CANADA NEEDS 40 MILLION POUNDS OF FAT

HERE IS YOUR SECRET WEAPON

Save Fats and Bones

AND HELP SMASH THE AXIS!

The next time you are frying or roasting
something, just imagine the satisfaction
it would give you to pour that hot fat
right down the back of Adolph, Tojo or
Benito.

You can even do better than that. Fat
make glycerine, and glycerine makes
high explosives to sink their submarines,
destroy their aeroplanes and tank
homes produce fat, also glue for war
industry.

Every spoonful of dripping, every
ounce of scrap fat, and every bone,
cooked, uncooked or dry, must be saved.
Strain all drippage through an ordinary
strainer into a clean wide-mouthed can.
When you have collected a pound or
more of fat drippage take it to your
meat dealer who will pay you the
established price for the dripping and
the scrap fat. Or you can donate it
through any Municipal or
Salvage Committee collection sys-
tem. IN EFFECT in your com-
munity.

You can be a munitions maker
right in your own kitchen. Every
day, this easy way, keep working
for Victory by saving every drop of fat
dripping, every piece of scrap fat, and
every bone.

This campaign is for the duration.
