Voted down by the Liberals including Mr. Nison

#### TOWN AND COUNTRY FLANSANO

The advisability of pleasure beforehand for postwar recovery was again person! upon the House by the Opposition is a resolution

which read: That the proposed St. Lawrence development and other public undertakings throughout the province, in the opinion of this Legislature, call for the immediate creation of an Ontario Town and Country Planning Commission, with authority to recommend and supervise plans for the recunstruction, reclamation, and development of rural and when area.

This and similar Opposition proposals Mr. Nison.

# **ECONOMY URGID**

In the same session the Opposition, impresend by the need for economy in the administration of the province, brought in a

be referred back to the executive council with instructions to decrease the total amount of supply by \$15,000,600. This was turned down by the Liberala, including Mr. Nison.

# **FOREST RESOURCES**

Later on Mr. Drew's followers offered a resolution demanding that the administra-tion and control of the provincial forest resources be placed under the direction of a public body to be known as the Ontario Forest Resources Commission, after the manner of the Ontario Hydro Electric Rejected by the Libertia, including Mr.

# **ESCONSTRUCTION PLANS**

In the late esseion of the Legislature (1943) the Opposition tept up the pressure for action by submitting this resolution:— This House regrets that the Liberal Government has introduced no legislation to provide for the re-establishment in civilian occupations of the members of our forces, for after wer reconstruction, and for work, wages, and social security for our people.
The Liberale, including Mr. Nison, voted

this down.
Still on the same Opposition proposed; That the Government should undertake with special reference to the constitutional relationships between the Dominion and Provincial Governments) a survey of existing social schemes here and slarwhere; and with due regard to the probable course of events after the war make recommendations for a unified worksble plan which will assure a proper standard of work, wages, health, education, and living standards. for all our people - with special refer-ence to the re-establishment of the men

# The Press Enderses Progressive Conservative Platform

DEEW PLANS & DYNLLING ONTAINS

(Eury Camery Reporter, Kingwills, Oat.) security, full employment, and economic planning are prominent topics of the day. George Drew's approach to the discussions forms a stimulating contribution Octario's planning problem, according so George Drew, is not a static one, but is dynamic in character, designed to develop so the utmost our Nature-given potentialities his view at arst may sound like old-like thinking, but one must admit that his approach is more than an echo of Laurier and Macdonald. He adds something new . . . our planning for the future must be dynamic.

#### DREW APPEALS TO THE BEST IN OUTLAND (Oscur Jures)

For the Progressive Conservative Programme offered the people of Ostario by George Drew, one thing must be said as the outset. It is that here at least is a promouncement by a public man who reveals understanding of the gravity, and the faith and hope, of our times . . . He (Mr. Drew) offers us a programme within the framework of freedom: a programme that must appeal to Ontario's tradition of individual independence and salf-reliance. He would have government control and superintendence for the citizen; he would not subject men to the deadening hand of bureaucracy, nor plan us all into puppers under drill sergeants of the state. That he leaves as it should be left to the Socialists of the C.C.F.... No Ontario leader in years has advanced a more progressive, a more humans, or a more hopeful programme.

DEEWS GREAT SOCIAL DOCUMENT (Tereste Glabe and Mail)

Progressive Conservative Leader, George Drew has raised the present campaign far shove the piceyeas things of the little politician. By it all the carping, all the sasers, the invendo and the perry clander of his critics were swept saids. In that address George Drew has given the people of Ontario a great document, the anest social document in Onterio's history; one which should be read, studied and thought upon by every citizen . . . Point by point it is a massive thing. Even in the skeletuaired form . . . it is a draumic and constructive programme. Almost every point offers a practical approach so fundamental problems. . . It is essentially a programme of work, a series of well integrated steps calling for the creative use of all our resources and all our skill . . . George Drew is publicly pledged to these 22 points. What is more, he is pledged to implement them with the guidance and suistance of the choses representatives of each group directly concerned. . . . If some concrete evidence of the granineases of the Parry were needed. there is the record. Many of the records of the points Mr. Drew tiemized in his address are not arw. He has offered them to the Legislature of the Province and as Opposition Leader offered to assist the Government in carrying them out.

#### TO THE RESCUE OF REAL ESTATE (Windor Ster)

Mr. Drew proposes that the Ontario Government, if he is called upon to form it, will assume at least hiry percent of the school taxes now charged against real estate . . . That ... would prove a relief to all taxpayers.

tas error anista tuo as engow tas The Liberale, including Mr. Nison, killed this remaintain.

#### HELP FOR AGRICUATURE

The Opposition reasons the ottack with the further resolution: The members of this begulature repress their regret that the Government has failed to meet the critical needs of our sericultural producers, and they inmet that the Government immediately take whatever steps are necessary to assure stability of prices, and an adequate supply of manputer and machinery for the rapidly increasing demands of wer

production. This was a move on takelf of the farmers of Ontario which the Liberale were afraid to veto directly. The Liberal Government members, including Mr. Nison, got around this difficulty by adopting a resolution praising the Government for the admirable work done by the province in securing manpower, prices and machinery for the egricultural industry.

# OSCYN SON STAS MACHINI

The most resolution submitted by the Opposition esserted that the Hydro Riectric resources of the Province belonged to all the people, and that it is therefore deprable that the Hydro Misctric Power Communica Act be amended immediately to equalize rates for electric energy and remove the

As Opposition resolution dealing with the current fuel shortage read: In the opinion of this House a furt committee should be appointed to inquire into the full estuation and to recom-

Dispite the sufferings of last winter and the prospective sufferings of the coming Covertment of the day, including Mr. Histon.

## FEMANCIAL PROTECTION FOR SOLDIERS

unanimously voted down the resolution.

