### THE WEATHER

Monday was Thanksgiving Day, the one day in the year that the government declares a national holiday for giving thanks for the bountiful harvests and general mercies that a kind Providence bestows upon us. Not the least of these this year was the fine autumn weather that day, when those who wished could enjoy to the full the delight of being out of doors on such a day, and the frugally minded could add to their winter stores of fruits and vegetables.

Temperatures are gradually falling. The average daily temperature last week was 51 degrees or 4 degrees lower than the previous week. On a couple of mornings there has been hoar frost, but no killing frost as yet, and tree leaves are ripening and falling naturally.

Following are the local records for the week:

Date	H. and L. Temp.	Rain-fall

Wed., Oct. 8	52 47	
Thurs., Oct. 9	55 35	.15"

### United Church W.M.S. Autumn Thankoffering Meeting

The Thank-offering meeting of the Woman's Missionary Society of the Georgetown United Church was held on Tuesday afternoon, October 7th, in the church auditorium. Visitors from the Acton, Norval and Ashgrove societies, also from the other congregations in town, helped to make the attendance a large one. Between 90 and 100 were present.

Mrs. John McDermid and Miss Anne Staunton gave a welcome to those attending. The Vice President, Mrs. A. Nielsen, was in the chair accompanied by Mrs. Dick, of Ashgrove. The devotional part of the program was looked after by the ladies from Ashgrove. Mrs. Arthur Speight, Presbyterian Secretary of Mission Bands, introduced the speaker, Mrs. T. Cuyler Young, Mrs. Young and her husband returned from Persia (Iran) some five years ago, and are now in Toronto. Mr. Young is professor of Oriental languages at Victoria College. Mrs. Young was Principal for twelve years in The American Girls Modern High School. Her story was of the Moslems of Iran, of the fine results of education amongst the women, of their passionate love for their children, of the high rate of infant mortality, due to ignorance on the part of the mothers. The Moslem must see something in the lives of the Christians in his country, that he wants to copy. It is not only the daily made, but most surely by teaching and preaching that converts are made.
