

### Soldiers' Comforts Fund Raise \$120

"Would You Have Liked to Have Given a Dieppe Soldier a Gift?"

Georgetown's Soldiers' Comforts Committee held their annual Tea Day on Friday, September 12th. Although rain interfered with the taggers, a sum in the neighbourhood of \$120.00 was raised by the school girls who did the tagging. Mrs. A. Reeve was convener for the committee, and others in charge were Mrs. Ed Mackenzie, Mrs. D. Livingston, Mrs. A. Braumant, Mrs. Nelson Robinson and Miss Mary Lawson. Proceeds will be used to send parcels to Georgetown and district boys overseas.

"Would you have liked to have given a cigarette to the boys returning from the Dieppe Raid?" Well you did if you supported the Soldiers' Comforts Fund and you can bring further cheer to the boys overseas by contributing. Here we print a letter to the Soldiers' Comforts Committee from Lt. Ed. King, Richardson, that states that he landed cigarettes from Georgetown to the boys returning from the Dieppe Raid. Further acknowledgment from the boys overseas comes from Mr. W. O. Taylor, of the Lorne Scots, who says:

Thanks a million, you and more for the "cigs" that come ashore. Now we smoke and all is well. Hitler, he can go to H—!

Dear Friends: Once again I wish to thank you all for the carton of Sweet Caps which came a few days ago. I have a cut at the side of my hand at present which makes it rather hard for me to use a pen so I am trying my luck at a typewriter which happens to be handy at present. I hope you have received all of my letters of thanks which I have sent on the arrival of cigarettes for me from your committee. I often think of the folks back home and wonder just what they are doing. I seldom run into any of the boys from home over here but it is easy to be stationed within a few miles of them and never know it as there are so many troops around. We helped to supply air protection for our boys as far as the coast when they made their raid on Dieppe. They were a pretty tired bunch of lads when they came back but they were in good spirits. I gave them a few packs of your cigarettes as they were nearly all out of them. I have never seen so many planes in the sky in my life and there must have been plenty of excitement over there while the raid was on.

Right now we are doing some real intensive training and the weather has been anything but pleasant. I spent a very enjoyable time on my last leave and visited Edinburgh, Carlisle and London, although travelling is anything but comfortable over here as it is always crowded. I am going to try and find out where the boys of the Lorne Scots are stationed and visit them if we ever get a chance.

Well, I think this is all for now - I will say no long and thanks again for the cigarettes which are coming regularly.

Ken Richardson

### "As We See It"

By J. A. Strong

At the moment, it looks as though the St. Catharines Athletics are going to run true to form and again take the title in Senior Lacrosse. It is true that they did drop the first game in the finals and spent at home at that time. They came right back in the second game of the finals and triumphed in Mimico. By the time that these lines appear in print the series will be all over. There are other groups in the Dominion playing senior lacrosse but they never seem to measure up to the standard set by the Ontario division and that of British Columbia. Out there it looks as though the Salmon-Bellies of New Westminster will be the team that takes the long trip East this year. You will remember that the west and the east alternate in the finals each year, in making the long trip St. Catharines went West last year and this year the west winners out there come East. It is quite a trip, however the team coming East usually play a few games on the prairie on their way to Toronto. The games are usually all played in the Maple Leaf Gardens and usually draw a fair crowd although not a crowd like pro hockey. Why we do not know as the game is usually worth watching to see the choice of referees is often the cause of argument in these real finals usually they use one from the west along with one from the East. However even this logical arrangement does not always prove to be satisfactory all around. At one of these finals in the gardens a few years ago we all had a few friends, and they didn't specify what was wanted as we knew that the crowd would be a sell out and imagine our surprise when we found that the tickets called for those few seats which are situated along the rail, in between the players' benches. It has been picking seats for that game we couldn't have made a better choice and we were offered if some night we couldn't be that lucky at a Pro Hockey match. Driving in about one hundred miles as we did at that time we would consider ourselves lucky to be able to get seats in the blue section at a hockey game.

