DO WE WANT TO HEAR

"Too Little . Too Late"

People of Georgetown and District are responding in a patriotic way to the FOURTH VICTORY LOAN but the objective is yet far from being realized. A tremendous amount will have to be raised in the next few days if we are to "Go Over the Top" as we have done in previous loans.

PEOPLE OF Georgetown and District

... about this matter of Victory Bonds

WE'RE NOT DOING OUR SHARE

THE sale of Victory Bonds in this community since the opening of the Fourth Victory Loan has not been encouraging.

We are not buying the new Victory Bonds in anything like the way we should be buying them.

A quota was set up for this community — and from present indications we will not meet that quota.

The quota is a modest one, too—an amount that should be easy to meet—a quota that can be met without inconvenience to any if each one does what he should do.

As a matter of fact, there should be no quotas in connection with the sale of Victory Bonds. The war is a matter of life and death. We haven't won the war yet. If we give the matter proper thought each one of us will buy Victory Bonds with all our available cash—and as much more—on the instalment plan—as we can pay for in the next six months. And we will scrimp to save to do this.
