Miss McDonald was a daughter of the late Archibald and Margaret McDonald, pioneer residents of the Scotch Block section in Esquimaux Township. It was here she was born, but forty-four years ago she came to reside in Arton. For many years she was a faithful employee of the Storey Glove Company. Of the family only the one brother, Malcolm, remains, who resided with her on Lake Avenue.

She was a staunch and true member of the Presbyterian Church and when health permitted was regular in her attendance at its service. Of an unassuming nature, she went quietly about her daily life and all who knew her respected her. A sister, Mrs. Susan Scott passed away less than a year ago.

The funeral was held on Tuesday afternoon with a service at the home conducted by her minister, Rev. Forbes Thomson, and interment was made in Fairview Cemetery. At this service friends not only from Arton, but from Toronto, Georgetown, Corwin, Milton, Elora, Guelph and Peru, gathered to pay tribute to the life they admired.

The pallbearers were Messrs. Alex. Pusey, Melvin Turner, Wilfred McDonald, Alvin McDonald, Wm. Allan and Thos. Kennedy.

MISS GRACE McDONALD DIED

BALLNAFAD

The February meeting of the W.M.S. was held at the home of Mrs. Swindhurst. The Worship Service was led by Miss B. Hills, the theme being "Wholesome recreation for all". Mrs. A. O. W. Foreman presided at the meeting in the absence of the president. The roll call was answered with a New Years poem. Mrs. Foreman read a very interesting item on temperance.

The topic which stressed the Church having a great responsibility notably to eliminate unwholesome recreation, but to provide in Christian homes, in the Church, and through the action of Christian Citizens, in community centres, recreation that will be a power for good in the life of all, was read by Mrs. J. Kirkwood. Plans to hold a meeting on the World's Day of prayer were discussed.

A much needed additional exit is being added to the Community Hall.

"We are more than holding our own."

These are the heartening words of Prime Minister Churchill in a recent speech to the House of Commons on the campaign against the U-boat.

However, Hitler is building submarines twice as fast as they are being destroyed. It is estimated that he now has about 400 submarines; and as the building of more and more has been given Mo 1 priority on the Reich's industrial list by spring it is estimated that between 500 and 700 will be ready for action. These submarines are far faster, longer-ranging than in the last war and are believed able to communicate not only with their bases by radio but with each other under water.

How does this affect the Navy League? To Canada's convicts, for their work of guarding convoys, must go a great deal of credit but there are bound to be some losses; and when these occur the Navy League has pledged herself to look after the survivors. Every sailor that is rescued has to be re-outfitted with two sets of everything that is why our cry is "WOOLLENS AND MORE WOOLLENS".

Here is a letter, typical of many received:

"I found your name tucked into a pair of socks in the last parcel I got from home. (anywhere in Canada is 'home' to us, now that we're so far away). There were mitts in the parcel too, and a balacava, and pair of those huge, thick sea boots. I'm sure glad you sent your name, because now I have chance to thank you.

Those warm woolens are the best pals we have during these cold nights at sea. Especially when the watch starts at four bells, with the Northern lights glinting on ice-coated boards and ralls. The winds so biting that if we didn't have all the hand-knitted stuff to keep our hands, feet and ears from freezing, we'd never be able to stand our "four-on and four-off" routines all night long.

Don't ever think that just because we're men, we sailors don't realize how much work and care goes into the knitting you women do for us. And we're mighty grateful! Whenever a new parcel arrives we feel again the staunch backing that you, our Canadian women, are giving us. . . and it seems to be part of the 'why' of everything.

DITTY BAGS

Are they worthwhile? Do we get the value out of them? Here is an answer for the most pessimistic critic that you can produce:

"I was aboard a minesweeper out here at a small Atlantic port and didn't expect we'd get any Christmas mail as we'd moved our base," writes an American in the Royal Canadian Navy. "but we were lucky for our Christmas turkeys and puddings arrived on time and for me, 15 letters, 2 telegrams and a Navy League ditty bag. I want to thank you for the thought behind that ditty bag. To have someone think of you when they don't even know you, and to go to all that work and expense for a complete stranger, is mighty fine. I hadn't expected much of a Christmas as all my friends are down in North Carolina, but you all helped me to have one of the best Christmases I've ever had."

HAVE YOU A TICKET?

We hope you have because the Navy League cushion that you see in Mr. MacCormack's window is being drawn on the 18th of this month at a St. Patrick's social evening being held at the home of one of the members. Better get a ticket. This time you may be lucky.

SEE NAVY LEAGUE DISPLAY!

We are planning a display of our work in one of the windows of Mr. MacCormack's drug store on Friday and Saturday, March 5th and 6th. There will be things both old and new. We can use your cast-offs. This year spring-clean in earnest and let us have your discards. Clothes that are too far gone to be of any use in their present state, are washed and cut up into quilt patches. Leather and fur pieces are sent into headquarters to be made into jerkins and to line seamen's coats respectively. We are sure once you see this display you will be able to help even if it is only in a small way.

Only this past week our hearts glowed with pride over the congratulations of the British Admiralty—tense to the land-lubber, but a glowing tribute to those conversant with navy ways—heaped on two Royal Canadian Navy ships, H.M.C.S. Columbia, a destroyer, and H.M.C.S. Wabago, a minesweeper, for fortitude and fine seamanship in bringing the disabled British destroyer H.M.S. Caldwell safely to port during a fierce North Atlantic gale.

For these men and for many like them, we ask your support. Will you be able to wave a flag on the day of Victory if you fail to do all you can to bring that victory about?

WHEN WE COME HOME

Home is the ending of the road,
 The place where we lay down our load;
 We cross the threshold, and forget
 Life's work and worry, fuss and fret,
 We need no longer strive or strain,
 With wearied limbs and busy brain.
 For here, when sunset paints the west,
 At close of day, we take our rest.

But Home means more than hearth or chair—
 A tender heart must greet us there,
 With kindly words and loving smiles,
 Drowning the memory of the miles
 So even those who never own
 A dwelling-place of brick or stone,
 Can rest content at journey's end—
 Home is the heart of one good friend.
