FAULTS

All men have their frailties, and whoever looks for a friend without imperfection will never find what he seeks. We love ourselves notwithstanding our faults, and we ought to love our friends in like manner.—Cyrus

Simple Stuff

(By Edward Woodson)
OUR YOUNG FOLK

What are we doing for the young folk? That seems the popular battle-cry today for political and social organizations that want to keep in the limelight. Meanwhile our young folk have a fairly clean-cut notion of their own about grown-ups. They don't talk about it but it's there right enough and deep enough. It will not be blown away by the wind of rhetoric at any rate.

Youngsters don't say—"Hear, hear!"—at public meetings when platitudes are uttered on platforms in staid, solemn tones. They have a little glass attitude. "Oh, yeah! See you," that is far more eloquent because it is true. Most grown-up "Hear, hear!" are humbug.

I like to recall a picture I saw some years ago. A gentle silver-haired man in a richly carpeted library, where books filled every inch of wall space not occupied by door, window, and wide hospitable fireplace.

He was a famous alienist—authority on mental disorders—his name well known to Europe. This quiet room in an asylum of the Motherland seemed a perfect reflex of the great man's art and science—the art and science of living and thinking serenely and wisely. In his company you felt the presence of a man who could search deeply the brain and its functions—and the heart of man too.

It was a thrill to hear him talk so quietly and simply. Even a humble outsider who didn't know a sonnet from a psychic function could understand what he said with such sympathy and wisdom.

And when we went in he was playing with a kitten. Playing with a little bundle of grey and brown fluff that skipped and sprang nither and thither across the crimson carpet before the fire. The doctor was dangling before the kitten a tuft of rabbit fur attached to a long black thread. The kitten's antics were delightful. Kitty did nothing that was expected. When we thought she'd leap she rolled.

When we expected a spring to follow a stealthy creep toward the moving hand took charge and entered spring right away into a far-off corner—dark and lonesome. It was an exhibition of youth's untrammelled fancy. The doctor told us later that unexpected reflexes in that kitten were like the pretty fancies and energetic activities of childhood and youth. That we had no more right to expect measured and calculable conduct in youth than we had to try and put an old cat's craftiness into that little kitten's head. Simple stuff!

ASHGROVE

The joint picnic of the W.M.S. Mission and Baby Bands was held at the home of Mrs. C. B. Dick. During the first part of the afternoon the Cook Charge Band and entertained all with a splendid program. Miss Frances Wrigglesworth was in the chair, and the program consisted of piano solo, Miss Joy Ruddell; duet, Misses Marion Dick and Isabel Wrigglesworth; Miss Marion Dick gave an interesting talk on the G.G.I.T. Camp to which three of the girls had the privilege of attending at the beginning of July. Miss Marion Miller read an inspiring paper on "True Christian Living." Mrs. C. B. Dick closed this part of the program with prayer. The remainder of the afternoon was spent in games and contests on the lawn under the leadership of Mrs. Cecil Wilson. Lunch brought the delightful afternoon to a close.

On August 22nd the regular meeting of the Women's Institute was held on the lawn at the home of Mrs. A. J. Ruddell. Ladies were present from Georgetown and Stewarttown branches. The main feature of the afternoon was a demonstration on the making of slip covers and drapes by Mrs. W. P. Plevman, of the Singer Sewing Machine Co. This was preceded by a short program consisting of an educational reading on the "Starling" by Mrs. Baily of Stewarttown. Miss Doris Armstrong of Georgetown favored with a piano solo. Mrs. C. B. Dick and Mrs. Hector Bird sang a duet. The committee in charge assisted by the hostess served a dainty lunch which brought the afternoon to a close.

On August 22nd the regular meeting of the Women's Institute was held on the lawn at the home of Mrs. Hector Bird. After the opening exercises, and regular business was dispensed with, our president, Mrs. Ingley, asked Miss Zeta Graham to take charge for the girls. Miss Marion Miller gave a very thorough and interesting conference to which she was a delegate in May. A demonstration on the making of carpet slippers was efficiently carried out by Miss Reta Fisher. Two musical numbers, one a solo by Miss Frances Wrigglesworth, the other a piano duet by Mrs. Frank Wilson and Miss Joy Ruddell were much enjoyed. Miss Lulu Graham gave a glimpse of life in the North when she gave a description and showed us snaps of Kapuskasing, the paper mill company town, in which she is a member of the hospital nursing staff.

Rev. and Mrs. Tolten have returned after holidaying at Stouffville. Mr. Earl Wilson, we are sorry to report, is still in Galt Hospital. Last reports are that there has not been much change in his condition during the past week. All hope he may soon be restored to health again.

ERIN

Mrs. P. Talbot of Acton spent a few days last week with Mr. and Mrs. G. A. Hamilton.

Mr. and Mrs. G. A. Kennedy of Hornby were guests of Mr. and Mrs. R. McNery on Sunday.

Miss Ruth Thomas of Hamilton will be home on an extended leave to holiday with her parents, Rev. G. H. and Mrs. Thomas.

Mrs. Walter Crosby, who has been visiting at the home of her son in Toronto for the past two months, returned home on Saturday, and we are pleased to report her health is some what improved.

Dr. Gear and his son H. A. Gear will again compete in the finals of the Provincial Lawn Bowling Association to be held in Toronto on Labor Day.

Mr. James Wheeler, 78-year-old resident of Erin, was knocked down by a car driven by Mac Ferguson and suffered a compound fracture of the left leg when he stepped out to cross Main Street, about eleven o'clock last Saturday night. He was attended by a local physician and later removed to Guelph General Hospital.—Advocate.

THE WEED OF THE WEEK

COMMON ST. JOHN'S WORT

The common St. John's Wort is a persistent perennial weed which is rapidly becoming established throughout Ontario on roadsides, old meadows and pastures, states John D. MacLeod, weed expert, Ontario Dept. of Agriculture, Toronto.

The weed is propagated by means of seed and slender, creeping, underground rootstalks. The stems are clustered, with wood at the base, and one to two feet high; leaves, without stems are opposite; flowers, yellow in loose clusters, the petals having black dots on the margin.

No difficulty is experienced with St. John's Wort on land which is thoroughly cultivated and which is kept under a short rotation of crops. Break any badly infested pasture fields and cultivate thoroughly. Do not resort to any crop until this weed has been eradicated, advises Mr. MacLeod.

Prevent seed production by spudding scattered plants or mowing or spraying. Experience has proven that this weed will spread rapidly and smother out all other vegetation. Insist on having adjoining property and roadsides cleaned up. Spraying with chemicals has proved effective. Weed inspectors will give information on the proper use of chemicals.

SMITH-PRESTON WEDDING AT GUELPH

A quiet wedding was solemnized at St. James' Church, Guelph, on Sunday, August 20th, by Rev. F. H. Wase, when Ruth Esther, only daughter of Mr. and Mrs. Wilfred Preston of Georgetown, became the bride of Mr. Harold William Clark Smith, of Sudbury.

The bride was given in marriage by her father, and the attendants were Mr. and Mrs. W. E. Preston, brother and sister-in-law of the bride. Only a few immediate relatives were present at the ceremony.

After a short honeymoon in Barrie and Wasaga Beach the happy couple will reside in Georgetown.

Hon. Norman O. Hipel, minister of labor announced last week, that a school for the training of air mechanics has been located in Galt, and classes will be held for the training of 600 students, the first of which will open about the first of September. The building in Galt was selected after a careful survey of the whole province.
