IN OUR MAIL BAG

Camp Borden, Aug. 17, 1940.
Editor Georgetown Herald.
Georgetown, Ont.

Dear Sir:
Just a line to thank you for sending me the Herald each week. Believe me it is sure appreciated, not only by myself, but also by the other boys from and around the old home town. There is usually an argument as to who shall have my Herald first, after me of course. Even some of the boys from Acton like to grab it, so that's once Georgetown has it all over Acton.

Hoping you and everyone in and around Georgetown are in the best of health as I am at present, and wishing you every success for your paper. Again thanking you, I beg to remain

Yours sincerely,
Pte. T. S. WARNES, B74771,

Courage

There's the courage that nerves You in starting to climb. The mount of success rising sheer; And when you've slipped back There's the courage sublime That keeps you from shedding a tear. These two kinds of courage. More strength to the word. Are worthy of tribute; but when You'll not reach the summit Unless you've the third. The courage to try it again!

HALTON HOLSTEIN BREEDERS ENTER HERD AT C.N.E.

Halton County will again be represented at the premier Holstein Show of the North American Continent. We understand from President A. S. Mason of the Halton Association, that the following herds have been selected from the following herds:—John Carr, A. T. Woodley and W. F. Dickenson, Milton; J. E. Wilson and Son, Milton; Robinson Bros. and Wilfred Leslie, Georgetown; John Pickett and Son, Thornby; W. B. Somerset, Irwin Shepherd and J. C. Bell of Freeman. Owing to crop conditions the herd will be smaller in number than usual but we understand that Messrs. Robinson, Stark, Woodley and Pickett who selected the animals are optimistic that it will maintain the high standard established in recent years by Halton Holstein herds at the C.N.E.

Propaganda is blamed by Mrs. Agnew for the Japanese action. For instance, in Japan the people are told that the Chinese hold no Japanese prisoners. A Japanese soldier would be killed in action or commit suicide, before surrendering. The fact is there are plenty of Japanese prisoners in China. The mass bombing of China is not breaking the morale of the people, rather it is making them more determined to fight for their homes.

Customs in China are of course much different than here. There the housewife must refine all sugar and salt used. All meats are cured at home, milk is a very scarce article. Large herds of cattle cannot be kept, since there is no pasture land. The war has made condensed milk almost prohibitive in price. Coffee has risen from \$4 to \$25 per pound on account of war conditions. Schools cannot operate in mid-day on account of the danger of bombing. The hours are generally 6 to 10 in the morning and 2 to 4 in the afternoon.

Mrs. Agnew, during the conversation made a rather interesting comment regarding travel in China as compared with Canada. "China," she said, "is missing the railway stage of travel." Travel by air and motor coach is the means used, with only main arteries connected by rail. Coming to Canada, the family came across Canada by motor coach from Vancouver to Toronto. In all that trip across the continent, stopping at innumerable railway crossings, they came to a point between Hamilton and Toronto, before they saw one railway train in motion. Thousands of miles of track had been viewed, with not a train using it. Perhaps

China has been fortunate in missing some things too.

Dr. and Mrs. Agnew will remain for a year on furlough and are taking special courses to fit them for their work in the mission fields.

Mrs. Agnew is the former Mary Caldwell and a sister of Mrs. C. J. Buck, of Georgetown.
