

### "Jim's letter was censored" ...

● Things are happening where Jim is ... in the navy ... things Jim is not allowed to write about. If Jim could write what he would like to write, we at home might be more concerned about the war. Jim says "everything's O.K." and that's what we expect from fellows like Jim ... but things aren't O.K. or Jim would be back home at his regular job. We've got to do our part, too. One thing we can do is lend our money to pay for the war. We've got to see to it that the men in

the services get the ships and guns and tanks and planes they need to do their job. War Savings Certificates help to provide that money. We must all buy more War Savings Certificates.

*The help of every Canadian is needed for Victory. In these days of war the thoughtless, selfish spender is a traitor to our war effort. A reduction in personal spending is now a vital necessity to relieve the pressure for goods, to enable more and more labour and materials to be diverted to winning the war. The all-out effort, which Canada must make, demands this self-denial of each of us.*
