AIRGRAPHS MAY NOW BE SENT ARMED FORCES AT REDUCED FEE

As of June 15th Airgraph Messages from Canada to our Forces in the United Kingdom and Middle East will be reduced to six cents instead of the ten cent rate. This reduction will further facilitate correspondence between

people in Canada and the United Kingdom. Airgraph service is also being extended to civilians, and messages may be sent to civilian addresses at a charge of fifteen cents. The reduction of the airgraph fee and the extension of the service to civilians should also prove an incentive to the public to further co-operation in helping save valuable cargo space, urgently required for war supplies. It will be remembered that a single reel of microfilm, weighing only six ounces, contains 1500 messages, in contrast with the space required to store 1500 letters of ordinary size.

HOW THE PRINTER'S DEVIL GOT HIS NAME

In another column we commented on our "Printer's Devil" Bruce Collins getting his hand caught in a printing press, and while reading a printing house organ, we noticed the following article on how "Printer's Devil" got their names. The item was originally published in the New York Typographical Forum. The paper says:
"Just to prove that there's nothing inherently diabolical about the printing business, here is the story of how the 'printer's devil' got his name."
"The famed sixteenth century printer, Aldus Manutius, brought to his shop in Venice a negro boy as his helper. Venetians thought the dark-skinned lad was a creature of the devil himself, and so called him."
"The hue and cry was hot, and finally old Aldus published this notice: 'Aldus Manutius, printer to the Holy Church and to the Doge, have this day made public exposure of my 'devil.' All who think he is not flesh and blood may come and pinch him.'"

APPLICATION CARDS FOR COUPON RATIONING OF SUGAR

will be mailed next week to every Household in Canada

Canadians will be required to register so that ration cards, good for the 10 week period, commencing July 1st, may be issued immediately. At the end of that period a coupon ration book, good for six months, will be issued.

HOW TO REGISTER

Residents in Urban Areas not served by Letter Carrier, and Residents in Rural Areas

Application cards will be distributed to all householders through the post offices on or before Tuesday, June 23rd. Additional cards will also be delivered for every person resident in the household, who bears a different last name from the head of the household. If needed, extra cards may be secured from local post offices.

These application cards should be filled out immediately and dropped in the nearest mail box or post office. A pamphlet giving complete instructions will be delivered with each card. As soon as your name is duly registered at headquarters, ration cards, good for a ten-week period, will be mailed to you — one ration card for each person in your home. These will be for sugar only.

Coupon Rationing for Sugar Becomes Effective July 1st

Beginning July 1st, no one will be permitted to buy sugar for regular domestic use without a ration coupon.

Prompt co-operation on the part of the public in filling out and returning their application cards is necessary to ensure return of the ration coupon card in time to purchase sugar on or after the above date.

Remember — the amount of sugar allowed each individual under the new coupon rationing plan will be exactly the same as allowed at present — 1 pound per person per week.
