F. L. and Mrs. Kenneth Mackenzie of Aylmer, spent the Easter week end with Mr. and Mrs. J. B. Mackenzie. Miss C. G. McQueen, of Ottawa, is visiting at the home of her sister, Mrs. Mackenzie, this week.

School Children to Attend Next County Council Session

Halter County Council met in Milton April 27th with Warden McDonald presiding and all members present except for the reeve and deputy-reeve of Oakville.

Road Liability Insurance and Workmen's Compensation were the main business of the day. Minutes and reports were read, the latter afterwards being considered by the Committee of the Whole with Reeve C. H. Haslop in the chair.

A communication to the proposed visit of representatives public school children to a meeting of the Council led to Mr. Roy Smith, County Engineer and the reeve of the four townships being associated as a committee to make plans for the children to be the guests of the Council at their next meeting. Mr. Smith stated there are 67 schools in the county eligible to send a representative to this meeting.

Committee on special Communications recommended that a letter from Halter County be discussed which asked endorsement of a resolution petitioning the government to either raise the ceiling on farm prices or restore the old order of supply and demand. Also that further relief be provided to correct the shortage of farm help through loss of farm labor to other industries. The motion was carried down and ordered filed.

Mr. Blair gave a report on the House of Refuge at Brampton where he said there were at present 111 inmates. Difficulties had been met with regarding the building of a new wing for the men's quarters owing to shortage of help due to war conditions. So far it had not yet been possible to secure the services of an architect. The Warden expressed regret that this was so as there were now 13 men in the basement where conditions were far from satisfactory.

The following resolutions were passed:
 Finance 5 733.32
 Education 4 818.96
 Printing 110.78
 322.49
 County Buildings 67.58
 Hospital Accounts 809.72
 Total \$6,945.72

Moved by Mr. Clark seconded by Mr. Blair that this council go on record as being in favor of an increase in Old Age Pensions and that a copy of this resolution be forwarded to the Old Age Pension Department in Toronto.

The Good Roads Committee brought in a recommendation that the Road

IN MEMORIAM
 MUIR—In loving memory of a dear Wife and Mother, Rose Ann Muir who died May 8th, 1938.
 Ever fondly remembered by
 Husband and Children

Liability Insurance be placed with the Continental Insurance Co., at a premium of \$346.80 and the Workmen's Insurance be placed with the Workmen's Compensation Board.

The recommendation on both counts was adopted and later passed in open Council with practically no discussion since the matter had been gone into pretty thoroughly by the Road Committee previous to meeting of the Council.

The County auditor, Mr. W. I. Dick reported on a meeting with the CPR with reference to a request for better train service at Hornby and Campbellville. At this meeting representatives of the Railway Board had asserted that if the morning train were to stop at Hornby as requested it would take a ton of coal to get up steam again. Mr. Harry Robertson Hornby, who was also present at the meeting, had suggested that Hornby be made a flag station. The objection to that was that the train would have to be under control in order to stop if necessary and this also would result in an increase of fuel. Practically the same arguments were put forward in regard to Campbellville. There was a very heavy grade and the morning train was very often a double-header. Other arguments were based on the time factor—stopping at these two stations would entirely disrupt their time schedule, the Board alleged. Mr. Dick said however, that he was satisfied that the CPR time table would allow for some adjustments.

It Costs 1 Per Cent

If a farmer wanted to buy some cattle to pasture, he would scour the countryside, buying where they were available. Suppose he spent \$1,000 for the cattle. Would he figure that it cost him too much if he spent \$10 in gas and oil, wear and tear on his car, and his time?

If a merchant needed some ready cash and decided to put on a sale which would net him \$1,000, would he be spending too much if publicity that attracted the customers cost him \$10?

Some people suggest (without thinking, we believe) that too much money is spent in carrying out the Victory Loan campaigns.

Possibly they are not aware that the over-all cost (including everything) amounts to only 1 per cent.

Ninety-nine cents on every dollar goes to the Federal treasury, to carry on the war effort and the nation's business.

Canadians donated over \$3 million in cash to the Aid-to-Russia Fund, plus clothing valued at over a million dollars. It cost 1.55 per cent to cover the cost of this campaign.

It costs about the same percentage to stage Red Cross campaigns, the latest of which netted over \$10 million.

The fact of the matter is that few campaigns cost a little, in proportion, as Victory Loan campaigns.

Instead of being charged with extravagance, people familiar with such campaigns are amazed that Victory Loans are staged at a cost of only 1 per cent.

It is all a matter of viewpoint. None of us ever face the task of trying to get subscriptions of a billion dollars to Victory Loans. If we faced such a task, we would be pleased indeed if we were able to keep the cost down to 1 per cent.

Never before was it so vital that proper care and maintenance be given your Car.

Motor Hi-Klonic

A sensational new service—removes sludge, acids metal filing, grit from crankcase.

An Internal Bath for the Engine of your Car

- Cuts Motor Maintenance 85%
- Cleans Internal Working Parts
- Improves Motor Performance
- Frees Sticking Valves (due to lack of lubrication)
- Insures 100% Lubrication

Cleans with Hot Valve Oil

Twenty years ago the crudest methods were adequate. Today higher speeds, closer clearances, greater compression; necessitate revolutionary lubrication procedure. NEXT time clean with HI-KLONIC before you lubricate.

Price \$1.00 PLUS AN OIL CHANGE
