—Abraham Lincoln said a lot of wise things, including the following: "I like to see a man proud of the place in which he lives. I like to see a man live so that his place will be proud of him. Be honest, but hate no one; overturn a man's wrong doing but do not overturn him unless it must be done in overturning the wrong. Stand with anybody who stands right, stand with him while he is right, but part with him when he is wrong."
