"more power to the Army" from Hydro!

Hats off to our Soldier Lads!

- The backbone of Canada's forces whose great day is yet to come.
- whose might will be needed to bear the brunt of the struggle.
- whose strength will finally weight the scales of Victory.

THE ARMY OF HYDRO WORKERS HONOURS THE ARMY IN KHAKI

Hydro never performed such important, indispensable service as now. It's a war-winning service!

When a man joins the Army, Hydro begins to help him. Hydro supplies the power to Ontario industries to produce the munitions and supplies that make our Army a strong, hard-hitting force.

You, on the home front, can help the Army, too. Save Hydro by using fewer lights, by using it economically in the kitchen—basement—everywhere in the house—by turning off the current the moment it has served its purpose. The electricity you save will help to make more weapons for our fighting men.
