

HALTON URBAN COMMUNITIES ORGANIZE TO SUPPLY EMERGENCY FARM LABOUR

Plans are now under way in the five urban municipalities of the County to supply emergency farm labour during haying and harvest states Agricultural Representative J. E. Whitehead.

On Friday evening of last week a meeting was held in the Agricultural Representative's office in Milton which was attended by the urban reeves and a number of farm leaders. It was the consensus of opinion at this meeting that crop prospects are excellent. Hay and wheat definitely will be heavy and spring grain in general is also looking promising.

On the other hand, farm labour is a minus quantity and conspicuous by its absence. On a large percentage of Halton farms varying in size from 100 to 200 acres the operator is attempting to carry on alone. Notwithstanding the catchy weather the spring crop, thanks to the tractors, is in the ground and, as indicated above, looks promising. Getting off the hay and harvest alone presents an entirely different picture and urban residents of the county will have to come to the rescue if the crops are to be saved. It was generally admitted by all at last Friday night's meeting, that local commando labour is not a solution to the farm labour problem, nevertheless, it was felt that, if each of the five urban centres enter wholeheartedly in the programme, it will help out materially. The odd day or half day in the hay fields and evenings at harvest time can all be used to advantage. There is a place for everyone, if you, as an urban dweller can't fork hay, you can coil it or drive the team on the hayloader, the hay fork or the rake, so make your plans now.

In our next issue we expect to be

F.O. William Murphy Believed Killed

Mr. and Mrs. James Murphy received further word of their son, Flying Officer William Murphy, from R.C.A.F. Headquarters at Ottawa, on Friday morning last. The telegram stated that according to information from the International Red Cross, quoting German information, their son had lost his life on April 25th. No further particulars were given, and apparently none have been made available to the Red Cross yet. The telegram went on to say "pending further confirmation, your son is to be considered missing, believed killed."

Mr. and Mrs. Murphy first received word that Bill was missing on April 28th. The sympathy of the community goes out to them at this sad time.

"IN OUR MAIL BAG"

The Editor, The Georgetown Herald, Georgetown, Ont.

Dear Madam:

May I take this opportunity, through the columns of your paper, to make known to Councillor Bill Thompson, my appreciation of the splendid work he is having done on the roads of our town.

As Chairman of the Roads Committee, Councillor Bill has had most of the town gravel roads re-surfaced and the dirt roads oiled. This work is a great improvement and his efforts are to be commended.

Yours truly,

GEORGETOWN BREEDER BUYS TOP BULL AT NATIONAL SALE \$13,000 TO THE RED CROSS

Harold Bingham & Son, Georgetown, paid the top price for a bull of \$13,000 at the Annual National Holstein Sale held May 31st of Brampton. The animal was Genation Rag Apple Monogram, a very richly bred four-month-old-calf, consigned by J. J. E. McOgue, Alliston. His dam is an outstanding cow with a yearly record of 840 lbs. butterfat. Bingham's also sold two heifers, receiving \$420 for a yearling and \$10 for a six-month-old calf.

R. C. Given & Son, Georgetown, sold three head, a four-year-old at \$700 to Henry W. Bauman, Florida, a two-year-old for \$400 and a nine-month-old bull calf for \$150. A trio of two-year-olds consigned by Dr. Charles N. Hlanhard, Freeman, H. A. Dolson & Son, Georgetown, and E. Segsworth, Freeman, brought \$600, \$75, and \$340, respectively and a five-year-old offered by F. Palletterio, Milton, went for \$235. Wilfrid Leslie, Georgetown, secured a six-month-old bull calf from R. Ray McLaughlin, Oshawa, for \$500.

The general average of \$623.33 and the top price of \$3,900 for a female have not been beaten at a National Sale since 1920. The top price was paid by H. J. McFarland, Picton, to Hays & Co., Calgary, for an even-month-old heifer calf.

