When evening shades are falling  
 And we sit in quiet alone,  
 To our hearts there comes a longing  
 If he only could come home.  
 Friends may think we have forgotten  
 When at times they see us smile,  
 But they little know the heartache  
 Our smiles hide all the while.

### ACTON RURAL HOCKEY LEAGUE

Thursday, February 15th — 1st game — Georgetown Pirates and Milton Bruins, two of the five teams that are battling for a play-off position, hooked up in a rough hard fought game with Milton coming out on top by a 2-1 score. The first period opened with Georgetown forcing the play and missing numerous chances to score either by poor marksmanship or great work in goal by Schizzi. Milton got the only goal of the first period when they broke away from a Pirate attack and went right in on Collier to flash the red light. Georgetown still carried the play, but could not find the Milton net and in the middle of the second period Transom strayed up right wing and burned a shot through the hands of Collier to put the Bruins two goals up. Georgetown finally found the range in the third period and on a scramble in front of the Milton goal Harris snipped the puck home to make the score 2-1 in Milton. Georgetown battled hard but could not get the equalizer. Chapman hit in close several times, but could not get the puck past Schizzi. For the Pirates, Chapin played improved hockey and Harris worked hard. Schizzi was a standout in the Milton nets and Transom the pick of the forwards. The Bruins were kept quiet through Huttonville to the tune of a 6-0 score. The game with two goals led the Norval team and along with Hore Louth at Watsonville. The Bruins led the 3rd game. — Acton defeated Hornby in an exciting fast game by a 3-2 score. Acton having to come from behind on two occasions.

Monday, Feb. 19th, 1st game — Huttonville led the first Acton team 3-2 and played hard all the way, but having no chance of making a play-off position. Varney of Acton led the goal getting team with two goals. 2nd game — Milton continued to fight hard trying to make a play-off position and tied the Hornby team by a 2-2 score. Schizzi in the Milton goal played another remarkable game and with out a doubt saved Milton from taking a defeat at home on Feb. 20th. The Georgetown Pirates at full strength for the first time this winter easily defeated Rockwood 3-1 thereby making one of a play-off position.

The first period had just been underway a few minutes when Davies shot from in front of the Rockwood defence and a red light and the Georgetown lead. The ice was becoming very sticky and the puck was very hard to control. At the seven minute mark of the second period, the Pirates made it 2-0. Lorusso burning at home on the Rockwood net in face off to the side of the Milton net. In the final period Rockwood pressed hard and at last managed to score. Bardon flashing the red light from about six feet out. A few minutes later Harris scored from close in to make the final count 3-1 for the Pirates.

**GEORGE C. ATKINS**  
 Candidate in Halton for the National Government Party.

### TO THE WOMEN OF HALTON—

You are deeply concerned about the welfare of your men and boys who are on service or who may go. Every candidate in this election knows what war may mean to mothers, wives and to the fine young women who are looking forward to happy homes. Any deception which plays upon your fears and anxieties is despicable, beneath the conduct of one fit to serve in parliament.

Each deception has been used. By insinuation in public, and whispering in private, efforts are being made to make you believe that your men will be conscripted for service overseas if National Government candidates are elected. No cruder hoax has ever been tried, nothing more contemptible has ever been attempted, in Canadian public life. Canada declared war because the most vicious despots in human history attacked the civilized world. Wherever they are in control of other people, life is hideous. They ruthlessly exterminate millions by barbarous cruelty. No religion, freedom, decency or virtue restrains their barbarity. The world has horrible, undeniable proof that the lowest bestiality marks the rule of these maniacs. Now it is our inescapable duty to devote our resources and energy to victory. Canada faces the aggressors in faith and unity. The British and French traditions of freedom and justice are cherished by every good Canadian. When the government questioned the loyalty of any group it insulted the patriotism of all. The doubts of our loyalty which hampered the government, were the product of political narrowness, without foundation in fact.

From the outset of the war, the willingness of all races and creeds to serve the common cause has shamed the government for its little faith. Because of the lack of Canadian contributions, the government had not prepared to house, clothe or equip the few soldiers who were accepted. It was obliged to reject the many who offered their services.

Why will Canada not have conscription? Because the Canadian elect a government inspired by the selfish interests of Canada will not need conscription. The widespread of Canadian conscription is a sure way to serve, has and will maintain the ability of a national party government to use their services. Worse than all else Canada has helped aggressor nations murder millions by supplying them with materials for war. The most disgraceful exploitation of human life and misery occurred in the supply of essential materials of war to Japan in the murder of Chinese, to Italy for the murder of Ethiopians, to the guilty everywhere for the massacre of the innocent. Within recent weeks Japan's war industries were revived by the arrival of materials from Canada and other countries.

I have flown over battlefields, where men fought men. It sickens me to know that women and children are suffering horrors as great as soldiers, previously endured. The thought that with every ton of material we sell to aggressor nations, we also sell the lives of innocent children and mothers, is revolting to the soul of every Canadian.

It is true that nations, as civilized as the world has ever known, have sold aggressors the means of murder, but I had hoped that Canada would be great enough and good enough to say that she would not commit this crime against humanity. Wherever and whenever I could I have protested against this national crime. Now I ask your support in making my protest where it will count most, in parliament itself.

The supply of materials of war to aggressors red with guilt has been sanctioned by a deliberate policy of the government of Canada. The government which fosters and permits this trade is to blame, not we, the individuals who engage in it. Every Canadian knows that such a national policy violates every decent conception of human life. A government that cannot govern one of the richest parts of the earth without resorting to war, is not fit to exist. It does not represent the will of decent Canadians. This issue is greater than any political party, government or interest. It is an issue of civilization itself. What member of the government of Canada rose in his place to tell the government that so far as Canada was concerned this traffic with aggressors must stop? None.

Nothing will stop me from protesting, with all the power I possess, against Canada continuing this crime. As often as occasion offers, I shall fight to stop the traffic in war materials with aggressor nations, to end this dealing in human lives. In the defence of freedom I will cooperate with all others to ensure that needs of the men in our forces are fully met. The health of our men must be maintained. They must be

supplied with arms and equipment that will conserve their lives and bring as many as possible back to us. Canada must plan production so that every able Canadian will be employed in useful work. A government must be formed that will organize the willing effort of our people to meet every need. If the issue of conscription is raised by a responsible body, the issue should be referred to the people.

Produce all we can.  
 Give all we can.  
 Serve all we can.  
**Vote for Victory.**  
 Yours for Victory,  
 George C. Atkins
