## Social and Personal

Miss Gladys Marlow, of Toronto, spent the week end with Mrs. Horace Blyth.

Miss Rosamond Jackson, of Toronto, was a week end guest of Miss Isobel Thompson.

Miss Helen Young, of Toronto, visited her parents, Mr. and Mrs. Ben. Young, Erin, last week end.

Mrs. Oliver Pitts, and Miss Constance Deans were week end visitors with Mr. and Mrs. William Deans.

Cpl. and Mrs. G. Studd, of Toronto, were week end visitors with Mr. and Mrs. D. Riddall.

Mrs. A. Wright, Mr. and Mrs. Maurice Hillock and children Dianne and Glenwright, spent Sunday and Monday with friends in Toronto.

Mrs. Larry Wyles and son Bobbie of Toronto spent the week end with her parents, Mr. and Mrs. Thomas Sykes.

Georgetown's Medical Health Officer, Dr. C. V. Williams, is confined to his home with an eye infection. We wish him a speedy recovery.

Mayor Harold Cleave and Mr. W. H. Kentner, of the Georgetown Hydro Commission, are attending the Ontario Hydro Convention in Toronto this week.

Mr. and Mrs. James Kelly, Pte. Frank Kelly, and Vera Kelly of Rockwood spent Sunday at the home of Mr. and Mrs. H. Iskey, 8th line, Erin. Pte. Kelly has just returned home from Kiska.

Mr. Herbert Hancock, who has been confined to St. Joseph's Hospital, Toronto, for the past week is improving nicely and expects to be back home soon.

Mrs. J. R. Bridges spent the week end visiting friends in Guelph, and her brother, ACZ Alastair Kean, who has been confined to military hospital in Hamilton for several weeks. He has now almost completely recovered.

The War Services group of Verdun Rebekah Lodge was entertained at the home of Mrs. Walter Mendham on January 25th, and Mrs. Jack McGibbon was hostess to the ladies on February 7th.

E.R.A. and Mrs. Joe Wilcox, of Vancouver, B.C., visited friends in town last week. Mrs. Wilcox and their small son have been living in Vancouver, but will return to her mother's home in Callander when E.R.A. Wilcox leaves in up.

Week end visitors at the home of Mr. and Mrs. George Bradford included Mrs. Ernest Dobbie, and Mrs. Howard Brown and Royce, of Newmarket, Miss Rita Apperby, Toronto, Pte. Malcolm Bradford, Toronto, and AC2 George Bradford, of Guelph.

We extend congratulations to Mr. and Mrs. W. G. Marshall, who celebrated their 40th wedding anniversary last week. About 15 friends gave them a surprise party on the happy occasion and the couple received many lovely gifts and flowers.

### W. H. Robinson is Re-elected Director

W. H. Robinson, Georgetown, was re-elected as a member of the Board of Directors at the annual meeting of the Holstein-Friesian Association of Canada held February 2 at Toronto.

L. A. H. Peters, Chairman of the Cattle Committee of the Netherlands Economic, Financial and Shipping Mission at Washington, who addressed the crowd of over 500 breeders who attended the afternoon session, said: "If the cattle population at the time of liberation has not declined considerably compared with present numbers, I doubt whether any importation of dairy cattle will be necessary. I say IF conditions do not change greatly, but in this respect we must be extremely cautious, for nobody knows what sort of destruction still lies ahead. The experience gained in Russia, Africa, Sicily and Italy, where the retreating German armies have caused enormous destruction, does not allow us to have an optimistic outlook. Actual warfare and scorched earth policy may put the Netherlands in a position where large scale importations of cattle are necessary to restore the dairy industry."

Reports of the Officers and Committees show that 1943 was the best year in the Association's history. A total of 51,100 animals were registered during the year, this figure representing a gain of 15 per cent over 1942. Transfers of ownership totalled 44,356, a gain of 19 per cent over the best previous year. Membership also showed a gain of 9 per cent, the present total of 8,545 being a new high. The Record of Performance and Selective Registration Departments also recorded gains of 7 per cent and 12 per cent respectively, 6,593 females qualified in R.O.P. and 1,620 animals having been classified in Selective Registration. Receipts for the year were \$138,781.58, an increase of 22 per cent over 1942. The Association is in an exceptionally strong position, the financial statement showing an excess of assets over liabilities of \$131,800.

