During his talk, he explained the meaning of the Latin insignia "Pro aris et focis," which appears on the Lorne Scots crest, and translated means "For altar and hearth-side." Col. O. B. Cousens, ex-commanding officer of the Regiment attended the parade.

NATIONAL WAR LABOUR BOARD COST OF LIVING BONUS

The Dominion Bureau of Statistics has found that the cost of living index number for April 1, 1942, of 115.9 [adjusted index 115] has not risen by one whole point or more over the index number for October 1, 1941, of 115.5 [adjusted index 114.6]. Accordingly, the National War Labour Board, pursuant to the provisions of Section 12 of Order in Council P. C. 8253, determines and announces, for the period May 15, 1942, to August 15, 1942, subject to the right of employers or employees to apply to a War Labour Board for authorization of payment of such an amount of cost of living bonus as a Board may determine to be "fair and reasonable," under the provisions of the Order, that:

- (a) There shall be no change in the amount or percentage of cost of living bonuses presently being paid;
- (b) An employer who has not been paying cost of living bonuses may not begin to pay such bonuses.

By Order of the National War Labour Board,
HUMPHREY MITCHELL
 Minister of Labour and Chairman
 Ottawa, Canada.

We Think Domestic Coal Will Be Very Scarce By September -- For the Following Reasons:

- (1) The fuel oil restrictions in the New England States will require six million additional tons of anthracite and it is very doubtful if this additional quantity will be available.
- (2) The sale of By-product Coke in nut or larger sizes for domestic use is prohibited by government order.
- (3) All anthracite has to be moved by rail instead of large quantities by water as in former years and together with generally larger railway traffic, will make shipments uncertain and slow.
- (4) The importation of Welsh Anthracite will be much smaller or probably non-existent.
- (5) The shipment of Alberta coal cannot be greatly increased due to labour and transportation limitations.

We have Pea, Nut and Stove Anthracite Coal and Pocahontas Coal on hand at the present time and can make early delivery.

TERMS: ALL COAL CASH.

The Fuel Controller has stated that the purchase of next winter's coal now is not hoarding.

Sir Edward Beatty Becomes Chairman — D. C. Coleman New C.P.R. President

D'Alton C. Coleman was elected president of the Canadian Pacific Railway Company in succession to Sir Edward Beatty, G.B.E., K.C., LL.D., at Montreal, May 1. Sir Edward, whose recent illness brought on by over-exertion since the outbreak of the war caused his resignation after more than 23 years as president, still remains as Chairman of the Board on the request of the directors and will be available for counsel at all times.

Mr. Coleman, the fifth man to command the destinies of the world's greatest privately owned transportation system, is prominent in the field of education, is actively connected with many great Canadian industries and also thoroughly enjoys his positions as director of the Canadian Arona Company at Montreal and on the committee which administers the affairs of the Canadian National Hockey League. He is an enthusiastic fan. He is at present a member of the Board of Governors of the University of Bishop's College at Lennoxville, P.Q., and he gave outstanding service on the Board of Governors of the University of Manitoba. His library of Canadiana is one of the most comprehensive privately owned collections in the Dominion.

Quiet, forceful, brilliant, the new president of the Canadian Pacific Railway is noted for his capacity and industry. During his sixteen years as vice-president of western lines and six and a half years as vice-president and director of the company at Montreal, he proved himself to be one of the best railroaders in Canada.

Sir Edward Beatty, one of the first citizens of Canada and a leader in economic, industrial and social thought, became president of the Canadian Pacific Railway in 1918 a week before his 41st birthday. While his outstanding work was modernizing and extending the railway and successfully guiding it, he has been active in almost every branch of Canadian life. He is affiliated with more than a score of business concerns; has been Chancellor of McGill since 1921 and has also served other leading universities in Canada, the United States, Scotland and Ireland. He is a leader in welfare and philanthropic work, playing outstanding roles in such valuable organizations as the Boys' Farm and Training School at Shawbridge, Boy Scouts Association of Canada; British Empire Games Association, Royal Victoria Hospital, Salvation Army, St. John Ambulance Association, Montreal General Hospital, Montreal Boys' Association, Canadian Corps of Commissionaires and Montreal Orchestra. He has been honored on many occasions, the most important being in 1935 when King George V made him a Knight Grand Cross of the Most Excellent Order of the British Empire. Against a background of World War I, which houses the Company headquarters at Montreal, the illustration shows Sir Edward and Mr. Coleman (right).
