

CO-OPERATION BETWEEN CANADA'S SOLDIERS AND AIRMEN

In addition to the Canadian airmen already with the fighter and bomber commands in Britain the R.C.A.F. has now formed a complete Army Co-operation Squadron. This photo shows Canadian Artillerymen discussing a problem of co-operation with Canadian pilots. A Captain, of Moose Jaw, Saskatchewan, is briefing three Lysander pilots to do a job for the artillery. Portable wireless set, with operator at the controls, is seen alongside.

**DOWN THROUGH THE AGES**  
Britons fought and suffered and died in order that their children and their children's children might be free. Today the forces of darkness threaten to engulf us once more. Shall we give up those rights which our forefathers won?

Today our country must arm. No time can be lost. We must build the greatest war machine the world has ever known. We must accomplish in two years more than the enemy has accomplished in seven.

That is why Canada needs your savings—not as a gift, but only as a loan. Canada's army must be maintained and equipped with the most modern fighting machines. Scores of warships and merchant vessels must be built. Thousands of planes, thousands of pilots must be rushed to the scene of conflict.

So Canada needs the use of your money now. Later on, Canada will repay you in full. In the meantime, you will receive regular interest on your loan.

When you buy Victory Bonds, all Canada is your security. These Bonds are more readily turned into cash than any other.

**HOW TO BUY**—Give your order to the canvasser who calls on you. Or place it in the hands of any branch of any bank, or give it to any trust company. Or send it to your local Victory Loan Headquarters. Bonds may be bought in denominations of \$50, \$100, \$500, \$1,000 and larger. Canvasser, bank, trust company or your local Victory Loan Headquarters will be glad to give you every assistance in making out your order form.