J. J. E. McCague, Alliston, Ontario, was chosen as President for 1944, succeeding George C. Jackson, Downsview.

### Dick-Sherwood Wedding at Halifax

A wedding of wide interest in naval circles was solemnized Saturday afternoon, January 29th, at H.M.O.S. "Kings" Chapel, Halifax, when Nursing Sister Doris Elizabeth Sherwood, R.C.N., daughter of Mrs. J. W. Sherwood and the late Mr. Sherwood, of Toronto, was united in marriage with Lieut. (E) Sidney Alexander Dick, R. C. N. V. R., son of Mr. W. I. Dick, K. C., and Mrs. Dick, of Milton. The ceremony was conducted by Dr. Stanley Walker, president of Kings College. The groom is a grandson of Mrs. Sidney Young, Georgetown, and has frequently visited here.

The bride, who was given in marriage by Surgeon Lt.-Cdr. D. Mitchell, R.O.N.V.R., of Toronto, was dressed in her navy blue uniform and attended by Nursing Sister Frances Smith, R. C. N., of Toronto, also in uniform. The best man was P.O. Writer James M. Dick, R.O.N.V.R. of H.M.C.S. Stadacona, brother of the groom.

The reception was held at the Nursing Sisters' Residence on Gottingen Street.

The bride, who was a graduate of Toronto General Hospital was engaged in industrial nursing with an engineering company in Toronto before joining the navy. Previously she had spent three years in Peru doing similar work. A sister, Alice, is a Leading Airwoman with the RCAF in Ottawa, and Jack, a brother, is serving as Electrical Artificer with the navy in Newfoundland.

The groom, a graduate of engineering, Queens' University was with an engineering firm in Montreal prior to the war. A sister of the groom is Major Edith Dick, Principal Matron of the 10th General Hospital Unit, overseas. Capt. K. Y. Dick, a brother, is overseas with the Canadian Army Tank Corps.

For her going-away outfit, the bride chose a pale blue two-piece suit and black velvet hat. Her coat was of black Persian paw, princess lines.

Visitors in Halifax for the wedding were the parents of the bride and groom and an aunt of the bride, Miss Elizabeth Paul of Chicago.

Among the guests were Col. J. L. Sutherland (formerly of Milton) C.O. Medical District No. 6 Halifax, N.S. and Naval Ratings Kenneth Randall and James Armstrong.

### 'As We See It'

By J. A. Strang

The Editor's article last week which was entitled "Ancient Sponges and Hydro" is responsible for the following facts in regard to the Niagara River, which may be of interest to some of our readers.

The river is thirty-five miles long and the total fall between Lake Erie and Lake Ontario is 326 feet. As you of course know, the river flows north and in the first twenty miles the fall is only ten feet. The next mile of the river is known as the upper rapids and in this mile the river has a fall of fifty feet with an average depth of twelve feet. The Canadian Falls has a crest of 2600 feet and the fall is 162 feet. The American Falls has a crest of 1000 feet and the fall is 167 feet. It is two miles from the falls to the whirlpool and the fall in this two miles is only one foot. The average depth though is 190 feet. In the mile that is known as the Whirlpool Rapids the fall is 52 feet and the whirlpool itself has a depth of 125 feet. It is 11 miles from the whirlpool to Lake Ontario and the river in this stretch has an average depth of 100 feet and a total fall of 47 feet.

