THIS AND THAT IN SPORT

By G. "Mac" McGillivray

SPRING IS now here in earnest, but there is still no sign of any baseball activity in town. It is too bad that someone has not taken hold of the situation and started to promote what might prove to be a welcome summer pastime. There are a number of new comers to our town who are itching to get their hands on a baseball or even softball if the opportunity presents itself. How good these boys are we don't know—but at any rate they are willing to take a stab at the game.

THERE DOESN'T seem to be much doing in the way of sports in the county—although we can't picture Milton without a baseball team. It is our contention that too much emphasis is being placed on the fact that a lot of former players have joined the fighting forces, and that we are neglecting the younger set who might be relied on to fill the gaps. We are sure our juvenile team of last season could give a good account of themselves in the O.B.A., and we are also confident the rest of the county could do likewise.

FIFTEEN OR MORE YEARS ago Georgetown was noted for its interest in horse-racing and for its races at fall fairs and other big days. At that time a big dappled gray, Jack Powers, was a sure bet on any track. Just last week, at the age of 30 years, Jack Powers died at the home of his owner, John Mitchell of Eramosa Township. The horse originally belonged to the late William Power, of Elora, and was named after his son, Jack Power. Prior to his retirement from the track, the horse had set a mark of 2 and was considered one of the best. In 1916 he was awarded the Dominion Championship, having won more races in that year than any other horse. So often had Jack Powers travelled the tracks of the district that he knew them better than the driver. It is said that he was a treat to watch, seldom breaking, but just maintaining a long steady stride. Death came to the winner of many turf classics from the kick of another horse in the same stable and he had to be destroyed.

FOUR HOCKEY championships that Georgetown fans have been more or less interested in were decided during the past week. Boston Bruins earned the Stanley Cup by defeating the Detroit Red Wings in four straight games; Seaford finally eliminated Paisley to win the Intermediate "B" honour for the first time; Bolton lost three straight to Markham, and the winners romped off with the Junior "C" championship after Bolton had been unbeaten until the final contest; Clinton juvenile squad captured the Ontario Minor Hockey Association title and gained custody of the Lionel O'Connell Cup when they out-scored Regiopolis College of Kingston 5 to 1 in a death game at Midland Saturday night. So with this comment we say adieu to the hockey season of 1940-41.

BOBBY GOLDHAM SCORES AGAIN! Only this time he's not on the Joe, the football field or the basketball floor, but with the Robert Simpson Co. of Toronto. On Monday morning, Bob was pictured along with a number of other young men in this company's advertisement in the Globe and Mail, as joining their sales staff in the sporting goods department. An editorial in the same advertisement under the heading: "We are proud to present," says: "On this page are pictured students from 26 well-known Toronto schools. These young men have set a high standard in scholarship and sports, and we believe they are worthy representatives of the youth of this city and a credit to Toronto's able teachers. As in the past two years, when Simpson's has had leading students on the selling staff, these 26 young men will gain practical experience in the world of business when they join the selling staffs of the men's apparel, boys' apparel, sporting goods, camera and book departments during the Easter holiday week." Bob Goldham is a senior matriculation form student of Northern Vocational School, of which he is President of the Students' Council, all-star football half-back, Canadian junior lacrosse champion, forward in basketball, champion in track and field, and a member of this year's Marlboro junior hockey team.
