

**Mrs. Jennings
proudly goes
to school!**

MRS. JENNINGS had been just managing to keep her family going. But things were looking brighter at last. Now with the children able to help with the housework, she had applied for the post of school teacher . . . and had been accepted.

But that meant she needed suitable clothes and clothes cost money.

She took her problem to the manager of her bank. On the strength of her ability and character, he arranged a loan of \$80. And so it was that she was able to take the position and greet her first class proudly. She paid off the loan after six months at a cost in interest of only \$2.40.

This is a true story. Only the name has been altered. It is typical of hundreds of human dramas in which the bank manager has been privileged to play a helping role.

War's requirements have increased immensely the work of banks and bank staffs. At the same time more than one-third of our experienced men have enlisted. Bank early. Pay small bills by cash. It helps.

The Soldiers' Comforts Committee

Early in November last we placed an order for three hundred cigarettes to be sent to 180 of our boys overseas, on the sea, and in Newfoundland, who are serving their King and country by land, sea and air. These boys came from the homes of Georgetown, Glen Williams, Norval, Stewarttown and Limehouse. About the middle of December, we also sent cigarette tobacco to two prisoners-of-war.

We started to receive acknowledgements as early as December 7th from Newfoundland and our first acknowledgements from Britain came about Jan. 20th. In all we have received over eighty cards and letters of appreciation to date, and we thought that you who have been supporting this fund should hear some of the nice things our boys are saying about you and their home town.

Here are just a few excerpts from some of the letters: From a well-known officer: "Thanking you again for your thoughtfulness and kindness to all the troops overseas." "I want to thank all those who make it possible for you to send the much needed and much appreciated cigs." "We want to get back home but not until we bring Victory with us." "Of course, Georgetown was always in the front when it was for a good cause, so here's wishing you one and all the best of luck for the year 1943." "It is nice to know there are still a few people who think about us boys over here. I only hope you don't let you down when our turn comes." "I was glad to receive your most welcome smokes, as I am convalescing just now and they came in very handy." (This was a Dieppe casualty.) "All of us are very proud of our down. You did not let us down in the Victory loans and we will not let our people down." "Just assure that what you are doing gives us a life which makes it much easier to 'get on with the job'."

We would like to say "Thank you" in the boys' names to Norval Women's Institute and Georgetown Women's Institute for \$5.00. Also, to all those who have contributed through the "HERALD" fund. We hope to be able to send cigarettes again to our boys for Easter. Our family will be considerably larger but through the generosity of the people of Georgetown we know they will all be taken care of.

CARD OF THANKS
Mrs. Clayton Allen, wishes to thank her many friends for the gifts of flowers and fruit, and the many cards she received while in Guelph General Hospital.

**RED
CROSS
NEWS**

"As for the King of Spain, I do not fear all his preparations. His great preparations and mighty forces do not stir me. For though he come against me with a greater power than ever his Invincible Navy, I do not fear him. God cannot be won whom I always trust. I shall be able to defeat him and overthrow him. FOR MY CAUSE IS JUST."—From an address to Parliament by Queen Elizabeth in 1588.

And Churchill said on Sept. 11th, 1940: "This wicked man, the repository and embodiment of many forms of evil—destroying hatred, this monstrous product of former wrongs and shame, has now resolved to try and break our famous island race."

And on Oct. 1st, 1939: "I cannot doubt we have the strength to carry a good cause forward." And on Feb. 16th, 1941: "Put your confidence in us. One day you will see our flag flying, and under Providence all will be well."

In Our Work Boxes
KNITTING: We received last week a large shipment of Navy and Royal Canadian Air Force socks. These may be able to have a little variety in their knitting. We hope from now on to be able to give you your choice of articles that you wish to knit. We have an interesting new quota and everyone should be able to knit the socks and knit they like best.

HELPING Our Vice-Mrs. Mrs. Leaven, has been doing considerable stock-taking, and with the co-operation of Headquarters, expects in the very near future to be able to bring more interest into this part of our work. We admit our quotas have not been so perfect but we are going to try and do our best to please both you and Headquarters.

