THE CANADIAN LEGION

of the British Empire Service League

has advocated since this war started in September, 1939, Total War for Canada. That does not mean conscription of manpower alone. . . . Therefore, in order to release the Government from its promise regarding "no conscription" everyone should mark his ballot

Are you in favour of releasing the government from any obligation arising out of any past commitments restricting the methods of raising men for military service?

Nice Goin' -- Bob

It was a great Stanley Cup hockey game this year, which was Detroit with Toronto cop the first three games, with Toronto coming back to take the first time since 1937. Not the least among the Maple Leafs' roster of stars was Georgetown's Bob Goodfellow, 190 pounds of defensive dynamite from the "paper town," who came up from Hershey Bears last January to the big time and made good with the Leafs. A "3-star" selection in the second game, goal-getter in the sixth, and an assist in the seventh, Bob also threw in a dash of color when he tangled in Detroit with Orosco and sat out the latter moments of the "sin bin." Georgetown is proud of young Bob and were expecting big things of him in the future.

LIMEHOUSE

Word has been received of the safe arrival of Gunner Angus McDonald overseas.

Mrs. Kinnear spent the week end with her son, Mr. Glenn Kinnear. We are pleased to see Mr. Bob Lane is able to be about again.

Owing to sickness in the neighbourhood, there were few ladies out to attend the sewing meeting at Mrs. Wright's last week.

The people of the neighbourhood responded splendidly to the salvage drive sponsored by the W.I. for their war fund. Thanks to Mr. Waxman and all others who helped with the collection.

We are sorry that Miss Dorothy Shelbourne is in the Sick Children's Hospital undergoing treatment, but hope for her complete recovery.

Five Limehouse ladies, Mesdames Ellery, as leader, McVey, Wright, Benton and Miss Jean Given demonstrated "Canadian Foods Can be Adequate" in the summary day of the W.I. nutrition course in Milton, on Tuesday, April 14th. Mrs. Ellery read the report showing results of the course in our branch.

Mr. and Mrs. C. E. Meredith and Miss Helen spent Sunday with friends at Cheltenham.

The W.I. ladies are selling tickets on a lovely hand-made quilt to be drawn for at a bingo next week.

Pilot Officer Vernon E. Mitchell, of Christ Church, New Zealand, visited his uncle, William Mitchell, Mrs. Mitchell and family, one day last week.

DIPLOMAS AND AWARDS PRESENTED AT COMMENCEMENT

(Continued from Front Page)

When he and his family had received their diplomas and awards were first presented to head day champions: Pamela O'Connor, Betty Paul, Mary O'Connor, Robert Saunders, Michael Barr, and William Long. Orestes Doris Armstrong, Mildred Eason, Jane Easty, Ruth Gokcham, Vivienne O'Joy, Marion Hyslop, Mary McClure, Agnes Reid, Eleanor Miller, Craig Alexander, John Alington, Gordon Beatty, Thomas Beer, M. Ballard, Walter Cook, William Kelly, Robert Saunders and William Alexander. Honourable mention was made of Doris Brucebridge, Lily McClure, Lois Nelson, Betty Paul, Mary Paul, Robert Barta, Betty Booth, North Chase, Norman Long, Richard Crawford and William Long.

In the absence of Col James Ballantine, Mr. Moyer presented the Col. Ballantine trophy for team shooting to Form IV. William Alexander presented it for captain Herbert Arnold. Those who were unable to be present, Kathleen Orosco then came forward to receive the Ballantine Medal for rifle shooting.

Two musical numbers followed - "Remember a Dream," a duet by Marion Hepburn and Mary Moyer, accompanied by Lily McClure and "Midnight Night," by Mary and Betty Paul, accompanied by their mother, Mrs. H. T. Paul.

