## Is Your Liver Poisoning You?

Are you sick and tired out every morning — always constipated — can't eat without pain and distress? Your liver is poisoning your system — permanent health may be the result!

© Your liver is the largest organ in your body and most important to your health. It supplies energy to muscles, tissues and glands. If unhealthy, your body lacks this energy and becomes enfeebled — youthful vim disappears. Again your liver pours out bile to digest food, get rid of waste and allow proper nourishment to reach your blood. When your liver gets out of order proper digestion and nourishment stop — you're poisoned with the waste that decomposes in your intestines. Nervous troubles and rheumatic pains arise from this poison. You become constipated, stomach and kidneys can't work properly. The whole system is affected and you feel "rotten," head-achy, back-achy, dizzy, tired out — a ready prey for sickness and disease.

Thousands of people are never sick, and have won prompt relief from these miseries with "Improved Fruit-a-tives Liver Tablets." The liver is toned up, the other organs function normally and lasting good health results. Today "Improved Fruit-a-tives" are Canada's largest selling liver tablets. They must be good! Try them yourself NOW. Let "Fruit-a-tives" put you back on the road to lasting health — feel like a new person. 25c, 50c.

"I am 12, Mopsy Fife Now"  
Since I was twelve I suffered from constipation and never felt well. I started taking "Fruit-a-tives" and I can truly say they gave me wonderful relief. Every one should try "Fruit-a-tives" and enjoy life as I do now. I have never been sick for years.  
Mrs. Florence Williamson, Montreal, Que.

"Run Down For Years, Now Perfect Health"  
I was badly run down and terribly nervous. My digestion was poor and I was always constipated. "Fruit-a-tives" soon made me better and there is nothing like it for making you well and giving you new pep and energy. After years of bad health "Fruit-a-tives" made me feel fine.  
Mr. Roy Dawson, Chatham, Ont.

### KEEP YOUR TEMPER

Keep your temper, gentle air. Writes the manufacturer. Though your goods are overdue, for a month or maybe two.

We can't help it, please don't swear. Labor's scarce and metal rare. Can't get steel, can't get dies. These are facts, we tell no lies.

Harry's drafted, so is Bill. All our work is now uphill. No your order, we're afraid. May be still a bit delayed.

Still you'll get it, don't be vexed. Maybe this month, maybe next. Keep on hoping, don't say die. We'll fill your order bye and bye.

**UNUSUAL BANKING IN THESE UNUSUAL TIMES**

As Canada's war efforts gain length of stride and speed of step, business in general reflects added activity and increases in volume. As business increases, banking activity also increases. Our service keeps pace with the requirements of our customers, albeit occasionally they may experience slight delays, owing to war-time depletion of our staff. (More than six hundred members of our staff are already in the Empire's forces.)

By experience, increased effort and up-to-date equipment, we endeavour to compensate for reduced numbers, to avoid delays and inconvenience to our customers, and to conduct all banking transactions, however unusual, with everyday efficiency.
