Camp Training at Niagara

Battalion Strength Now Up to 640

The annual summer camp season has already arrived in Military District No. 3 which has the largest Reserve Army personnel in the Dominion. There will be four camps to which units in the district will go for their 14 days of advanced training: Niagara where most of the Reserve Army men will go under canvas; Petawawa where all but one of the artillery units will train; Bault St. Marie, where the Bault St. Marie and Sudbury Regiment and the 23rd Company of the Veterans Guard of Canada will train from July 18 to August 1, and Sudbury, where one company of this regiment will go into camp from July 4 to 18.

The Lorne Scots, 2nd Battalion will go to camp at Niagara-on-the-Lake on July 18th and remain until August 1st. It has been announced. It is not known at present exactly how many will be going, but it is expected that the number will exceed that of previous years, due largely to the success of the recent recruiting campaign.

The Commanding Officer, Lt.-Col. L. H. Bertram, M.C., has written the members of the Civilian Committee, thanking them for the success of that campaign.

The letter read in part as follows: "You will no doubt agree that the undertaking was a complete success, and as one of the organization, you may rightly feel proud of the achievement. The Lorne Scots Regiment has always stood high in the estimation of National Defence Headquarters and this recent success will indeed raise the standing just a little higher."

Attached to the letter was a statement of the results which showed officially that 437 have been added to the regiment against an objective of 400. This brought the total strength at May 31st, 1943 to 908 compared to 472 at the commencement of the campaign.

HIGHWAY ACCIDENT SATURDAY AFTERNOON

What might have resulted in a more serious accident, occurred on Saturday afternoon when a car driven by Gustaf Backstrom of Windsor collided with a parked truck owned by Saxe Motors. Backstrom was driving towards Toronto when his car failed to make the turn at the cenotaph and after striking the curb, careened over on to the other side of the highway, crashing into the parked truck. Gustaf's car was quite badly damaged, while the truck also had a few dints put in the body. A coal stove being delivered to the home of Mrs. Frank King was damaged from the force of the impact. Before leaving town Gustaf settled for all damages, while Officer Ray Mason investigated the accident.

Canning Sugar Coupons Mailed Monday

VOLUNTEERS ARRIVE LOCAL RATION BOARD

The Local Ration Board was a hive of activity again last week when they mailed canning sugar coupons to some 3800 applicants for the extra ration. Volunteers from town and Norval worked hard Thursday, Friday and Saturday so that the coupons could be in the mail first thing Monday morning. They worked in "shifts", under the supervision of P. B. Harrison, Secretary of the local board, and assistant secretary, Mrs. J. P. Reid.

Unfortunately, the local board has come in for considerable abuse from irate housewives who consider that they are being unfairly discriminated against in the allotment of extra canning sugar. A word of explanation might set these misunderstandings straight. The amount of sugar available for each person was decided by the Government. This figure was carefully computed from data concerning the general features of the district, the number of people, and the amount of sugar available. The coupons are issued only in multiples of 5, so that if an uneven amount of sugar was requested, say 38 pounds for a family of four, the local board is instructed to give the applicant 40 pounds. In no case must the amount given exceed the application, no matter how many there are in the family. The next lowest multiple of five must be taken.

Once more the local ration board has proved of valuable assistance to the government, and the ladies who helped in this very necessary work have their sincere appreciation.

SEABOMES ACROSS THE ATLANTIC

SECOND GARBAGE PICK-UP WEEKLY STARTS IN JULY

Mr. F. J. Fordyce of Toronto was hired as Georgetown's new night constable at the regular monthly session of council last Monday night. All members were present with Mayor Gibbons presiding, and it was unanimously carried that the salary of the new employee be \$250 per week. There were ten applications in all to the advertisement to fill the vacancy left on the resignation of Night Constable W. O. Zimmerman. Among the correspondence dealt with was a letter from the Liquor Control Board of Ontario, enclosing a cheque for \$402.44 as 30 per cent of the license fees which the government collects from hotels in the town selling alcoholic beverages. It was a matter of comment that the revenue from the same source last year was \$343.34. A letter was read from the Oddfellows Lodge, asking permission to lease the lodge rooms in the Arena. This the council was unable to deal with as the town has no authority to enter into any agreement until October, when their claim on the Arena property will be cleared if it is not redeemed by the Arena Co. up to that date. The recommendation of the Fire Chief that several alterations be made to reduce fire hazard in the building was discussed. One idea put forth was to change the doors so that they would open out instead of in. A letter concerning the alarming increase in child delinquency in the Province, was filed. The condition of the roads and streets in town came in for some detailed discussion. Chairman of the Roads Committee, Councillor K. R. MacDonald outlined the present urgent needs. In order that Council would have a better idea of what must be done, they will make an inspection of them on Thursday evening of this week. It was decided to lay a new 4 inch water main on Union Street, from King to Albert Street, as there is not sufficient pressure from the one now being used, and it is beyond any further repairs.

Mr. Robert Lane, newly appointed "Garbage" Collector for the town addressed Council, pointing out that it might be advisable to purchase a half ton of chloride of lime to be spread on the town dump to kill the objectionable odours, germs, and rats. The citizens in the vicinity of the park have been making complaints in this regard. In the interests of sanitation, council decided to order three 300 lb. barrels of the lime for the season. Mr. Lane did not think a second pick-up would be necessary until July, and unless advised to the contrary in the meantime by the garbage collection committee, the system of the second pick-up in the week for householders will not start until then.

The first Monday in July is an official civic holiday. It was moved by Hedley Shaw, and seconded by Joseph Hall that the following accounts be paid:
