"As We See It"

or FOLLOWING comment on the in the fruit ettration, taken from a recent letter from overseas, may be interest to some of our readers. "We and some lovely pears recently nies and plums. Peaches still for a doller each (4s 6d) but I ken't had any since last summer at rriefield" As you know 23c of Canain money will buy a shilling at toy's exchange rate so that those sches would actually cost about one liar each. Rather expensive fruit 't it. Perhaps we dun't half apprete our abundance of fruit here in nada and we really haven't much to k about even if it is a little more centive than it has been other

L'ALLY IT IT A GOOD Idea to tie up the facts before jumping at conclusions. You will recall that in news last week mention was made

the heatlest raid over London since oned and considerable damage a done and the item concluded by ting that two enemy planes were ot down. In connection with air ruids have become accustomed to think perhaps one thousand planes when raid is classed as a neary raid and naturally concluded that something at have been wrong when only two nes were shot down. However the lowing day the facts became known e whole raid consisted of only sixty nes and of that number only fifteen through the outer defences so that two out of filteen wasn't such a percentage after all. The follownight you may recall that the A. F. and RCAP, sent the heaviest d pet over Germany and that thirty planes were missing from that d. Of course we don't know how ny planes took part in that particuraid but if it was the heavier of time it would be over one thousand nes at least and agani the thirtythat failed to return wasn't such high percentage of casualties. Then planes had shot down at least one ndred and forty enemy planes that d tried to intercept them so that te hundred will never be missed if every home soliciting the sale of these and reporting individual requirements don't invest it in a bend. But it is a bonds however arrangements have to county agricultural representatives d idea to remember that as the also been made to have those bonds by November 15th.