The Hydro have two power houses above the Falls and they take their water from the river in the Upper Rapids and return it to the river before it flows over the falls. Another power house is situated right below the Falls and it gets its power from water taken above the falls and returned to the river below the falls. The power house that is located at Queenston and which is known as the Chippewa Power Development takes its water from the river at Chippewa which is above the Falls and is located at the mouth of the Welland River. The water is taken in a canal around to the west of the City of Niagara Falls and is delivered to the power plant at Queenston. This canal is twelve and three quarter miles long and at its deepest cut has a depth of 143 feet. The water in this canal has a depth of from 30 to 38 feet and this water is delivered into a forebay, at the Queenston end of the canal, which is six acres in extent and has a depth of 28 feet.

We have mentioned this Chippewa power house at Queenston in this column on several occasions, however, we may not have mentioned the penstocks that deliver the water from the forebay to the turbines. There are ten main penstocks and one service one. The main ones have a diameter

of 16 feet and they are 383 feet in length. The normal head of water at Queenston is 315 feet and under full load it is 294 feet. We have been shown all through this power plant and you too might be interested in visiting it when peace times make a visit of that nature possible.

The ship canal, while it is not connected with the Niagara River, perhaps a few items about it may be of interest. The better way to describe it is to compare it with the former canal that ran from Port Colborne to Port Dalhousie. The old canal had 25 locks which were 270 feet long, 45 feet wide and 14 feet deep. The new canal has 7 locks each being 827 feet long, 80 feet wide and 27 feet deep. The new canal is three miles shorter than was the old one and the difference in elevation from lock number 7, which is located at Thorold, and lock number one, which is at the Lake Ontario level at Port Weller, is 326 feet.

### HORNBURY

The Women's Association of the United Church held its February meeting last Thursday afternoon, Feb. 3rd, at the home of Mrs. Archie King. There was a good attendance.

Mrs. G. A. May has gone to spend some weeks with her sister, Mrs. Douglas of Regina, Sask. We hope the change will do her much good.

Mrs. Robert Fasken of Toronto is spending a few days this week with her parents, Mr. and Mrs. Harry Robertson.

Although we have come to the second week in February we are still waiting for a real winter snow storm; but we fear if it does come it will be accompanied with high winds. We are not anxious to see our good roads blocked with snow drifts.

### TERRA COTTA

Mr. W. H. Stringer of Toronto spent the week end with his brother, Mr. J. G. Stringer. Mr. Stringer is employed with the John Inglis Company Limited, Toronto.

We are sorry to learn that Mrs. Albert Dolson of Union is in hospital at Guelph at present and is quite seriously ill. Her many friends hope soon to hear of her complete recovery.

Wood-cutting seems to still be the general order of the day. Mr. and Mrs. John Edge, of Toronto are spending a few days at their old home here.

Mr. C. Higgins made a business trip to Toronto this week.

We are sorry to learn that Mr. Jos. Marchmont of the 10th Line is quite seriously ill at present, we sincerely hope soon to hear of his complete recovery.

Pte. George Stringer called on Terra Cotta friends last week.

## How Much is a Dollar Worth?

A dollar is worth as much as it can buy. For instance, during the last world war people paid <sup>65¢</sup> for a pound of butter... while you pay around <sup>38¢</sup> today. It is the same with shoes and the other necessities of life. In 1917, they paid <sup>\$15.00</sup> and you now pay <sup>\$8.00</sup> for the same quality. This means your dollar is worth more than the dollar of 1914-18. You get more <sup>1918</sup> for your money — because price ceilings and other anti-inflationary measures have kept the value of your dollar HIGH! And you will keep your dollar high in value by using money wisely. You protect your dollar's worth every time you buy a bond <sup>1944</sup> instead of some needless luxury. Pay off a debt. Refuse to hoard goods. And refuse to frequent black markets. That's how to make money with your present dollars! Remember, dollars are worth less if they buy less.

Make This Pledge Today!

I promise to give my support to keeping the cost of living down. I will buy only what I need. I will observe the ceiling whether buying or selling goods or services. I will pay off old debts, save for the future, invest in Victory Bonds and War Savings Certificates. And I will support taxes which help lower the cost of living.

Keep Your Dollar Value High!

Published by THE BREWING INDUSTRY (ONTARIO) to help reveal the dangers that inflation represents for all the people of the Nation.
