# Reserve Army Recruiting Campaign

Men! Here Are Ten Reasons Why You Should Join the Reserve Army

- 1.—There is no just reason why every able bodied man should object to receiving healthful training.
- 2.—It means only one night a week and a holiday of two weeks at camp with pay.
- 3.—You are not being asked to go ACTIVE, but merely to become trained so that you will be ready to do your part in defending CANADA if the need should arise.
- 4.—After all many have gone or are going overseas and CANADA can only be protected by the services of men like ourselves—Members of the RESERVE ARMY.
- 5.—If you can't go Active you can at least take the place of a man who can. And if the occasion should arise you have at least some training and be ready to step in and do your bit.
- 6.—What would your feelings be if Canada were attacked to-morrow? What steps would you take to protect your home and family? Would you just hide and let the RESERVE ARMY protect them and offer the excuse that you were not prepared? THIS WON'T LET YOU OUT. Why continue to ignore your responsibility and leave it to others. AFTER ALL IT IS EVERY MAN'S JOB. Do not console yourself that it cannot happen here—IT CAN.
- 7.—Wouldn't you feel much happier if you had some training whether you require to use it or not, so that you will be prepared to do your share with the others?
- 8.—Is it perchance the fear that when you join the RESERVE Army that you will be pressed into Active Service? If so, you were never so far wrong. It is true that many from the Reserve Army have enlisted for service overseas but on a purely voluntary basis. No pressure was brought to bear on any of them.
- 9.—If you don't enlist in the RESERVE ARMY, remember you are just doing what HITLER wants you to do by joining the ranks of his sympathizers. Surely this cannot be your intention. Remember if and when your help is needed you must be prepared and this cannot be done overnight. THAT is how the call will come, not by six months of warning.
- 10.—If you have been granted deferment or exemption from the Active Army this is all the more reason why you should go "Reserve".
