## IN OUR MAIL BAG

**FAY MORE NEED TO OUR COUNTRIES**

One day at the invitation of a friend, I went to have a look at a beautiful little church, and while looking around in quiet admiration of those who had worked so hard to create this beautiful place, I expressed my thoughts that I could not understand why we, the people of the Mother Church of our country, did not attend in greater numbers, and take more of its principles into our daily life. No matter what excuse we make for not attending our churches, it is impossible for us to get away from the fact that the high and noble thoughts of all teachings of the churches of our England, are the foundations and living breath of the past, present and future. For I may think that the will forces that are abroad today, should get those islands, what would they get? By the time they gained them, they would be absolutely barren, caused by their own evil destruction.

It is with thankfulness of heart to know that all the forces of goodness will combine in creation of some thing that will bring all that England stands for into one simple, beautiful thing for all the world to worship.

It is the King's request for another day of prayer, that has prompted me to write these few thoughts, in the hope that if many be of interest to your readers to know that the beautiful little church I speak of is St. Alban's, Glen Williams.

No, I do not attend this church, nor do I live in Glen Williams, but I have heard many visitors speak so well of it.

I personally enjoy the shows and on occasion a good drink of the most strongly condemned beverage and perhaps one or two other so called vices of the world. Yet I do very humbly acknowledge and know that there is a creative and guiding force in our lives that we should all bow down to worship.

It is with great reverence that I enjoy going into churches of all denominations, to view in witness of mind the work of these little people. I regard this as an interesting pleasure for Sunday.

Mr. Miller, it is with many thanks for your paper, "Stations," in printing my short articles that I hope you will find this of interest for your extremely interesting paper.

Yours sincerely,  
INVESTIGATED READER.

An interesting communication was received from the Clerk of Halton County, advising that Georgetown's county rate for 1940 amounted to \$7101.11. This rate was struck by charging 2.5 mills for general purposes and 1 mill for road expenditures on the town's estimated assessment of \$1,512,585.

Towards the close of the meeting, some time was given to a discussion of water tax arrears. This matter has been hanging fire for some time, and opinion is that pressure should be brought to bear on those citizens who have not attended to their

## Band Takes Third Place at Exhibition

Competing in Class A with four other bands, the Lorne Scots took third place at the Canadian National Exhibition last Thursday afternoon. This year the band has lost many members who have entered war service. Proof that this is the case with many other musical organizations is shown by statistics. Out of forty bands originally scheduled to compete at the Ex, only eighteen made their appearance.

Kitchener Boys' Band drew top honours in the A class, with Chatham's Klubs Band in second place. The last place was a selection from II Truro, Nova Scotia. A number of Georgetowners journeyed to the Ex to support the local aggregation, which was directed by Bandmaster J. Williams.

## LEGION WAR SERVICES RETURN \$40,000 TO RED CROSS

The Canadian Legion War Services has returned the \$40,000 given that organization by the Canadian Red Cross Society in the early stages of the war. The money was advanced to the Canadian Legion to start it on its programme of work on behalf of the men of the fighting forces.

Finding it necessary to launch a nationwide appeal for additional funds, some time ago, it is concluded, the Legion has found itself in a position, as a result, to return the money contributed by the Canadian Red Cross.

Expressing appreciation of the assistance given by the Red Cross, Brig. Gen. Alex. Ross, chairman of the Canadian Legion War Services, stated in a letter accompanying the cheque for \$40,000, "We feel that it is only right that, having regard to the very many calls made upon the Canadian Red Cross, we should return to you the sum made available to us. We are pleased to report that as a result of your assistance we have been able to develop an organization which we feel is playing a more and more important part in contributing to the welfare of the men who are serving in His Majesty's Forces."

Dr. Fred W. Howley, national commissioner of the Canadian Red Cross, commented, "The Canadian Red Cross is greatly appreciative of the action of the Canadian Legion. In the early stages of the war they asked our financial help in getting them started on an effective piece of work. We were embarking on our national campaign for funds at the time and the Canadian Legion agreed to do everything they could to help us."

"We, in turn, pledged them a grant of \$10,000 a month for six months. It was agreed that this grant would stop if they launched a campaign of their own during that time. We had advanced \$40,000 when they decided on a campaign, and our grant ceased. Now they have found themselves in a position to return the money."

The greatest man may stand in need of the meanness, as much as the meanest does of him.