The nest Resolution, introduced by the Opposition at the recent session of the House, proposed that all members of the Canadian Armed Forces from Ontario should be given effective legal protection against the normal economic consequences they service; and that all those, whose ability to meet their financial obligations has been materially reduced by such service, should be sheltered against the forfesture of natalment contracts, canreliation of life neurance policies up to \$10,000.00, and judgments or other legal proceedings for debts occurred before entering military service. The resolution stated that this protection should be estended on the repress condition that those able to pay should not be encouraged to evade their obligations. The deforment rather than the concellation of obligations was suggested so that justice might be assured. Instead of voting down this resolution the Liberal Attorney-General stated that this

proposal had been taken up with the Federal Government. But up to the present time no

#### action has ensured. OLD AGE PENSIONS

A further resolution introduced by the Opposition read: -Resolved that in the opinion of this House the Government should take immediate steps to adjust the old-age passes payment in accordance with the

present cost of living. In supporting this resolution Mr. Drew and others contended that old age pension payments should be reused immediately by

## homes before they can collect their scenty

This reasonable proposal of the Opposition was ruled out of under by the Spraker, Mr. James Clarke, who now favors union of Canada with the United States. On another occusion in the late areaion the Horaber risked out of order a proposal for the celebratum of Empure Day. Mr. Nison is not on record as protesting against the Liberal Scraker's

### LABOUR AND "TRAM-PLAY"

As for back as 1941 Grunge Drew placed before the Legislature a programal calling upon the Minister of Labour to arrange a conference to be known as the Ontario Industrial Production Conference to be attended by representatives of Lalana Uniona, Employers' and the public. The purpose of the Conference was to be the essurance of mesimum industrial printingtion, with effective protection for the

The Liberal Government, including Mr. Nison, have taken no action up to the present time, in regard to this proposal, In keeping with its record in the Legislature, on the public platform and in the Conservative Party, as skreedy indicated is pladged to carry out the program outlined in the 22 punts of its platform. The only means of making ours that three forward looking committments will be put

into forthright practice is to vote George Drew and the Progressive Conservative Party into Office on Absum 4th. The issue is in the hands of the electors who are under a patriotic and moral obligation to de three things: (1) the that year name is so the voter that (2) that ead end wort for the Progressive Conservative Perty and to platform and a

granter and more prosperous Clateria. (3) Talk

# The Old Inns of England

(By Walter R. Legge)

Following the completion of the Bomber Press series of articles, some readers have enquired why there was not one article about the old inns the party visited.

Such an article really has little to do with the war effort, so that it could not properly belong in the Bomber Press series. However, the old inns play a most important part in the life and history of England, and so naturally visited a number of them.

Nearty every settlement of any size in England possesses at least one ancient inn well worth a visit, with an interesting history and picturesque architecture.

Probably the most famous to Canadians at least is the Old Chashire Cheese in First Street, which dates back to 1667. It was a haunt of De Oliver Goldsmith, James Boawell and many other famous men. on London, and its famous dish, beef-

One of the first that we virted was Widnele's Hatel" at Maidenhead, perb location on the Thames. Our party can testify that an excellent meal to still being served there.

#### Where Dickens Stared

# Old in History

famous old Inns, the "Angel" and the DeKol Abbekerk Pabet, owned by W. "George" The latter, at which we had S. Hall, Oakville. She began her test as a delicious lunch, proudly displays a a three-year-old, giving 13,023 lbs. brass plate setting forth the phrase milk and 497 lbs. butterfat in 365 days. in Dicken's "Nicholas Nickleby" which reads, "Twenty miles further on, two a yearly record of 463 lbs. butterfat of the front outside passengers wisely from 12,008 lbs. milk as a junior twoavailing themselves of their arrival year-old, while Bessie Dewdrop DeKol, at one of the best inns in England, the property of John Picket, Hornby, turned in, for the night, at the George at Gratham." The George dates from milk as a five-year-old 1780, but does not look as interesting as the Angel goes back to the fifteenth Ada Morag, owned by O. Percival Lescentury and once lodged Richard III.

Bristol has many fascinating old inns, probably the most interesting being the "Llandoger Trow," which was built in 1664, one of a block of halfimbered houses by the Welsh Back quay. The quay is cobble-stone, and the mooring posts are ancient ships' cannon. It was from here that the "Hispaniola" of Stevenson's "areasure Island" set out and the Llandoger Trow was probably the 'Spyglass." Bristol was one of the most famous pirates' naunts in the world, and some of the most notorious pirates came from there. such as Capt. Edward Teach (Blackbeard, as he was called), Capt. Bartholomew Roberts, and the pirate woman, Mary Read.

The cellars of the Llandoger Trow were used as temporary prisons by the Press gangs, and also for rum running, and one passage leads to the Welsh

Many famous people have been entertained at the Llandoger Trow, including Henry Irving, Wilson Barrett, Eire, which has always regarded po- Kate Terry, Beerbohn Tree, and Judge Jeffreys. In it Defoe met Dr. Selkirk, the original Robinson Grusoe.

> The ceiling of the bar is now a shiny black, but it is said that originally it was covered with excellent paintings of

scantily clad ladies, but some 300 years ago a fascinating widow who kept the Inn had them painted over with black because the seamen admired the paint-

ings instead of her. Another Bristol Inn which looks as if it might have a romantic past is the "Hatchet". This was first pointed out to us one moonlight night as we were returning from an evening at the Savage's Club. In the deserted street by the serie light of the moon it appeared as if anything might happen there, but on a subsequent visit in the daytime, it seemed to lodge nothing more sinister than a dart game.

These dart boards are tremendously popular in England and may be found in almost every hotel.

#### A Neissa Vavourile
