**"BAMBI" IS MOST BEAUTIFUL OF ALL DISNEY PRODUCTIONS**

The most beautiful as well as the most mature of Walt Disney's feature productions, "Bambi" uses the background of the Maine woods, at all the varying seasons of the year, to tell its appealing story of birth, life, love, parenthood, tragedy and triumph. Famous author Felix Salten wrote this story, using animals of the forests as characters, and turned out a best-selling book-of-the-month novel. The Maine "deep woods" backgrounds were secured during a year's sketching and photographing trip by the Disney artist, Maurice Day.
