

Active Service Notes

J. R. Brown, RCAF. of St. Thomas was home on sick leave last week.

LAC Alf Sykes has been transferred to Hagersville. He was formerly stationed at Ottawa.

Pte. Walter Buhn was home for a few hours on Friday.

Fred Parlinger, whom many will remember as teller in the Bank of Montreal here, has enlisted in the Army.

Another boy has "gone active" **Barry Clarke** has joined the Lorne Scots and left last Tuesday for Niagara-on-the-Lake.

Boys in uniform home over the week end included: **PO Ken MacKenzie**, Asst. LAC Alf Sykes, Hagersville; **LAC Bruce Kennedy**, St. Catharines; **SGN George Bargett**, Toronto; **Pte. Clayton Bradley**, Brampton; **Pte. Barry Clarke**, Niagara; **Trooper J. Korzak**, Toronto.

Jim "Red" Holmes, employed at the Georgetown Creamery for the past year and a half, has "gone active" and is at present stationed at Stanley Barracks, Toronto. "Red" is a Milton boy, and was working at Action Creamery prior to coming to Georgetown. He will be a driver with the RCAF.

Ptes Clayton Bradley and **Jack Ridley**, both members of the RCAF, have moved from Stanley Barracks to take their basic training courses at Brampton and Orillia, respectively. **Pte. Bradley** was in the great and noisy business with his brother at the time of enlistment, while **Pte. Ridley** was employed with Hume Currie.

Frank Connelly, who has been stationed at Halifax with the Royal Canadian Navy, has recently been transferred to Newfoundland.

Cook Jack Kimbhead, of the RCAF, when stepping off the train at Hagersville last week, was pleased to see **Rev. Reuben Salomon**, a chaplain with the Canadian Navy, and a former student of G.H.B. and brother of Mrs. Harry Watkins of town. **Rev. Salomon** and **Jack** have known each other for some years, having attended the same summer camp, and he was waiting to greet him when he arrived.

The Lorne Scots overseas, staged a mock battle last night which was broadcast locally over station CHL at 10:15 Monday night. Judging from the sounds they made short work of the enemy if given a chance at real action. **Col. Keene**, of Oakville, was the only one of the regiment to speak.

We also have the sad duty to record this week the death of **Edward (Ted) Hillmer**, son of Mr. and Mrs. C. V. Hillmer, of Oakville. Reported missing some months ago, word has come that he is presumed to have lost his life over the North Sea while carrying out air operations. **Ted Hillmer** was a popular Hants County athlete before enlisting with the RCAF. He played for a season with Georgetown Junior hockey team, under the management of **Percy Blackburn**. He was also a clever baseball player and will be remembered by baseball fans as one of the "spark plugs" of the Oakville baseball team. Friends in Georgetown extend deepest sympathy to his wife and family. He was 23 years of age.

Reported missing on March 22, **Pilot Officer Robert "Bob" McKillop**, of Brampton, is now reported killed during air operations. His parents, Mr. and Mrs. Thomas McKillop, of Brampton, received the sad news by cable this week. **Bob McKillop** was a popular young man in his town, and was very well-known among the younger set in Georgetown. He enlisted in June, 1940, and received his commission at Danville last August, and went overseas on September 1st.

Bill Schultz left last Monday morning for Toronto, where he is stationed with the Army Service Corps. At present the new Post Office Building is his base. Before joining the Army, **Bill** worked in the Dominion Store, and prior to leaving was employed for a short time at Smith & Stone, Ltd.

Fred and Newton Ruddell were favourably surprised one day recently, when they received a ring from **Pte. James Cross**, now stationed with the Lorne Scots in England. The ring was unique, inasmuch as it was made from a part of the Hess plane, which landed in Scotland last year. **Hess** was the well-known German officer who made the mysterious flight from Germany, and who landed in Scotland, only to be interned for the duration. **Pte. Cross** was employed on **Ward Ruddell's** farm on the 5th Line for three years, prior to enlistment with the Lorne Scots.

"As We See It"

By J. A. Strong

UNDER HAPPIER conditions, this year of 1942 would likely have witnessed several celebrations of anniversaries, that due to war conditions, will perhaps go by almost unnoticed. We refer to the 75th anniversary of the inauguration of the Dominion of Canada this 1st of July. Then it was just one hundred and fifty years ago on the 1st of July that the Province of Upper Canada was formed. Both of these anniversaries would likely have been celebrated in a big way if it hadn't been for the war. But we Canadians aren't given to making a big fuss on the 1st of July like we used to do, and of course, as usual, we will place the blame for that on the cars. Instead of turning out to so big day in the home town, it was so big day smarter to drive to some distant place and see something worth-while, so we thought. With the scarcity of gas and due to the tire situation this might have been a good year to have staged a real celebration right at home on-the-Lake. We'll be putting on a big celebration this Fall. It was in Niagara that the first Parliament of Upper Canada met back in 1792.

they were at it again so they must have liked the flavor. We haven't tasted it ourselves but we have an idea that it isn't flavored with spearmint anyway.

THE OLD SAYING, "What is so rare as a day in June" should be revised this year, we think to "What is so rare as a dry day in June." It seems that there was a certain day, back a month or so ago, that is called St. Swithin's Day. The belief is that if it rains on that particular day it will rain for the following forty days and we understand that the forty days are now up so that we may be having plenty of hot and dry weather any time now. Anyways, the country looks well and there must be plenty of moisture in the ground to take care of any prolonged drought that may come along now for a change.

WAR CONDITIONS often remind us of the weather. If we have fine weather for a long time and wish for rain and then get that desired rain, we are awfully tired of the dull reports for the following forty days. If the war news is good we become complacent and begin to think that it will soon be all over and then when the news is bad we become dependent and we forget all about the good news we had been getting. Upon receipt of bad news it is often a good idea to think back awhile and compare the situation today with the situation of a year ago, for instance. We haven't anything to be discouraged about. Over in England it seems that the folk there have become excited over the situation in Libya, or perhaps we should say in Egypt and are demanding a vote of confidence. Rather than blame the Government for any of its misdeeds, we think it is the person responsible for those optimistic reports we had been getting from Cairo that should be blamed. He had us thinking that a victory in the desert was "in the bag," almost, and surely he couldn't have been aware of the real situation.

"CAPTAINS OF THE CLOUDS"

As a technician camera flem with as Royal Canadian Air Force, James Carney and action-director Michael Jurtz in Warner Bros' epic of the air, "Captains of the Clouds," featured Wednesday, Thursday and Friday at the Gregory Theatre Georgetown. Under the direction of Natalie Kalner, with director of photography, **Edna**, "Captains of the Clouds" will reveal itself as a picture outstanding in vital action shots and gorgeous natural color scenes—especially of the vast sparkling lake country of Ontario. There are spectacular shots of dog-fights between four planes high over Jumping Caribou Lake, near North Bay and Hudson's Bay, in combat with a Messerschmitt 110 over the Atlantic. Officers and men of the RCAF are seen in full-dress reviews. Squadron-Leader O. Cadzart-Jones acted as technical advisor.
