BUCK'S

Be it ever so humble, there's no pride in it. A few dollars spent here and there a day of paint, a bit of repair work will make your home just that much more attractive.

Now that Spring is here, you will be wanting to make some of those repairs you planned last winter. The Herald plant is shortly to submit to a Spring bath, both inside and out, and evidence of Spring cleaning is in the air both downtown and in the residential sections.

If you have home work to do, don't forget that our local contractors are experienced in everything for you and in the local construction work. Having your work done in town benefits the town proper, as well as the individual business man.

So when you're ordering that paint or that building and repair job, remember the local merchant. It pays him and it pays you!
