The programme is heard Wednesdays at 9:30 p.m. EDT from Toronto and is produced by Norman Lucas. Charles Jordan, pictured above, is one of the reasons for the programme's conspicuous success.

W.C.T.U. Elects Officers For 1942-43

MRS. A. O. W. FOREMAN GUEST
SPEAKER AT MAY MEETING

The Georgetown Branch of the W.C.T.U. held their May meeting recently at the home of Mrs. W. O. Marshall, with the vice-president, Mrs. A. H. H. in the chair. Officers were elected for the coming year:

President—Mrs. A. Reeve
Vice-president—Mrs. A. O. W. Foreman
Recording Secretary—Mrs. C. J. Buck
Corresponding Secretary—Mrs. R. H. Wright

Treasurer—Mr. A. R. Vannatter
Following the devotional period, several items of business were dealt with, and reports of departments were received. Particularly encouraging was the work in the schools on essays, posters and health books.

An address by Mrs. A. O. W. Foreman, of Baltimore, was greatly enjoyed. Among the points stressed were quotations from leading men in the world:

Arthur Mee is one of the leaders in thought in Britain and the Children's Newspaper, of which he is the editor, goes into thousands of homes all over the Empire. Recently in his paper he said: "When the nation has to ration its food ought we to spare ships and money for alcoholic drinks? A woman had been fined for buying 22 lbs. of sugar for her children, yet in the same week the brewery used thousands of lbs of sugar for making beer, which is no use as food. The shortage of eggs was largely due to the quantities of barley and grain which were going to the brewers, which were going to get enough food for their birds, and so thousands had to be killed."

Air Marshall Bishop said: "You don't want a bunch of neurotics and alcoholics in the ships. They need level heads in this modern age."

General Joffre, commander in chief of the allied armies in the last war said: "Alcohol by diminishing the moral and material strength of the army is a crime against national defence in the face of the enemy."

The Brewers' Digest of last May says editorially: "One of the finest things that could have happened to the brewing industry was the insistence of high-ranking army officers to make beer available at army camps."

The editorial says also, "That it affords a fine chance to cultivate a taste for beer in millions of young men."

On August 24, 1940, a Canadian newspaper carried this announcement: "Premier Peltain's new dry laws went into effect at 10 a.m. today. The laws were brought on by reports from military experts that alcoholism had

caused the moral collapse of the French army under the German attack. A government spokesman said France's present misfortunes were due in a large part to alcoholism. He said drunkenness was rampant in the army during the eight months of inactivity at the start of the war."

Holstein Field Day Largely Attended

HALTON CALF NETS \$14000 FOR RED CROSS FUNDS

The annual field day of the Halton and Peel Holstein Breeders was held at the Ontario Agricultural College, Guelph, recently, with between six and seven hundred breeders in attendance. The group witnessed a parade of college livestock, visited various departments of the College, participated in a judging competition and took part in a sports programme on the campus.

Dr. G. I. Christie, President of the O.A.C., in a brief address, told the group they had a real job in producing foodstuffs for men in the active services and for the people of Britain.

"This cannot be done by ordinary methods and cannot be done by increasing prices," he said. "It means we will have to change our methods of farming and change our feeding practices, and we will have to learn a lot that we have never known, for we are told that after this war there will be a famine far greater than after the last war," he said.

Two heifer calves were auctioned by William McKinney, of Brampton, to raise funds for the Red Cross. The Halton Calf, "Graymar June Poeh, Chieftain" donated by E. J. McFarher, of Oakville, brought \$1400, the purchaser being Nelson Robinson, of Norval. The Oakville and Georgetown Red Cross Branches will each receive one-half of the amount. The Peel calf, also a four month old calf, namely, Spring Farm Rose, was donated by J. M. Fraser, of Streetsville, and brought \$1300, the purchaser being Leonard Vermer, of Bolton.

It is interesting to note that the average price of the two calves was \$1350 which exceeded the average of the 15 heifer calves sold at the War Calf Auction held at Brampton a few days earlier. At this latter sale the Halton calf, namely, Rose Supreme Jemima, donated by Gordon Tasker, brought \$1500, this being the high price of the sale for junior calves.

The winners in the judging competitions were as follows:—

Ladies—1st, Mrs. Wm. Williamson, Brampton; 2nd, Mrs. Steacy, Streetsville; 3rd, Miss Agnes McGee, Brampton.

Men—1st, Erwin Gunby, Tansley, and Norman Cameron, Norval; 3rd, Lloyd Critchton, Georgetown.

Junior Farmers—1st, Craig Alexander, Georgetown; 2nd, Gordon McCourt, Norval; 3rd, Clark Lyons, Cheltenham.

Plans for a salvage campaign to retrieve tens of thousands of tons of scrap metal from Canadian farms are presented to Hon. J. T. Thomson, Minister of National War Services, by H. C. Ray, representative of the International Harvester Company of Canada, Limited. The company will use its 3,000 dealers across Canada to help get the scrap into the war effort. A. W. Wright and Maxwell company officials, look on.
