T. E. HEWSON,
Georgetown, Phone 258
P. O. Box 257.

LIMEHOUSE

Mrs. Alex. Near, District President of the W. I. was guest speaker at the February meeting of the local branch. She congratulated the members on the splendid work the small number were able to accomplish. Her opening remarks were based on the 40th anniversary of this area, held in Guelph this year, the same centre at which the first W.I. convention was ever held. She gave a brief account of the history of W.I. work between those dates, and the growth of the organization. She compared the W.I. to a new bank building. The more one puts into it, the more one gets out of it. She urged women to exercise their franchise, which is both a privilege and a duty. By so doing women have a definite hand in the government of our country.

The meeting, held at the home of Mrs. W. Mitchell, opened by singing the Maple Leaf, followed by the daily prayer. The roll call was answered by each naming "My Castle in Spain in my Teens." The Red Cross convenor, Mrs. Miller, reported yarn on hand for ribbed helmets. Mrs. Wright, quilt convenor, asked that used clothing, etc. be handed in to finish packing boxes for the Salvation Army.

It was decided to take twenty ditty bags for the Navy League, as we did last year.

Donations of ten dollars each were made to I.O.D.E. book fund for the Forces, Kinsmen's Milk for Britain Fund, to Georgetown Soldiers' Comforts and to the Salvation Army.

It was decided to carry on with the school victory gardens as last year, the committee to arrange them to include, Mesdames J. L. Ellerby, A. W. Benton, S. Glsby and Miss Jean Given.

Mrs. E. Miller, finance convenor for January reported \$37.32 cleared during the month.

Mrs. S. Glsby read current events and Mrs. E. Sanford read the motto, "The doors of opportunity are marked push and pull."

Mrs. A. W. Benton, convenor of education read her paper dealing with the problems of teachers and pupils today. Mrs. Fred Brown won the spelling match conducted by Mrs. Benton. Mrs. Nelson McLaughlin and Mrs. W. Bracken also attended the meeting from Dublin.

A dainty lunch was enjoyed following the National Anthem.

Q.M.S.M. Alex. Trotter, of Stratford, visited Mr. and Mrs. A. W. Norton recently.

The "Care of Clothing" meeting had to be postponed one week on account of several other gatherings being held.

Mr. and Mrs. Jas. Noble, of Cheltenham, have moved this week to the house formerly occupied by Mr. and Mrs. W. Shelbourne and family.

Mr. and Mrs. Law and children, of Brampton, visited Mr. and Mrs. Glsby on Sunday.

Trinidad is the British Empire's principal producer of petroleum, and exports sugar, citrus fruit and wild rubber.

7 p.m.—Public Worship.

POST-WAR DEVELOPMENT OF NATIONAL PARKS

The provision of facilities for recreation is likely to rank high among Canada's post-war activities. Already some public bodies are increasing their appropriation for the development of tourist travel—no doubt in anticipation of victory within the next year or two.

No one can forecast with any degree of accuracy when the war will end, but most people agree that, when it does, there will be a greater demand for recreation and travel than this world has ever known. A people, wearied in body and by heavy responsibilities, often unrelieved even by the usual holidays and vacations, will want rest and recreation as they have never wanted it before. This surge of recreation-seekers must be anticipated and the necessary human and physical equipment organized to meet its requirements.

Nature has been especially generous to Canada in providing recreational areas of great extent and variety in widely separated parts of the country. Canada is fortunate, too, in possessing a system of national parks which can be used both for the maintenance of health and morale at home and the attraction of tourists from abroad.

In addition to the 26 areas covering more than 29,700 square miles now under federal ownership and administration as national parks, other areas are being considered for park development. More than 10,000 square miles in the Yukon Territory adjacent to the Alaska Highway have been set aside recently for possible extension of the national parks system. Two additional sites have been offered by the Province of Quebec and one by New Brunswick, and proposals looking toward the establishment of a sea-level park in British Columbia have been discussed. It is expected that other sites, representative of the most suitable areas for the purpose, will be offered by the provinces. Already a chain of these national parks extends from British Columbia in the West to Cape Breton in the East. It includes some of the finest scenery in the world as well as other features attractive to the vacationist.

Post-war development plans include

First Baptist Church
Minister—Rev. J. E. Ostrom.
Sunday, Feb. 13th—2.30 p.m. Sunday School. 6.45 p.m. Gospel songs. 7.00 p.m. Evening service. "Facts for Faith." Mr. Ostrom will speak and sing.
The Young People meet on Monday at 8 p.m.
The mid-week service for all on Wednesday at 8 p.m.
"Come Unto Me."
Welcome!

Holy Cross Church
Rev. V. J. Morgan
Mass at 9.00 a.m., 2nd and 4th Sundays, 11.00 a.m., 1st, 3rd and 5th Sundays.

better arterial and secondary highways leading to the parks, improved highways within the parks, cheaper accommodation available to those of low incomes, secondary roads, foot and horse trails in order to render points of special interest readily accessible, and improved fire and game protection to meet increased dangers from heavier and more widespread use of the national parks.

CANCEL EVICTION NOTICES

Tenants of apartments, duplexes, triplexes and self-contained flats may no longer be evicted on a six-months

notice so long as their behaviour is good. This change in the Rentals Order was announced recently by the Wartime Prices Board. It cancelled all notices to vacate served on tenants of multiple-family dwellings since October 1.

The order provides, however, that a landlord of a multiple-family dwelling who is not at present living in the dwelling, can still evict a tenant if he wishes to use the dwelling for himself. In this case, the landlord must serve a new notice before January 31 in order to evict by May 1. Semi-detached dwellings and cottages are not

HYDRO Lightens The Way

• The familiar Hydro towers, striding across the countryside, are symbolic of a great public enterprise that has contributed much to the development of Ontario. Along the transmission lines, carried by these towers, flows the power that lightens the way in many thousands of homes, industries and farms.

Hydro power is accessible. It reaches out across the miles to far off city, town or farm . . . ready to serve at the flip of a switch.

Hydro power is flexible. It turns the wheels of our factories, mills and mines. It weaves our cloth, grinds our grain, milks our cows, pumps our water. It lifts our elevators, washes our clothes, refrigerates and cooks our food. It lights our homes, runs our radios. Day and night it serves our needs, in hundreds of different ways.

Hydro power is dependable. Well-equipped emergency crews and repair equipment stand by day and night ready to keep power flowing at all times.

Hydro power is economical. Through the years it is one factor, essential to our everyday living, that has been consistently reduced in price.

Hydro serves the people in thousands of ways. It brings them comfort, ease and convenience. Yet, to now, it but a preview of the promise which the electrical world holds for tomorrow. Since war began, Hydro power has been, and will be, available wherever and whenever it is required by Ontario's war industries. When peace comes, electricity supplied by Hydro will perform services that are certain to contribute much toward creating new and finer standards of living. This indispensable element, in our everyday life, lightens the way in everything we do.
