MORE RECRUITS NEEDED FOR LORNE SCOTS RESERVE

Civilian Committee Leads Support to Help Fill Ranks—Exhibit at Armistice or at Committee Rooms in Waterworks Building.

"If You Can't Go Active—Go Reserve" apt slogan for recruiting drive. Every effort possible is being brought to bear between April 10th and 24th, in order that the ranks of the Lorne Scots (P. D. & H.) Regiment Reserve may be brought up to strength. Throughout the three counties of Halton, Peel and Dufferin recruits are being sought who are willing to give at least part of their time to train for the defense of their country.

It is confidently anticipated that the three Counties will supply the additional men needed, and particularly so when everyone is acquainted with the necessity of service in the most important branch of the Armed Forces.

The time was never more urgent and it is understood that it is imperative now to bring, not only the Lorne Scots up to the required establishment, but also similar units throughout Canada.

John D. Kelly, the chairman of the local Civilian Committee, expressed his appreciation of the wholehearted support of the many committee men and the merchants who are sponsoring the advertising, and feels Georgetown will do their share in raising the quota of recruits.

On Saturday evening next, April 17th at 7:30 p.m. a unit of the Lorne Scots augmented by men from the services, the High School Cadets and the Boy Scouts will stage a parade on Main Street as a feature of the Reserve Army Recruiting drive. Lt. Col. L. H. Bertram, M. C. of Brampton Commanding Officer of the Lorne Scots (P. D. & H.) Regiment will take the salute, along with His Worship Mayor Gibbons, from the steps of the new Municipal Office building. Both Lt. Col. Bertram and Mayor Gibbons will later address the audience. The Lorne Scots Band will head the parade. Capt. H. C. McClure will be in charge of the local company.

The registration office in the Waterworks Building was opened last Saturday evening by the Citizens' Committee, and enquiries as to the Reserve Army were taken care of from this point. This office will continue to be open until the drive has concluded and the quota reached. A loud-speaker system has been installed over which recorded Army data is broadcast.

To be eligible for the Lorne Scots Reserve a man must belong to one of five age groups: 17 and 18 years of age, single men 21 to 30 years, married men 28 to 35 years, Great War Veterans up to 35 years (these four are open to men of categories "A", "B" and "C"), and all men of 17 to 50 years in category "D".

CARD OF THANKS

We wish to thank our friends and neighbours for their kindness, flowers and sincere words of sympathy in our recent and loss of a beloved daughter and sister Jessie.

Mr. John Shepherd and Family.

The New War Loan

On April 26th will begin the sale of bonds for the new war loan. This year will see the crisis of the war. Money, more money will be required for munitions of war to keep the planes flying and the guns firing. Money, more money will be needed to feed and clothe the men at the front, the sons, brothers, husbands who are fighting our battle.

Ours it is to provide the sinews of war, the money to build ships, to make guns and planes and tanks, to train and feed and clothe our defenders on the sea and the land in the air.

The tempo of the war is speeding up; hence the greater need this year. The sacrifice we are asked to make is a slight one, if indeed it is a sacrifice.

We are not asked to give, we are asked to lend; we will get our money back and with interest. We do not lend our money we shall have to give it in the form of taxes and then we will never get it back.

Georgetown Bowling Club Annual Meeting

A capacity turn out of members of the Georgetown Bowling Club met in the office of E. C. Thompson on Wednesday last for their annual meeting and election of officers for 1943. The chair was occupied by President B. T. Param.

The Secretary-Treasurer of the Club, B. P. Chapman, reviewed the activities of the past year which showed great improvement over the past years, and winding up the year with a substantial bank balance.

A resolution was passed by the meeting to join the Provincial Lawn Bowling Association.

It was decided by the meeting that the membership fees remain the same as last year.

The highlight of the evening was the address given by Mr. W. O. Bell regarding the formation of a Junior Club, comprising boys and girls from 16 years up. As the speaker explained very little sports are offered to our young people except the entertainment and education obtained by the Girl Guides and Boy Scouts and he felt that if a junior club were organized that lawn bowling would greatly help the young people to enjoy this form of recreation. A delegation composed of the President and Vice President are to meet the members of the Ladies Club to complete the organization of the Junior Branch. By motion of the meeting the fee would be set at \$2.00. Immediately this Junior club is formed all members present offered to help the young people and give of their time and knowledge and teach them the art of lawn bowling.

Following the routine business of the Club Mr. F. C. Thompson was called upon to take over the chair for the election of officers for the coming year which resulted as follows:

President—James Richardson.
Vice President—Fred Thompson.
Sec. Treas.—B. P. Chapman.

THE WEATHER

By H. L. HULL

Weather of day, we are to have a late of rain, spring rains starting on the 14th. The weather forecast during the first half of April. From what April has given us so far we cannot expect nearly so early a spring as last year. The daily average temperature for the first two weeks of April last year was 34.00 degrees. This year it has been only 33.80, or 0.20 degrees lower.

During the past week we have had a couple of inch snowfalls. In the corresponding week last year we had on the 12th a six inch snowfall, but it was soon followed by warm weather and we got no more snow or rain all the rest of the month, which enabled the land to dry up quickly and we had an early spring. After the already late start we can hardly expect that again this year.

Halton Well Organized—Campaign Opens April 24th—Amos, Mason, County Chairman—Ralph Ross, Local Chairman

At an organization meeting in Milton last Wednesday evening, when plans were laid for the forthcoming Fourth Victory Loan, Chairman Amos Mason, announced that the Halton County objective would be \$2,400,000 for the general campaign. This would mean an average amount to proportion to any county, but those present felt that Halton could and should see this thing through. Every possible effort will be put into this campaign in order that we shall not let the boys in the front line. We must back the Attack to the limit of our dollars and give them more tanks, guns and other supplies.

Never before was this county so well organized, as it is for the Fourth Victory Loan which opens on April 24th. If this can be taken as a barometer, we will undoubtedly go over the top in another campaign.

Mr. Amos Mason, of Acton, has succeeded Mayor Frank Pullen, as County Chairman, and is doing everything in his power to put the machinery to work. Locally, Mr. Ralph Ross is heading a committee of enthusiastic and willing workers.

The savings of every man, woman and child are needed to help win this war. Victory Bonds are a means by which you can contribute to victory. Plan now what you will do. This is not a gift or a charity, it is a loan backed by the resources of the greatest country in the world.

The Georgetown and district objectives will be announced shortly, but in this loan it is the wish of the Chairman, that we concentrate on putting the county objective well over the top, rather than the individual district competition as in past loans.

AEROPLANE CRASHES IN CLEAVE'S FIELD LAST WEDNESDAY

Around 11:30 last Wednesday morning a Tiger Moth 2 winged aeroplane crashed in one of Mr. Harold Cleave's fields. Residents of Georgetown heard the aeroplane circling around just before it crashed. The pilot did not suffer many injuries but his plane was damaged quite badly as the front was all smashed in. This was caused by a "nose-in" landing. The pilot said he tried to land in the park but on the last time trying to circle around the engine stalled and he had to manage it as best he could. The plane was coming from Owen Sound and was headed towards Oshawa, Ont. It was torn down by the wrecking crew sent out from Oshawa, put on the truck and taken back to its base. The pilot was LAC Vern Corbett.
