APPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL Lesson

By HAROLD I. LINDQUIST, D. D., of the University of Minnesota

Lesson for February 7

Lesson subject and Scripture texts are taken from the Revised Standard Version of the Holy Bible. Copyright, 1928, by the Board of Christian Literature, New York.

JESUS AFFIRMS HIS DEITY

LESSON TEXT—John 8:12, 18-24, 36-58. GOLDEN TEXT—He that hath seen me hath seen the Father.—John 14:7

"The Light of the World is Jesus!" Who does not remember with what delight we as children sang, "Come to the light, 'tis shining for thee... The light of the world is Jesus."

How precious was the truth that thus flooded our souls. Jesus is the light. Just as the sunlight sheds its glory on an awakening world at dawn, so He sheds abroad the light of God in the hearts of men. As this portion of God's Holy Word is studied and taught, may the light break forth on many a soul caught in the bewilderment of this dark world.

But that is only one of the great thoughts around which our lesson centers. As Jesus here reveals Himself as divine, we consider four simple words, each fraught with rich meaning.

I. Light (v. 12).

The text says: "Then spoke Jesus." When? Just after He had silenced the hypocritical accusers of a woman taken in sin, and had spoken the word of peace to her troubled soul. She was to "go and sin no more" because she had met Him who is the light of the world. They that follow Him "shall not walk in darkness"; they are the children of light, they have the very light of God shining in their hearts and lives.

Not only does Jesus light the believer's heart, but this light shines into all the dark corners of this wicked world, exposing sin and hypocrisy and showing the way back to God.

II. Salvation (vv. 23-30).

"Who art thou?" That is the question every man must ask and answer as he considers Jesus. Even neglect is an answer—a rejection.

The answer of Christ in these verses goes to the very heart of the matter, for He takes the people right to the cross of Calvary. When they had crucified Him, they would know. Did not the centurion say, "Truly this was the Son of God" (Matt. 27:54)?

It is true today that no man knows Christ until he knows Him as the crucified Saviour. Teacher, Example, Guide—all these He is—but they are not enough, for we sinners need a Saviour. May many today follow the example of verse 30.

III. Freedom (vv. 31-36).

Free! Four letters, but what a depth of meaning! Chains have fallen off, prison doors are open. The one who was bound is free.

But here we are concerned with an even more important liberty, the freedom of the soul. Many there are who boast of their independence but who are naught but slaves. Jesus said: "Whoever commiteth sin is the servant of sin" (v. 34), not its master.

How shall they be freed? Note three things in these verses:

(1) A condition, "If ye continue in my word." This means not only a profession of faith, but a daily appropriation and realization of His truth in life.

(2) A promise, "Ye shall know the truth." The philosophies of men profess to be a seeking after truth, but how few there are who look to the one place where it can be found—in Jesus Christ.

(3) A result, "The truth shall make you free." Truth always sets free. Men are enslaved because, as in some foreign lands, they have not had the opportunity to learn the truth or because they have rejected it.

Men profess to seek truth in their research and in the process of education, but without Christ they cannot have real truth. Educational systems which rule Him out are deficient and lead to bondage rather than freedom.

IV. Eternity (vv. 56-59).

Taking up their statement that they were Abraham's children (see vv. 33, 37), Jesus enters into the sharpest controversy with the unbelieving Jews of His entire earthly ministry. They were claiming kinship with a great man of faith who in his day had looked forward to the coming of Christ (v. 56). Now He was here, and instead of receiving Him as their Messiah they were ready to kill Him.

Not only did they claim Abraham as father, but also God. Jesus told them that in their sin and unbelief they were of their "father, the devil." It is possible, then, to be very religious, to follow the traditions of one's fathers, and yet to be children of the devil.

All this led up to their sharp rebuke in verse 57, which denied to Christ anything but an earthly existence and which led Him to the statement of His eternity. He identified Himself definitely and clearly with the Eternal One—the great I AM of Exodus 3:14.

Christ is God, and is therefore "Infinite, eternal, and unchangeable in His being, wisdom, power, holiness, justice, goodness and truth" (Westminster Catechism).

Hughes Cleaver Heads Sub-Committee to Investigate Aircraft Production

Aircraft production in some instances has been seriously interfered with because of loss of key men to the armed forces, a sub-committee of the House of Commons which studied this branch of war industry, said in a report tabled in the House January 27th.

The sub-committee, a unit of the House War Expenditures Committee, found that regional boards under the National Resources Mobilization Act had been working efficiently, but that difficulty had arisen because after a man had received one or two calls for service and received postponements, he became uneasy.

Favors Air Force

Such a man "enlists partly owing to the fact that he does not know as to whether further postponements will be granted, partly because he does not wish to be looked upon as a slacker, and in part because he wishes to enlist in the armed forces of his choice rather than be drafted into the army," said the report.

A man with aircraft experience naturally favors the air force.

This problem demands immediate and serious consideration. The sub-committee, headed by Hughes Cleaver, (Lab. Halifax) held 60 sittings and heard 47 witnesses since its last report to the House July 15, 1942. It was assigned to an examination of aircraft production, shipping and Government-owned companies.

At the outbreak of war Canadian plants were producing 40 planes annually, but now the industry employs more than 75,000 persons and produces more than 400 planes a month, the report said.

In order to achieve this tremendous expansion in capital facilities and production, the Government advanced very assistance and in most cases little new capital has been used.