This September heat seems to get our goat. We like it but it does make us tired or wary or something or other. It isn't that it is so hot but the 1942 humidity is still with us and oh boy can we sweat. Sometimes it is called the dog days but they are usually due along about the first of August so this must be Indian summer. It is hot alright but we like it and do hope that it may continue. The grapes are ripening they need to be all ripened. We often wonder if those folk that buy their grapes from a retailer ever know what they miss by not having a grape vine of their own. Grapes have an odour something similar to that of certain flowers and this odour is lost shortly after the grapes are picked or cut as should say. When living in the Niagara District we helped a friend of ours pack his grapes two years in succession and at that time we noticed that no matter how many of the grapes we would eat during the picking we still were able to eat the usual full meal. At that time the grapes were packed in large baskets for export, seventeen pounds to the basket, however this market in the United States has been lost. Of course the bulk of the grape crop now goes to wineries to be made into wine. When we were young it was the correct thing to purchase a few baskets at the Fall Fair and we still associate grapes with those fairs something like we associate peanuts with the circus. Many of our fairs are held too early for the best quality eating grapes to be ripe at that time now-a-days.

This summer, which is now almost gone, would, we suppose, be classed as having been a wet summer. Even with all the rain we had wonderful weather for both haying and for harvest. The bountiful hay crop almost filled most of the barns though and the result was that the grain had to wait to be stooked and stooked threshing isn't always satisfactory. But the wet weather wasn't so kind to some other crops. Potatoes on heavy land aren't so good, melons were off flavour on account of the moisture and tomatoes, unless stacked showed considerable loss. Even the wet weather affected the staked ones and many of them were cracked and of course these huge cracks spoil the looks of the tomatoes. However we imagine that there were still plenty of good tomatoes to go around all and although not classed as highly as some other fruit yet there is nothing to compare with tomatoes in looks in the fruit line. The rich red colour of ripe tomatoes are in a class by themselves for looks.

### Gifts Presented to Mr. and Mrs. O. R. Stapleton

Following their marriage on September 8th, Mr. and Mrs. O. R. Stapleton (nee Dorothy Cordiner, of Acton), were recipients of a presentation by fellow-employees of Mr. Stapleton at the Beardmore Leather Company. They were presented with a smoking stand and lamp, and an address was read by Mr. James Adams while Fred Kenner made the presentation.

Prior to their marriage a number of Acton and Georgetown friends met at the home of Mrs. Norman Robertson, in Acton and presented the bride with many lovely shower gifts. During the evening a bride's book was made, and a delicious buffet luncheon served.

Mr. Stapleton is a member of the Lorne Scots Band at Georgetown.

### Reported Missing at Dieppe

Another Orillia boy listed as missing after the heroic raid on Dieppe is Gunner Edwin Smith, youngest son of Mr. and Mrs. George Smith of Georgetown, formerly of Orillia. Gunner Smith enlisted in the army in 1940 with the Grey and Simcoe Posters, and went overseas in August, 1941, serving in the 16th Light Anti Aircraft Battery of the Royal Canadian Artillery. Another brother, Hilton George Smith, is also serving on Active service, stationed in Toronto at present.

Since the raid, Mrs. Smith received the following letter from the Commanding Officer of the Battery, Major B. D. Osterander. We print it herewith:

Dear Mrs. Smith:  
You will now have been told your son is missing from the Dieppe raid. I hope that we will hear that he is a prisoner of war. This point should be cleared up by the International Red Cross in about two months' time. I wish to convey to you my sincere sympathy. Our Smith was a good soldier and a

member of a party on a particularly hazardous duty. The two officers and a number of men in this party had to be left at Dieppe. I was not on the beach they landed on and cannot give a personal report. I can say from reports available to me their action under fire was superb and they have brought honour and glory to our battery and our country.
