Harold Reed Joins Army

Family Made Presentation at North Amaranth Home Prior to Leaving for Orangeville

The following item, taken from the Sheburne Free Press and Economist, concerns a former Georgetown district family, and we reprint it here. The presentation was made on the eve of the departure of the Reed family from Amaranth Township to Orangeville, where Mrs. Reed and family will make their home while Harold is on active service.

"On Monday evening, friends and neighbours gathered at the home of Mr. and Mrs. Harold Reed, North Amaranth, to do honor to them before Mrs. Reed and daughters move to Orangeville and Mr. Reed offers his services to King and country. During the course of the evening, Mr. John Theaker, Jr., called the gathering to order. An address was read by Mr. Ross Peterson, and Mr. Elgin Kingham and Mr. William Snider presented Mrs. Reed with an electric floor lamp and end table. Mr. Ray Patton

presented Mr. Reed with a wrist watch and Hazel and Mildred each received Eversharp pencils. Mr. Reed thanked all those present for the gifts and also for their kindness during his stay in the community. Several speeches were made by neighbours who spoke very highly of the Reed family who will be very much missed. Lunch was served and the remainder of the evening was spent in playing cards and dancing.

The address follows:
Dear Floozy, Harold and family:— We, your friends and neighbours, have gathered here on the eve of your removal to Orangeville, to spend a short time in sociability and good fellowship. Tonight our feelings are mingled with regret and pride; regret that you are all leaving our midst and pride that you, Harold, have answered the call to defend, not only King and Country, but also the liberties and privileges which we cherish and enjoy in our own Canadian homes. We therefore ask you to accept these gifts, hoping they will remind you of your many friends. Should your duty call you afar, we hope that in the not too distant future, you will have a safe return.

BRITISH FIRE FIGHTERS

(Continued from page 1)
as a result of the efforts of members of your Department.

Owing to censorship regulations we are not allowed to give figures as to casualties suffered by our brother Fire Fighters and their families in Great Britain. However, we can tell you that in proportion to the numbers involved, the casualties have been greater up to the present than they were in the entire Canadian Army during the War of 1914-1918.

This will give you some conception of the number of families assisted by your contributions, and although Firemen throughout Great Britain have been assessed from their pay cheques the amount raised still falls far short of the amount needed.

It is generally expected that in the near future the bombing will again be on a very large scale, so that from past experience we can expect that the casualties will be serious and the need for funds ever and ever greater. So let us be sure that not one of our brother Fire Fighters is left in want. To those of you who are carrying on the campaign and sending in your subscriptions regularly, we say, thanks a million for a job well done. KEEP THE DOLLARS FLOWING.

Let each of us resolve that in the year of 1942 we will march forward and onward with continuous contribution, whether they be large or small, so that at the end of the year we will contentiously be able to say, "our job has been well done."

Sincerely and Fraternally yours,
R. J. HESLOP.