Commendation should be expressed with respect to the entire group from the director of aircraft production (R. P. Bell) down to the junctured apprentice for the remarkable results which have been achieved.

Labor Cost-Plus Contracts

The sub-committee upheld use of the cost-plus type of contract in emergency circumstances. But it expressed considerable concern over excessive profit and accelerated depreciation and said some companies at the conclusion of the war could own valuable physical assets which had been paid for entirely out of money which would otherwise have been payable as excess profits.

The sub-committee noted that "butcher's cuts" had developed in aircraft production and that a slowing of production was caused by improvement in designs.

Action was held necessary to solve administrative problems in war plants. The sub-committee reported that "absenteeism" was especially prevalent in factories where wages are good.

Most of the original aircraft contracts were of the "cost plus" type, the committee said. It added:

"It is not in the public interest that definite price contracts should be negotiated until a proper price can be definitely ascertained by actual experience as any premature attempt to do this would doubtless result in either too high or too low a price being fixed either of which results would be unsatisfactory."

VESTRY MEETING AT ST. PAUL'S, NORVAL

The Vestry meeting of St. Paul's Church, Norval, was held at the Rectory on January 24th. The Rev. B. R. Colebrook presided. Miss Mary Coupland was elected Vestry clerk. In his report the rector pointed out that that church had been a slight decrease in the church attendance due to several families having moved away. The unsolved problem of the church today, was to awaken the interest of people who were not anxious to be interested. He added: "The financial report of the Wardens and of the Church's organizations showed a very favorable balance. The apportionment had been overpaid and all current expenses met."

The officers appointed were: People's Warden—Mr. W. Fiddler. Rector's arden—Mr. W. Coupland. Treasurer—Miss P. Maguire. Sidesmen—Mr. C. Grimwood, Mr. W. Coupland, Mr. H. Moreton. Hall Committee—Mr. J. Silingsby, Mr. C. Grimwood, Mr. D. Fiddler, Mr. W. Coupland.

ANNUAL MEETING PUBLIC LIBRARY BOARD

The annual meeting of The Georgetown Public Library Board resulted in the election of the following officers, and the formation of the following committees:

Miss Georgina Young—Chairman. Mr. Ralph Ross—Treasurer. Mr. Kenneth M. Langdon—Secretary. Book Committee—Mrs. J. L. Lambert, convener; Mrs. N. Gardiner, Miss Georgina Young, Mr. Ralph Ross. Property Committee—Mr. Kenneth M. Langdon, convener; Rev. W. O. O. Thompson.

WOODLEY AS PRESIDENT FOR 1943

The annual meeting of the Halton Holstein Breeders was held in the Palermo Community Hall on Tuesday of last week. Notwithstanding weather conditions 50 breeders were in attendance. The secretary-treasurer's and fieldman's reports revealed the Club to be in an excellent financial condition. Approximately \$30,000.00 worth of cattle were sold by Messrs. W. H. Robinson and Edgar Lyons in the County of Halton. C. D. Graham, Chief of the Ontario Extension Service, congratulated the Club on their live and constructive club spirit. The club executive was given special praise for arrangements made for the staging of the Championship Event at Milton last October. The Holstein Association of Canada has had the best year in its history as revealed by the number of applications for registration, stated Mr. Graham. The number of Holsteins enrolled in Record of Performance is up 16 per cent he states.

Others who spoke briefly on the programme ably handled by President W. H. Biggar, included J. M. Fraser, D. G. Danton, Wm. McCauley of Peel County, and Agricultural Representative J. E. Whitelock.

The newly elected officers are as follows:—

ST. ALBAN'S VESTRY

The annual meeting of the Vestry of St. Alban's Church, postponed from January 19th, was held after Evening on Sunday.

Reports of the Churchwardens, St. Alban's Ladies' Guild, the Sunday School, and the Junior A.Y.P.A. were presented, all showing a satisfactory condition of finances.

The Wardens were re-appointed: Mr. Arthur Beaumont as Rector's Warden, and Mr. Montague Merryday as People's Warden. Board of Management and Side-men were re-elected. Some of those on these boards are in the forces, but it was desired to keep their names on the boards. Mr. Joseph Beaumont was re-elected as Lay Delegate.

The meeting then adjourned.

Locomotive Boiler Is Coal Dock Power Plant

WARTIME necessities certainly stir invention among railwaymen, and a striking example of ingenuity in substitution is found in a coal dock at an Eastern Canadian Port where engineering forces of the Canadian National Railways assembled salvaged material to erect towers and scoops capable of clearing a collier's cargo in eight hours.

One of the substitutions pictured here shows how two boilers from retired National Railways locomotives were placed in the open to furnish steam necessary to operate the coil hoist engines. The improvised plant successfully dealt with a large volume of Nova Scotia coal and assisted materially in transporting fuel towards Central Canada.

MAYBE advertisement with text: you want to buy a cow, or a horse, or a pig, or MAYBE you want to sell a sheep, or a bull, or a chicken, or MAYBE you want to buy a car, or a bicycle, or a tractor, or MAYBE you want to sell some oats, or some corn, or some wheat, or MAYBE you want some money, and you have something you don't need. MAYBE you'll call No. 6, and try a Herald want-ad, well, there won't be any maybe's about what'll happen. Just try it once.
