FARMERS...AS IMPORTANT AS ARMOURERS

It may not appear so dramatic to operate a dairy farm, to grow grain or raise bacon as to make planes and steel tanks, but the work of the farmer is just as essential to victory as the work of the armament maker. Always interested in the development of agriculture and practical co-operation with farmers, the Bank of Montreal is especially desirous now of assisting our growers of foodstuffs. Farmers are cordially invited to talk confidentially with our nearest branch manager respecting their credit needs.
