More poultry gone.—We regret to announce since our warning of last week, some of our townsmen have suffered further losses. One gentleman in particular has had his valuable ducks taken and from what he told us, he will spare neither expense nor time in tracking down the thief. Clues already obtained together with other evidence of most incriminating character, indicates that the culprit may soon get his just deserts. We sincerely hope so.

It is estimated that eighty thousand cards and letters passed through the Georgetown post office during the four day Christmas period. This was made up of thirty-five thousand mailed forty-five thousand of inward mail. The total does not include parcels. Much credit is due the post office staff for efficiently handling this large volume of mail when it is understood that on no day was any mail left over for sorting on the next day.

FARM MANAGEMENT COURSE SCHEDULED FOR HALTON

Plans are now underway to repeat the two-day Farm Management Course held last March in Milton, states Agricultural Representative J. E. Whitlock. The event last spring was so highly endorsed by those who attended it that a special effort has been made to have it repeated. Only twelve such courses are being held in Ontario this winter and Hornby has been selected as the Halton centre on January 16 and 17. The Course is specially designed for farm operators and we understand that the older farmers are especially urged to attend.