Mr. Walter T. Evans, secretary of the High School Board, presented a report on the year's accomplishments, which showed 77% passes on Middle School papers written by 64 pupils and 87% passes on 80 papers written by 12 Upper School students. He then read extracts from the Inspector's Report, which showed school affairs to be in good condition. Mention was made

of the lack of gymnasium and assembly hall, with the hope that this could be provided in the future.

Mary Moyer accompanied Marion Hepburn in her solo "Evening Song," and Mrs. R. T. Paul accompanied Betty Paul in a solo "Dedication." A duet by Robert Saunders and Kenneth Ballard, "The Coast of High Barbary," was accompanied at the piano by Lois Nelson. Mr. Ralph Ross, former O.H.S. principal, then presented the Hulton Music Festival trophy to the Girls' Choir. It was received by Betty Paul, and the choir then sang "At the Loom." Walter Cook received the Boys' Choir trophy, and the choir sang "Jerusalem." The trophy for the 60-voice choir was then received by Mary Paul and Donald Easty, and Margaret Bradley played piano accompaniment for "Come Unto These Yellow Sands." These musical numbers were all directed by the school music teacher, Mrs. Jane Palmer.

The stage was then cleared for a gymnastic display by the boys' gym team, under the direction of coach H. J. Helmman. Members who performed included captain William Long, Robert Burns, Alva Orvie, John Newman, John Mackart, Frank De Vries, James Woods, Buddy Toat.

The girls of Form I then performed a series of folk dances, with Margaret Bradley playing piano accompaniment.

Highlight of the evening was a musical one-act play "The Loan of a Lover," with music by Godfrey Hildout. Agnes Reid was narrator, telling the setting of the story. Mrs. Palmer played for the score of songs interspersed through the play, which recorded the amusing complications ensuing when Miss Ernestine (Jane Easty), a girl with her sweetheart, Captain Amersfort (William Kelly) commands him to pay court to Ernestine (Marion Hepburn), a maid to her home. Ortrude has never had a beau, and she is in love with Peter Roke (Ormie Carter), a solid burgher of this Dutch town, who wants a wife but can't decide on the right girl. When Captain Amersfort decides to help Ortrude get her man, by settling a substantial wedding dowry on her, she is soon popular, with the steward (Thomas Beer), and the law-office clerk vying for her affections. Peter realizes that she is the girl he has been looking for, and Miss Ernestine and the Captain are reunited to bring a happy ending for everyone.

The players all took their roles seriously, with Molly Hepburn especially effective in her solo number. Bright costumes lent colour to the performance, and the skilled band of Miss E. Penman, who directed, showed throughout.

At the conclusion of the performance, Miss Penman and Mrs. Palmer were called to the front, and presented with lovely bouquets of flowers by the students.

The evening closed with the Mr. Charles Stanford arrangement of "God Save the King," sung by the students.

HYDRO and CHEMISTRY Power Team for Victory!

Hydro-Electric energy, handmaiden of progress in peacetime, is indispensable in time of war!

In guarded laboratories all over Ontario, night and day, chemists are seeking out formulas for ever more powerful explosives that will help to shorten the war. The chemical industry and Hydro go hand in hand. Between them they produce explosives for aerial torpedoes, depth bombs, land and sea mines, chemicals for flame throwers—and many other weapons that will hit the enemy hard.

From the day that war was declared Hydro's two million electrical horsepower was ready to be harnessed to the war effort and today more than half of it is at work, fashioning the myriad

tools of victory. In Ontario's chemical industry, huge plants using over 150,000 Hydro horsepower are turning out chemicals and high explosives—and more such plants are being built. That means greater demands for electrical energy, demands you Hydro must and will meet.

Here, every citizen can help by conserving Hydro current, by using it sparingly. That's an important way we can all "help to finish the job" . . . sooner!

CONSERVE ELECTRICITY

In cooking, use automatic controls and watch the pot. For large quantities of food, use top oven element with heating pan and rack instead of a gas element.

Cool complete "oven" machines over with bottom element. Have your electrical dealer or local "Hydro" man your appliances to the class order.
