### NO. 10 PLATOON "C" CO. FROM BRAMPTON HOLD SOCIAL EVENING

No. 10 Platoon "C" Company, 24th C. A. (B. T. 2), Brampton, held a social evening in the Legion Hall here, on Monday evening. This platoon has completed their training in Brampton and will leave shortly for further training in another camp.

As a last "get together" the boys in uniform motored to Georgetown under the command of Lieut. M. A. Wallis and a guest of the platoon, Lieut. O. H. A. Dudge. The arrangements for this party were under the capable direction of Lieut. O. H. A. Dudge, who kept the party in a jolly mood throughout the evening. Skills, recitations, and songs by members of the platoon were enjoyed by their comrades and the program kept moving at a lively pace. Cpls. McAndrews, Slack and Ostern were outstanding in their particular numbers.

Comrade Wm. Roney on behalf of the local Legion Branch extended a warm welcome to the boys on behalf of the Legion and wished success in their future training.

Lieut. M. A. Wallis, in command expressed his thanks to the platoon for their discipline and fine work they had done while under his charge. Sergeant Mounihan, who acted as Sergeant Major and put the troops through their training in camp expressed his views and explained that although he might not be very popular with the boys, his duties were to instruct them and see to it that discipline was maintained. He asked the men to always listen and do their utmost and work hand in hand with their Sergeant Major and warned them that although he did his duty while in camp, he prepared them for further training, and explained that as the course advances the tougher it gets, as far as discipline is concerned.

Sgt. and Mrs. T. Orlove also said a few words to the boys and Joe Foley sang a few songs and led the troops in a merry sing song. Mrs. T. Orlove served the boys a delicious lunch and at midnight the platoon embarked on trucks and were on their way to the barracks.

## FAT IS AMMUNITION!

Fat and bone conservation begins at home and ends in the firing line

- DO YOU KNOW -

One pound of fat supplies enough glycerine to fire 150 bullets from a Bren gun.

Two pounds of fat will fire a burst of 20 cannon shells from a Spitfire or 10 anti-aircraft shells.

Bones produce fat and aircraft glue.

If we saved fat at the rate of one ounce per person per week this would mean 36,000,000 pounds per year, enough to produce 3,600,000 pounds of glycerine for explosives.

### OUR FIGHTERS DEPEND ON YOU

"Every householder who delivers to a retail butcher, collector, or Salvage Committee, any rendered or unrendered fats or bones shall be entitled to receive from the person to whom they are delivered 4 cents per pound net weight for rendered fats, and 1 cent per pound for unrendered fats."

The above paragraph is a direct quotation from Order A-442 of The Wartime Prices and Trade Board.

"Rendered fat" means fat melted down and strained to remove solid matter. It includes drippings and strained pan grease resulting from the cooking of meat.

"Unrendered fat" means raw or partially cooked fat free from lean meat and bone, but not fully rendered.

"Bones" means raw or cooked bones of cattle, sheep and hogs.

**EVERY OUNCE COUNTS!**

**SAVE AND STRAIN EVERY DROP TO SPEED VICTORY. SELL IT TO YOUR BUTCHER OR GIVE IT TO YOUR SALVAGE COMMITTEE.**

**NOTICE TO BUTCHERS, HOTELS, ETC.**

You have been mailed a copy of Order A-442. This Order affects operators of hotels, restaurants and other establishments where meals are served. It is of immediate importance to butchers and slaughtermen. If your copy has been lost, you can obtain another from the nearest office of The Wartime Prices and Trade Board.