A feature of this sale was the drawing of the lucky ticket on a heifer calf which earned \$13,000 for the Red Cross. This animal, Genation Laurel Blossom, was won by James Sharpe, Moose Jaw, Sask., who had her auctioned off, she bringing \$1,600, half of which also went to the Red Cross. Her final owner was H. L. Gullbert, Vercheres, Quebec. This brings to a total of \$38,000 the funds raised by the members of the Holstein-Friesian

To the Editor, Georgetown Herald.

Dear Madam:

We note by last week's press that Premier Drew and our Liquor Control Board are suffering from a "head-ache" over the question of liquor restrictions.

This brings to mind a remark made, somewhat ruefully some years ago by an astute western politician. "Would that MINE ENEMY would draft a liquor bill, and TRY to ENFORCE IT." Headaches numerous and varied, seem to be the progeny of John Barleycorn throughout the ages. This by the way, Premier Drew's remarks (see Globe and Mail, June 2nd) re the psychological factor in the question of restricting the consumption of liquor, brought to mind also a suggestion which we read some time ago, made at a gathering of psychiatrists somewhere in the United States. (Memory does not supply the place or date of the occasion) which suggestion we think MIGHT help relieve this particular "government headache", above referred to.

The suggestion was this: "That all containers of alcoholic beverages bear a label containing a warning to consumers concerning the nature and effects of the drug alcohol upon the human organism, and suggesting that the purchaser consider such findings of scientific medical research, when ordering his supplies."

Were the user of beverage alcohol confronted when ordering, by the warning provided by such scientific facts, or BEFORE the drug has had opportunity to stupefy his higher brain centres, we cannot but think that his sense of self-preservation would act as a restraining influence upon the "intake".

Here are some of the statements from medical authorities of the highest standing, which we, as individuals and as a community ignore at our peril:

(1) "Alcohol is not a stimulant, but is, from first to last, a narcotic drug."

From "Alcohol—Its action on the Human Organism" (report of a committee of the British Medical Research Council).

(2) "There is agreement among students and teachers of the Medical and associated sciences, THAT ALCOHOL IMPAIRS REASON, WILL SELF-CONTROL JUDGMENT, PHYSICAL SKILL AND ENDURANCE." From preface of "Alcohol, Its Effects on Man"—Haven Emerson M.D. Professor (Emeritus) of Public Health Practice, Columbia University.

(3) "Alcohol is this great remover of man's discretion. The war against V. D. would probably be 50 per cent less difficult if we were a nation of abstainers"—Noble Black M. B., Dept. of Syphilology, Toronto General Hospital. Hon. Sec. of the Medical Committee of the Health League of Canada. (Quoted in the Globe and Mail, Feb. 3rd, 1944).

In considering this "liquor problem" and all others as well, let us remember that NO MAN'S JUDGMENT IS BETTER THAN HIS INFORMATION. We have the Highest Authority for the statement. "Ye shall know the truth and the TRUTH SHALL MAKE YOU FREE"

George T. O'Brien.

MOSQUITO VS DUCK

"Simply didn't duck that duck" explains Flying Officer Moe Sawyer, Rossland, B. C., and his R.C.A.F. navigator, Flying Officer Johnny Howell, members of the City of Edmonton Squadron. It seems they felt a slight impact over the coast of France, flew on without difficulty and returned to find a five pound Malar had penetrated the nose of their Mosquito. Said F.O. Sawyer: "We should protest to the Officer Commanding French Ducks—this one didn't have his navigation lights on."

ACTON

Pte. Gordon Lovell has been wounded in action in Italy. Proprietor with his brother Leonard, of Lovell Brothers Meat Market, he went overseas in 1941 with the Lorne Scots and later transferred to the 48th Highlanders.

All vacancies on Acton school staffs have been filled. George Gerdler, of Thornby, has been engaged as Continuation School Principal, and his assistants will be Miss Jean Barner, of Milton and Mrs. W. R. Carson, of Rockwood. New teachers in the Public School are Miss Miriam Ritchie, of Baden; Mrs. Norman Brock, Trout Creek; and Mrs. Irene Mitchell, Parry Sound.

A truck belonging to Messing's Meat Market was stolen, and found undamaged the next day near Milton—Free Press.