HOSPITAL This faithful committee is carrying on as usual but is finding it very hard to keep up with what is required of them. I am sure they would welcome anyone who is anxious to help in this, one of the most important phases of our work.

Our Shipping Committee
We hear very little of this committee except at the Annual and this year they were overlooked entirely in the report. Nevertheless they are carrying on faithfully and doing their share of the work well. This committee consists of Miss A. Ryan, chairman, Miss Y. Adams, clerk and assistant, Mr. Wm. Long, who ties up and handles the heavy part, and Mr. Chas. Parker, who does the carting free of charge. We appreciate all they have done but they ask no thanks or praise as they too are doing it for the good of the cause.

Prisoners-of-War Parcels
Did you ever hear of a "capture" parcel? Well, the Canadian Red Cross has sent "capture" parcels to our men taken prisoner at Dieppe—eleven parcels of comfort, containing socks, sweaters, scarf underwear, pajamas, shirts, shaving kit, hatbrush, comb and a comfort bag containing 14 items such as soap, tooth brush, and other toiletries.

Messages received from Georgetown boys who are prisoners-of-war in Germany read in part: From Eddie Franklin: "Mother, never turn the Red Cross from your door." From Johnny Wilson: "Mother, see the Red Cross." This is part of a letter of appreciation, written by an American mother, whose son was a RCAF Pilot Officer and is now a prisoner-of-war in Germany: "When we realize there is such an angel on earth as the Red Cross we know, even through all these sad times, 'God is in His heaven,' else one could not have such agencies—and I'm grateful."

BLOOD DONORS
In two scenes: On the battlefield on the sands of a North African desert—a wounded soldier who could not have been moved back to the base hospital without first being given plasma from a bottle hung on the end of a bayonet. On a Red Cross cot in any blood donors clinic—a home-front hero who laid himself down and cheerfully and safely bled vicariously to save an unknown soldier.

DIED AT 91, ONCE MAYOR

Thomas Mars, former mayor and one of Brampton's oldest citizens, died in Peel Memorial Hospital, on Monday. Mr. Mars would have been ninety-four years of age on March 10.

Born in Orangeville, Mr. Mars came to Brampton as a young man where he engaged in the tin-smithing business. Later he established his own business with his sons. He carried on his trade every day at his place of business till a very short time before his illness. He was mayor of Brampton in 1916 and served a number of years on town council. His wife, formerly Eleanor Gray, predeceased him twenty-two years ago. He attended St. Paul's United Church.

He was active in sports in his youth and later was an enthusiastic supporter of Brampton Excelsiors. Surviving are three sons, Fred, of Australia; Harry and Walter, of Brampton; and one daughter, Mrs. Albert Joslin, of Toronto. Another son, Andrew, of Edmonton, Alberta, died two months ago. Mr. Mars is also survived by eleven grandchildren and two great-grandchildren. The funeral was held on Wednesday with interment in Brampton cemetery. Rev. E. A. Chester conducted the service.

**WOOD-McCALLUM WEDDING
THURSDAY IN GUELPH CHURCH**

A quiet but very lovely wedding was solemnized on Thursday, February 14th, in St. Patrick's Church, Guelph, when Beatrice Woods, daughter of Mrs. Geo. Woods was united in marriage to John McCallum of Toronto, son of Mr. John McCallum of Limehouse. Rev. George Mackey officiated.

Given in marriage by her brother, the bride looked very becoming in a brown tailored suit of English woollen crepe, with matching accessories. She wore a corsage of sweetheart roses. Mrs. O. Riddall, as matron of honor, wore a navy woollen suit with accessories to match and a corsage of American Beauty roses. Mr. Victor McCallum, brother of the groom, was best man. A reception was held at the Royal Hotel in Guelph. The bride and groom left later to go to Hamilton and on their return will reside in Toronto.

