## Georgetown Beats Fergus 4-2 on Home Ice

PLENTY OF TRRILLS FOR FANS, AS FERGUS TOUGHES OUTSMARTED

Georgelown Intermediates defeated Fergus Thisties, fast earning a reputation as the roughest team in the group, by a 4 - 2 count in a scheduled fixture at the local Arena on Monday night. The game was late in Starting, and it was past midnight before the battle was o'er-and battle it was, with referes Ernie Wortley, handing out a flock of penalties of all deseriptions. Walt Richardson was back in form for the game, and played a game, with Delast and Mooney working hard to pull out a win for the locals. "Bungy" Ward tre: DeLast and Trotter, wings: left the game early in the first persod with a shoulder injury. For Pergus. Blinco looked good, while highly-touted Kitchener impart, Vrooman, couldn't seem to get in a scorwith one assist for the evening's work. ther.

Pirot Period Rough From the opening whiatle, both teams were playing fast and furious in an effort to win a very important game. As was to be expected, Chambers, the Pergus badman, drew the first penalty, but Occupation couldn't seem to get organised when he was off the ice and no damage was done. Richardson made a beautiful amoon on the Perus goal, but tripped just as he shot and alanimed into goalie Voll. resultant goal was disallowed. onds later, another brautiful that from Richardson's stick mixed by a hair. Chambers and Ward drew a double penalty for acrapping-Chambers major one-and the punishment box was full, when they were joined by Brown and Trotter. Mooney scored on Lindsay's pass, and DeLast followed fine job of refereeing the game. with another counter on Ward's paus Lindsay drew a penalty and Runnella and Brown teamed up for a Pergus goal while he was off the ice. Runnells then drew a penalty for slashing DeLast, and while in the penalty box, the referee gave him a 10minute misconduct penalty for talking back. It was tough on Runnells, because it was really a vociferous Fergus spectator, who looks for all the world like Oliver Hardy, who made the lence, Hoare, Pricker, Centre, Collier, remarks. DeLast drew a penalty for | wings, Cofell Carter, alternates, Yates,

Plenty of Action We've never seen such an exhibition of speed as was in evidence during the second period, as first one team and then the other, would swoop down the ice. It wasn't always grade-A hockey, but there was plenty of excitement which kept the fans continuously on their toes. McMullin and Trotter teamed for a third Ocorgetown score, and Blinco scored on Vrooman's pass, while Lindsay was in the penalty box. As the period ended, P. Runnells drew a penalty. The gong had sounded, but the referee had not blown his whistle, so the penalty held Elmira

excitement-loaded period.

Georgetown Adds Another In the final frame, Kemahead and Blinco tangled for 5 minute stretches on the aidelines, and almost started a riot when they kept up the battle in the penalty box. Illinoo drew a further penalty later on, and McMullin and Trotter made the last score Peb. 2-Georgetown 4; Pergus 2. near the end of the game, to put Georgetown on top, 4 - 2.

### Game at Fergus Last . Week Resulted in a 4-4 Tie

MAMULLIN NETS TWO COUNTERS DILAAT AND TROTTER ONE EACH

The local Intermediate pucksters had a good following up at Fergus last Priday night when fans made the jourand ney by special truck and car. After 17.00 a game which produced everything P. that goes to make up a first claus hockey match, the teams emerged, after ten minutes of overtime play, with a fire at that time, so that we didn't

Por the first two periods the game hit a new high in speed, with the Pergus boys doing enything and everything to make things look good before a fair home-town crowd. The going was still harder for the Pergus team when McMulin notched the first goar of the game at the 1346 mark. In the last period and overtime session, the pare was alowed down considerably due to the soft condition of the ice, Hoare, in the Georgetown net, was in the limelight throughout the game, hans be slightly over a foot through as he birked out shot after that from at the base of the tree and we recall the Persus aticas

The augar regulations state that follows:baking also or just for table use. If it is supposed to do for all purposes Sec., Treas. - V. J. Lawrence, Oakville ers' Club; Mr. Lucas, Manager & those folk that purchase their baking Directors would seem to have an adprefer the home baking. In fact 12 Norval

ounces of sugar each week wouldn't go far when used in the baiding of cakes and pies. The housewife that prefers to purchase her baking would seem to have quite an advantage over the one that bakes her own in the supply of sugar available for table use. Of course there are other carbohydrates besides sugar that are available in any quantity as yet, that could be used in the place of sugar both for baking and for table use, such as honey and also com syrup. Another sugar that up the present is not restricted in its use is Maple Sugar and Syrup, but compared with the regular sugar the Maple variety would be rather expensive. Those of us that have a sweet tooth will just have to tighten up our belts until after the

(The regulation says: "The quantity of sugar which may lawfully be consumed in any howehold is now retricted by law to an amount of & of one pound per person per week." Consumed" sould seem to cover Mr. Strang's query, as it embraces both table and baking use.-Ed)
