—The personal message from the King appearing on the front of each Bible issued to Britain's military and civil defence forces deserves widespread notice. It reads as follows: "To all serving in my forces by sea or land or air, and indeed to all my people engaged in the defense of the realm, I recommend the reading of this book. For centuries the Bible has been a wholesome and strengthening influence in our national life and it behoves us in these momentous days to turn with renewed faith to the divine source of comfort and inspiration." As a text-book for soldiers on active service and a source of comfort and consolation to them and to all at this time of the Bible, we think will compare not unfavorably with Mein Kampf! 11