Admiral Beatty's Salute
John Hartley, formerly Organist of St. Giles' Edinburgh, and now living in Winnipeg, treasures a striking testimonial that is given in anxious times by church organs. It is a letter he received from Admiral Beatty from H.M.S. "Lion" in July 1918. "Dear Mr. Hartley," it runs, "I apologize for troubling you. But I make so bold as to write and ask your permission to be allowed to come sometime and sit in the organ when you are practising on the organ. I am no musician, but the one thing I love to listen to is the organ. I know yours at St. Giles' is magnificent and the one thing that brings peace to my mind in these terrible days would be to sit in a quiet corner and sit in the organ. I can have old poured on the troubled waters of the world. If it would be so kind and let me know if it would be possible, and when you practice, so that I could run up I know I should be so very much better for it.—Yours sincerely, David Beatty, Admiral."

Women's Work Committee
Well our first shipment to Navy League Headquarters has been made. In the short time we have been at work it consisted of 2 cartons. In the first carton, which contained used articles for survivors, the following were packed: 3 quilts, 1 man's overcoat, 2 leather jackets, 2 children's fur caps, 1 child's overcoat, 2 scarves, 2 pr. gauntlets, 1 man's suit, 1 ladies' skirt, 3 ladies' sweaters, 1 ladies' vest, 3 pr. bloomers, 1 sweater and cap, 3 suits men's underwear, 1 pyjama coat, 1 ladies' dress, 1 pr. mitts, 1 pr. rubbers, 3 blankets, 1 bol. chamois lining, 2 bol. fur pieces. The second carton contained new woollen articles as follows: 9 sweaters, 1 sliver's sweater, 1 turtle-neck sweater, 4 pr. socks, 1 helmet, 7 caps, 7 pr. gunner's mitts.

Mrs. Mendham especially wants to thank all those who worked so hard and well in order that this first shipment was sent out so promptly.

Dilly Bags
Individual acceptance of dilly bags to all have been made by several people in town. This means an out-lay of about \$5.00 and the dilly bags can be handed in at any time or gradually over a period of nine or ten months. As well as being very beneficial, it can be quite an interesting past-time.

We note in reports from Headquarters that acknowledgments of woollens, dilly bags, comforts and cigarettes by the crews of several ships including the U.S.S. Avalon, and as two of our Georgetown boys, Joe Wilcox and Jack Tost, are serving on this ship we are glad that they are being looked after by the Navy League. What a pleasant boomers! Your dollars going to buy comforts for our Geor-

town boys. The Plan. Sounds as though they might be inanimate objects, but they are far from that for that is the whole our sailors give to torpedoes. They are like a first—a good servant but a bad master—a good friend but a bad enemy. And what of the victims of these tin fish? Mr. J. M. McLeod, M.P. of three of the Navy League's Allied Merchant Seamen's Clubs states as follows: "They came to us from the horrors of shipboard, more dead than alive, with their bodies sheathed in ice, looking to us for comfort, warmth and succour. We have had sailors brought in to us so badly frozen—so utterly chilled in ice—that it has taken us a solid hour to get the clothes off them. During that hour, actually, when we give them warm woollens and clothing and equip them once again to meet the horrors of war. For these brave men—some of them youths who have been torpedoed four times, have reached the age of 18—must go back for another crack at the enemy."

These are the men who are helping to beat Hitler in a big way for they take the vital supplies necessary for maintenance of our Canadian troops as well as those of Britain and her allies.

AID TO RUSSIA

How much do we owe to Russia? Why? Everything that we own. The sacrifices of Russia. Will never be fully known. We only know they saved us. By stopping the German Horde. 'Twas Russia's men and women who fell by the German sword. They gave us time to muster, An army full and strong. They bore the brunt of battle, A battle they've bravely won, Russia's men and brave young women. Have bled and burned for UB. Dare we turn a deaf ear to their pleading? When we know that it might have been us. Sure we'll go to the aid of the Russians. Well work and give of our funds. They deserve all the help we can give them. To wipe out the horrible Huns.
