**CANADIAN TURNIPS**

Prince Edward Island and Ontario are the two provinces of Canada actively engaged in producing turnips for export. Practically the entire export is to the United States. During the 1939-40 shipping season just concluded, the two provinces shipped about 2 1/2 million bushels, or approximately 18 per cent more than in the previous season. Ontario accounted for the bulk of the increase, exports from P.E.I. being only slightly higher.

**APPLE JUICE BOOMING**

Apple juice is rapidly becoming popular in Canada, the pack from the 1939 crop of Canadian grown apples totalling more than one million gallons, as compared with about 60,000 gallons from the 1938 crop. When the war reduced the export of fresh apples, it was necessary to utilize all available means to increase home consumption. The comparatively recent introduction of processing apples for apple juice proved very useful in disposing of a considerable part of the crop.

**MAN WHO NEVER SAW A WOMAN**

**NO ASSESSMENT REVISION IN HALTON COUNTY THIS YEAR**

(Continued from Page 1)

be the responsibility of their fair board and their municipality. Halton fair grounds, situated in Milton, are mortgaged and if the Halton Fair should shut up shop this property would immediately become a charge on the County.

Mr. Wilson, a district director of the Halton Fair Boards Association: I am sorry I cannot support Mr. Robertson's motion. It is the policy of the Association that all fairs should be treated the same way. In their opinion there is no county fair. They advise the fairs carry on much the same as usual. They also advise that surplus receipts be given to some form of war work.

Mr. Cleave, referring to Mr. Robertson's motion said: "We have absolutely no jurisdiction in regard to municipalities—we cannot say that they shall or shall not contribute towards any one fair. That is entirely their own affair."

Mr. Hume suggested that a grant be given to all the fairs but that a reduction be made in each to municipalities. Mr. Hillmer: "I suggest that we make one grant and have one fair—a county fair."

Mr. Robertson: "In that case each municipality would share alike instead of as at present, with some paying and some not. In Acton and Georgetown the county has nothing at stake. In Milton we have."

Mr. Cleave: "I don't see that that is the fairest way at all. I would say give the same to all—they pay their taxes just the same. There isn't such a thing as a county fair — it's Milton fair."

The following amendment was presented, moved by Mr. Cleave, seconded by Mr. May, that the County Council make a grant of \$150.00 each of the three fairs, Milton, Georgetown and Acton. The amendment carried 8 - 5 with Deputy-reeve May, who had seconded the motion, voting in favour of the amendment.

Moved by Mr. Byers, seconded by Mr. Hillmer, that the following accounts be paid:

Finance	\$228.66
Hospitals	382.70
County Buildings	54.33
Printing	78.97
Agriculture and Reforestation	427.40
<b>Total</b>	<b>\$3,272.06</b>

The subject of county assessment revision was again introduced and following a resolution the Reeves of the various municipalities adjourned to discuss the matter. All, that is except Dr. Heslop, Milton, who was absent at the afternoon session. Apparently differences of opinion had been fairly well ironed out as, when council resumed, the following resolution was moved and adopted.

Moved by Mr. Gilbert, seconded by Mr. Kerns, that no change be made in the equalized assessment for the year 1940 and that we approach the Department of Municipal Affairs for information regarding the appointment of a commission, for the purpose of re-evaluating the property in the County of Halton for purposes of equalization for the year 1941, and that such action be taken forthwith.

Carried. Two by-laws were passed. By-law No. 742 to equalize the assessment of the County of Halton for the year 1940. And by-law No. 743 to authorize the execution of an agreement, dated July 16, 1940, between the corporation of the County of Halton and the Corporation of the Town of Georgetown regarding construction of a road connecting Glen Williams and the town. Council adjourned.

"The boys are getting fed up with Sally the salesgirl."  
"Why's that?"  
"Well, whenever they kiss her she says, 'Will that be all?'"

The narrower the mind, the broader the statement.
