SETTINGS FOR PICTURES

Maybe boys shouldn't climb trees but here, the tree makes a nin snapshot setting. Choose good locations for your subjects.

VV a person, there are two "most tmportant" elements in each shotfirst, the subject, and second, the setting or location. Many snapshooters give all their attention to where he works on his ship modthe subject, neglecting the back- els. If Johnny insists on climbing ground and surroundings . . . and | the tree by the back porch-which as a result, the picture is often not

as pleasing as it might have been. a picture. For example, a shot of people in surroundings they like. your small daughter just standing and you'll get natural, true-to-life by the house may be all right; but snapshots. a shot of her by the flower bed, plucking a bouquet for the table, or | youd the subject and study the a picture of her wading in a pretty brook, will generally be much betfor the pictures and at the same time provide attractive surround-

ings for the subject. If you can, imagine a theater movie without scenery-just characters acting their parts on a bare solve such problems. stage! Think how much would be lost. Proper surroundings are es. picture subjects into appropriate sential for fine pictures still or movie and if you take care to se don't interfere - and you'll get lect them, your pictures will be far more effective.

THEN you're taking pictures of | Choose a setting that is familiar and in harmony with the subject's daily activities. Get a shot of Grandpa tending his garden; snap Dad at the basement workbench he shouldn't-at any rate get s snapshot of him there before you The proper setting greatly helps order him down. In brief, picture

Before taking a picture, look be background. Make sure that spots or objects in the background don't ter. Here, the settings give a reason interfere with the subject-for ex: ample, don't let a prominent tree appear to be growing out of the subject's head. Often, a shift of a few inches to right or left will

> Form the habit of putting your settings - see that backgrounds clearer, more interesting pictures. John van Gullder
