WILLYS-OVERLAND EXTENDS NEW CAR GUARANTEE TO THREE YEARS

Windsor, Ont.—Joseph W. Frazer, President of Willys-Overland Motors, Inc., has announced that the company will hereafter extend the standard Automobile Manufacturers Association new car guarantee on 1940 Willys cars to 100,000 miles or three years.

In making this sensational statement which marked the end of his first year as President of Willys, Mr. Frazer said: "For the first time in the history of the American automobile industry, a passenger car maker will stand back of its products with a guarantee covering 100,000 miles or three years of driving. It gratifies me that I am able to offer this remarkable guarantee on the lowest priced full-size car in the world.

"Willys is able to make such an unprecedented and long guarantee," Mr. Frazer continued, "because of its remarkable record of stamina as proved in the hands of thousands of satisfied owners. The new 1940 Willys is built for long life. It is of the simplest construction. It is made with the finest quality materials. And it provides a higher factor of safety due to light weight and strong, over-stress units.

"This 100,000 mile guarantee will apply to both Willys passenger cars and commercial cars. The standard guarantee given by other members of the Automobile Manufacturers Association protects the new car purchasers for 4,000 miles or ninety days."

Mr. Frazer also reported that sales since the introduction of the 1940 Willys in Canada and the United States.

HALTON HOLSTEIN BREEDERS AND MILK PRODUCERS STAGE ANNUAL BANQUET

The annual banquet of the Halton Holstein Breeders and Milk Producers Associations which continues to grow in popularity year by year, was no exception on Thursday evening last when in the neighbourhood of 300 thronged the banquet tables at the St. Paul's United Church, Milton.

Following the delicious meal served by the ladies of the church, the entire group adjourned to the Princess Theatre, Milton, where the programme was held. There, under the chairmanship of John Marshall, President of the Milk Producers' Association, an outstanding programme was given. In the opinion of many, it was the best balanced programme held in Milton in many years. Following the introduction of guests by Agricultural Representative J. E. Whitecock, the guest speaker, Dr. Harold Young of Avenue Road St. Paul's United Church, Toronto, was ably introduced by Rev. Gordon Porter of Milton. Dr. Young took as his subject: "If I were a Holstein Breeder," stressing the tendency in modern life of the average individual concentrating so intensely on his business affairs that he overlooked the importance of his family life. Dr. Young's address was particularly well received.

Others who spoke briefly included Hughes Cleaver, M.P., Geo. Clemons, Secretary of the Holstein-Friesian Association of Canada and A. S. Mahon, President of the Halton Holstein Club. The programme also included selections by "The Craftsmen," an outstanding quartette from Hamilton, and readings by Mrs. O. H. MacNaughton, well-known elocutionist of Toronto.

"GULLIVER'S TRAVELS" AT GREGORY THEATRE NEXT TUESDAY AND WEDNESDAY
The first full length feature cartoon since Walt Disney's "Snow White," "Gulliver's Travels" comes to the Gregory Theatre next Tuesday and Wednesday.

Based on Jonathan Swift's immortal story of the English seaman whom a storm carried to the miniature island of Lilliput, the movie is a faithful reproduction of the original story theme. Star of the show is "Gabby," vociferous little town crier, and the other characters, King Little and King Bomb, Princess Glory, Prince David, and Sneak, Snitch and Snoop, the three spies lend worthy support.

Radio fans will be interested to know that the voices of the Prince and Princess belong to Lanny Ross and Jessica Dragonette.

Eight songs in the picture include: "Faithful Forever," "Bluebirds in the Moonlight" and "It's a Hap-Hap-Happy Day."

"Gulliver's Travels" is much more than another great picture with all the trimmings. It's an example of what the Technicolor cartoon of feature length can do to turn a literary classic into a charming, stirring piece of screen entertainment.
