LETTER OF THANKS TO FRIENDLY NEIGHBOURS

The Friendly Neighbours Club, with Mrs. Williams as president, has given me a great deal of pleasure in helping me to get back to my club for just what I needed for my home.

I am most grateful to you for the help you have given me, and I am sure that you will continue to be of great help to me in the future.

Yours truly,
Harold Wheeler

WHEN YOU FLICK ON A SWITCH... what happens?

When you flick on an electric switch, it is a summons to a modern service... electricity cannot be stored... it must be produced as it is needed... to provide this miraculous service a tremendous amount of equipment and personnel is required... thousands of miles of transmission lines... all of your command by the flick of a switch.

The generation must be in constant operation, ready to meet your needs. Automatically controlled gates, govern the flow of water that races down the penstock through the turbine generator which converts the power of the plunging water into electrical energy. The power, thus created, flows out over a network of transmission lines at the amazing speed of 186,000 miles per second.

Out along the transmission lines to substations flow this useless energy, a supply of power for your community's homes, businesses and war industries.

Here it is fed into the local distribution system and then stepped to the pole to be converted to a voltage suitable for your requirements.

From the generating station to your home this flow of electrical energy is continuous... instantly ready at your command 24 hours a day. To provide this service necessitates an organization constantly alert, maintaining equipment through fair and stormy weather... meeting all emergencies so that you may have the use of this modern servant at the flick of a switch.

To-day this mighty Hydro service, so essential to economy and well-being, is vital in the fight for freedom, without which our industries could not produce the war equipment and speed the day of Victory for which we are all working. This is the year that counts.

Freedom's Fires Must Be Fed Our COAL!

CANADIANS must dig and deliver coal that we may call convoys, power vital war plants, keep our railroads rolling, preserve the nation's health!

The coal mining industry—miners and management alike—have done wonders to provide coal, but they need help. More workers must be provided, or we falter—possibly fail—in this grim hour. Nature has been generous but we must help ourselves. Our mines are rich, but undermanned. By Proclamation, His Excellency the Governor General in Council has declared that labour supply for coal mines ranks as a national emergency. Further, in order to provide manpower for coal, the Governor in Council has issued an Order in Council aimed at swelling the flow of coal from mine to firepot.

This Order is of vital interest to everyone in Canada. Every Canadian should read and study its provisions, to see whether it demands any action on his part:

1. EVERY EMPLOYER, REGARDLESS OF HIS INDUSTRY, must advise his employees of these Regulations, and he must assist in determining whether any of his employees have had previous experience as coal mine workers.
2. EVERY EMPLOYEE, REGARDLESS OF HIS INDUSTRY, who has had previous experience as a coal mine worker, must report that fact to his employer not later than Tuesday, May 25th, 1943.
3. A "COAL MINE WORKER" FOR THESE PURPOSES is anyone who, since January 1st, 1935, has worked under provincial certificate or license in or around a coal mine, or who, since the same date, has been employed for a total of at least 26 months in the production of coal (except at office work).
4. EVERY EMPLOYER, NOT A COAL MINE OPERATOR, must report in writing to a Selective Service Officer not later than Tuesday, June 1st, 1943, full details on any of his employees who are coal mine workers.
5. SELECTIVE SERVICE OFFICERS ARE AUTHORIZED to require coal mine workers to report for interview and to accept work at a coal mine.
6. SELECTIVE SERVICE OFFICERS MAY REQUIRE any man in any employment, if subject to Mobilization Regulations but exempt from Military Training, and certain others exempt from Military Training, to accept employment at a coal mine.
7. NO COAL MINE OPERATOR may terminate the services of any coal mine worker without written permission from a Selective Service Officer.
8. NO COAL MINE WORKER may leave employment at a coal mine without written permission from a Selective Service Officer.
9. EVERY EX-COAL MINE WORKER, returning to the industry under these Regulations, will be paid wages at the established rate for the job at which he is placed; and the Government will pay wages of 40 cents an hour, 8 hours a day and 48 hours a week, to any ex-coal mine worker required to leave his present employment under these provisions, but not placed immediately at coal mining.
10. A BOARD ALLOWANCE of not more than \$7.50 a week may be paid an ex-coal mine worker now returning to a coal mine, if required to live away from the residence of his dependents.
11. PRESENT AND FUTURE COAL MINE WORKERS will be granted postponement from Military Training to February 1st, 1944, in virtue of their occupations, and no coal mine worker will be accepted for voluntary enlistment in the Armed Forces of Canada, prior to February 1st, 1944, except under permit to enlist from a Selective Service Officer.
12. NO EMPLOYER IN CANADA, EXCEPT A COAL MINE OPERATOR, may solicit for employment or hire any coal mine worker.
13. REGARDLESS OF ANY DOMINION OR PROVINCIAL LAW, male persons at least 16 years old may be employed as coal mine workers, and female persons at least 18 years old may be employed as surface coal mine workers.
14. WAR EMERGENCY TRAINING CLASSES will be available for training men as coal mine workers.

Such is the substance of the new regulations. Full details may be had at any Employment and Selective Service Office. If these provisions require action on your part, you are urged in the national interest to act immediately. Selective penalties are provided for non-compliance, but the Government relies on the co-operation of the citizens of Canada to make prosecution unnecessary by prompt action as required. This is a grave emergency. Coast if you can.
