The fifth Blood Donor Clinic held here on Tuesday established a new high record when 144 volunteered to give their blood that war's wounded and sick might have a fighting chance in recovery.

Last Friday about midnight the home of Wm. G. Bruce on No. 25 Highway, just at the edge of Acton Boundary was entered. Three \$100. Victory Bonds, \$190 in War Savings Certificates, two watches, one with chain, two revolvers, five boxes of revolver ammunition, a screwdriver, pair of pliers and a fountain pen were taken.

Comrade Robt. Muir, in charge of entertainment is laying plans for a mixed party of Legion members and members of the Ladies' Auxiliary to be held in the Legion Hall on April 28th.

Comrade Jimmy Roberts, chairman of the canteen held a special meeting last Saturday night of his committee.

The writer is not permitted to mention what transpired, but according to "Jimmy" some changes are being made which no doubt will meet with the approval of all members.

Several of our comrades visited out of town friends and relatives on Easter and the usual large crowd of boys that meet in the Hall on Saturdays was somewhat smaller.

We reprint some comments appearing in other papers which are of interest to Legion members:

Good Work

Good work is being done in the camps and depots by the representatives of the Canadian Legion. An officer with experience both overseas and in many parts of Canada says the Legion men make life a lot better for the troops.

This officer tells us the Legion has been most careful in choosing its men. These fellows were all through the mill in the last war, they are not stuffed shirts and they know how the men think and why. With this experience they are able to help in so many practical ways.

Not much is said about this work being done by the Legion. But the troops know the Legion has been doing a swell job both in Canada and over there.

War Memorials

The proposal made by the Norman Mitchell, V.C. Branch of the Canadian Legion that memorials to commemorate the sacrifices of servicemen and women in this war take the form of public libraries, community halls, or churches is one well worthy of serious consideration by the authorities, federal, provincial or civic.

The Buckaroo Fund

Little Miss Muffet sat on a box Knitting some soldier a pair of socks. Perhaps you're not able To puri, plain or cable, But you can drop a dime in the Buck-shoe Box.

Tinkle, Tinkle Little Dime, Dropped in the box at any time Won't buy tanks nor yet corvettes, But it will buy soldiers cigarettes.

There was a little man and they gave him a gun And sent him overseas to fight the Hun. They feed him and clothe him and drill him like h—, But for smoking material he doesn't do so well.

Now food and clothing is hardly enough For this little man to do his stuff, So it's up to us to see that he gets A monthly supply of cigarettes.

MILTON

"A Southern Cinderella" played by a cast of young people of Knox Church, Milton and directed by Miss Carson was a splendid example of what can be done in amateur dramatics and was greatly enjoyed by the large audience, which filled the school room.

The sudden passing of John A. Evans at his home, base line, Trafalgar on March 17th, came as a shock not only to his wife but the whole community. Apparently in his usual good health on Thursday morning he was seized with a heart attack and passed away early Friday morning.

Fire destroyed the frame house of George Tilcox at Hillsburg on Saturday.

Formation of a township school area in Trafalgar was urged by a meeting of ratepayers in Maple Grove School, Ninth Line. It would include the 18 school sections of the township and would be administered by one board.—Champion.

90th with a good attendance. Mr. R. L. Davidson reported on the Fall Fair Convention which he had attended in Toronto.—Free Press.

APRIL RAIN Now every apple-bough holds out a bent knuckle to catch the rain, and the bark has blossomed with silver buds. A wren eloquent teetering in the wet dark boughs, his brown small head tipped sleek with water. Brave bird, cry, showing the frail young grass from the thawing earth, the white froth of bloom from branches jewelled with sky.
