Inspector Skuce Satisfied With Public School Inspection

A letter recently received by Georgetown Public School Board may interest our readers. Here it is:

Milton, January 22nd, 1941 P. Harrison, Esq., Sec.-Treas. Public School Board. Georgetown, Ontario.

Dear Mr. Harrison: During the first week of January, I completed my winter inspection, and through you beg to report to the Board of the Georgetown Public

At the outset I should like to make known to the Board the very real work in music, both Miss Frank and pleasure which I always experience Miss Harrison are to be commended. when I visit this school. The buildis evidence of every co-operation beinspired to put forth their best efforts in their school work and in their conduct. All those concerned with the school are to be congratulated on this not help feeling that the encouragement and excellent support which the staff receives from the Board contributes in large measure to the success in any of their endeavours. of this school. The fact that all members of the staff have been willing to serve in the one place for so long is. on the one hand, a tribute to the fair treatment received, and on the other hand, the retention of these people has led to the establishment of a high standard of efficiency in the school.

The fact that all members of the staff have been employed for some teacher. The work being done with beginners by Miss Hume ranks among the very best found in any school. Miss Lindsay supplements this with a good training in Grade 2. Miss Scott is very quiet, kindly and effective in her class room. Miss Harrison has a bright personality which encourages pupil application. These four teachers lay a good foundation in the skill subjects of reading, writing, spelling, and arithmetic facts. Miss Langan introduces Pasmore. the pupils in Grade 5 to the reasoning, informational and appreciation subjects. Miss Young continues this work and, while retaining the best methods gleaned from a long and successful experience, she is progressive! and anxious to apply what is good in polar bear wear a fur coat?" the newer education. Miss Frank's beaching is characterized by enthusi-

asm and persistent effort. Mr. Wrigglesworth offers cautious direction and encourages pupil application. Each makes a definite contribution and there is no weak link in the chain

One cannot look wth entire favour on a system which requires one or more of the classroom teachers to handle the music throughout the school. This places a rather heavy additional tax on the energies of that teacher. At the same time one must agree that the pupils sing nicely and that the work of the classrooms is not suffering. For their interest and good'

of the Presbyterian Church was held it the home of Mr. and Mrs. John Newton last Wednesday evening, The toports of the different organizations show a small balance in all cases with i fairly successful year just past.

The Women's Institute held a suce styl eachie and dan e at the home of Mr and Mrs S. Norrie on Friday . count Winners at cards were Mrs. A J Smethurst and Mr. A. W. Ben con while consolations went to Mrs S Gisby and Mr. Percy Hurst. Music for the dance, which lasted until well into the small hours of the morning was supplied by Swindlehurst Brothers of Ballinalad. Proceeds from these parties are used for war work and denations to other organizations doing war work.

The regular January meeting of the Girls' Lookout Club was held at the home of Gwen Hill on Saturday, when plans were made for a Valintine crokinole party at the home of Mr. and Mrs. Beerman in February. The new officers for 1941 with Miss Ivens as president were in their places.

Word has been received from Major Gordon Sutherland and Sapper Sam Gisby, both in England, during the past week. Each reports that he was in good health at time of writing and and received at least some of his Christmas percels from this side of the

Those sewing for the war refugees met at the home of Mrs. Wright on Wednesday, when a large box of madeover and used clothing was packed for the Salvation Army. Mrs. Hill also turned in to the Red Cross 33 pairs of socks, 8 pullovers, 1 scarf and 1 helmet from the knitters, all finished since Dec. 1st.

CIGARETTES APPRECIATED

Mrs. Gilbert Gillevet has received a letter from England, in which her husband warmly praises the people of Georgetown for their interest in sending cigarettes to himself and other soldiers overesas. The Alliance Paper Mills, Canadian Legion, Boldiers' Comforts Committee, Ladies' Auxiliary to the Lorne Scots and the Legion W.A. are mentioned, as well as several private individuals. "Pat" has been wellblessed with gifts of cigareties, and he shares them with others who have not been so fortuffate, as well as with some of the British troops. He notes that the British are very fond of Canadian tobacco.
