lamp.

—Miss Teresa F. Hunt, music teacher at the Acton public school for the past five years, has resigned to go to Windsor. This is the fourth vacancy on the teaching staff this summer. Miss Hunt also taught primary class. The other vacancies were filled when a new principal and two teachers were engaged last September to begin their duties in September.

—Sixteen children of the Independent Order of Foresters' home in Oakville spent four days last week end at the World's Fair in New York. The children were accompanied by Mr. and Mrs. F. E. Hand. Mr. Hand is superintendent of the I.O.F. After their stay at the World's Fair the children were taken to Coney Island, Boston and Portland. The return trip was made by way of Montreal and Belleville.

—The playing of massed bands was not always just a matter of rehearsal. Early in the nineteenth century at a great Royal review it was decided to have many massed regimental bands play "God Save the King". The breath-taking moment arrived, the conductor raised his baton, and what a terrific dissonant blaring was there as one band thought that the several bands' instruments were of different pitch! In these days of standard military pitch such a mix-up would be impossible, in fact one of the greatest treats a band lover enjoys is the performance of dozens of massed bands such as that at the Canadian National Exhibition.

—Much is being said about the excellent crop prospects in all parts of Canada this year. This district is no exception and farmers are happy about it. Most of the hay has been cut. Fall wheat has coloured, and is being out, and gives promise of being an excellent crop. Unless something unexpected happens between now and the end of the harvest, farmers in this district will have well-filled barns and granaries this year. Prices may not be as high as one would wish, but it is always a matter of satisfaction to have plenty of grain and hay on the farm. If the farmer has plenty of feed there is always the chance that he will be able to make a profitable turnover in stock, even if grain and potato prices happen to be low.

—The Weed Situation. On the whole local residents are trying to keep the noxious weeds in control. They are being cut as often as necessary to keep the seed pods from ripening, and every effort is being made to prevent the spread of them. A little care before the seeds ripen, will assist in materially lessening the future weed crop.

—CARELESS PICKNICKERS. Advised to Leave Properly Clean When Leaving. With the closing of school, the holiday season has opened in earnest. From now on picnic parties will be a favorite pastime with many of the residents of cities and smaller towns. Favorite picknicking spots will be crowded for the next two months, and as usual there will be many complaints heard of the old, dirty paper, empty tin cans, broken bottles and banana and orange peelings left lying around. These testify to the filthy habits of picknickers who are so inconsiderate as to mar these favorite beauty spots. Many of the picknickers trespass on private property as though they owned the place and make themselves generally a nuisance. Owners of cottages or picnic grounds cannot be blamed for objecting when all sorts of litter are left behind for someone else to clean up, and folks who do that sort of thing, have no one to blame but themselves if they are deprived of a place to spend a pleasant hour or two. If rural dwellers were to go into the city and stage a picnic on a privately owned property a great howl would be raised and they would probably be faced with court action for trespassing. City dwellers should keep this in mind when they are spending a holiday in the country, and observe the golden rule, "Do unto others as ye would that they do unto you."

—"Why did you send that poor fellow back for your cold cream? He'll never find it." "She 'T' only wanted to get the cheap off my hands."

MILK DESTROYS ONION BREATH
One must be sure the breath is never offensive. A bad breath is really unparadise in anyone. And when it is caused by food, we owe it to ourselves to suppress the use of those foods. If we must have them, let it be when we are home and away from others.
After eating any foods that may cause the breath to have an odour, drink plenty of water. Let the distasteful of foods and liquids for a day or so. Common parsley eaten now-tive.
with lemon juice as dressing, will sometimes sweeten the breath. Licorice or licorice gums is effective.
Milk of magnesia is very good as a mouth wash and there are a number of well-known preparations that use splendid.
Always drink a glass of milk after eating onions. It usually destroys the odour. A raw apple will also purify the breath. Thorough cleansing of the mouth several times a day is also effective.
