There were also lovely bits of hand-carved ivory and ebony, such as a letter-opener and elephants. A gold bracelet and silver earrings were very lovely too.

TERRA COTTA

Mr. and Mrs. VanderVliet, and family of Toronto, spent the week end at their new home here.
The auction sale held here on Saturday, being the estate of the late James McLeod, was a decided success. There was a large turnout. The house and land were sold to Mr. Leslie Iam for three hundred dollars. The village lots belonging to the late Dr. McAndrew, were not sold. One offer was made but it was not up to the reserve bid it was not sold. Mr. Frank Petch, Georgetown's popular auctioneer wielded the stick in his usual good natured style. The household effects were also sold. Mr. K. Langdon of Georgetown was there also to look after the business of the Estate.
Terra Cotta seems to be getting more like New York all the time. One night last week an observer counted 25 cars parked at Mrs. K. Iam's Emporium, and the grocery trade is increasing by leaps and bounds. The ice cream parlor is still doing a rushing business. New goods are arriving daily.
Mr. Dannybrook had to go to the Hospital at Toronto last week to have his tonsils removed. We are also pleased to learn that he had a very successful operation and we hope soon to hear of his complete recovery.
A number of our citizens took in Mrs. W. C. Anthony's Sale at Georgetown on Saturday afternoon and report a splendid sale.
Mr. and Mrs. Dannybrook and family of Toronto have moved into Mr. Layton's house on Main Street. We also kindly welcome them, as kind and obliging citizens to our midst.

A number from here attended the Garden Party at Glen Williams on Friday evening and all report an excellent time.

ASHGROVE

The service at church last Sunday morning was observed as a Children's Service, with the children forming the choir. Two selections were rendered very sweetly and the message delivered by the minister was especially appropriate for the children. Beautiful baskets of flowers decorated the front of the church. Next Sunday the Sacrament of the Lord's Supper will be observed.
Mr. Fred Wrigglesworth left last week for Bracebridge, Muskoka, where he will be spending the summer.
Congratulations to Miss Margaret Alexander who successfully completed her year's training at Toronto Normal School. We wish her every success in her new profession.
Over 500 attended the barn dance in Mr. Robt. Cunningham's fine new barn on the 8th Line, which replaces the one destroyed by fire in April. Modern and old time dancing was enjoyed to the music of Russ Grighton's Variety Band. Lunch and cold drinks were served by the Women's Institute.

\$360 Is Raised For War Work

ALTHOUGH GARDEN PARTY WAS NEARLY RAINED OUT.
It was certainly disappointing to the Employees of Beaumont's Mill and their helpers, when after working hard to prepare for a mammoth garden party last Friday night, a deluge of rain fell about 8:30 o'clock to almost wash it out. However, by 8 o'clock the rain had ceased and the "show went on." There was a good attendance considering the wet weather, and when the proceeds of the party and draw had been checked it was found that some \$360.00 would be available to carry on their war effort of sending parcels to the boys overseas.
The program was run off as advertised and music was supplied by the Georgetown Boys' Band and the Lorne Scots Band.
In the lucky number draw, Miss Gertrude Cain won the first prize, a smoking stand, and Jack Wagstaffe, second prize, an end table.
The Beaumont Employees wish to thank those who helped in any way to make the event a success.

LIGHTNING BURNED BREAD HELD IN MAN'S HAND

Lightning pranks seldom equalled were recorded in Uxbridge township in a recent heavy storm, according to the Stouffville Tribune. The paper tells that something like a miniature tornado struck across the Markham-Whitchurch townline between the 6th and 7th concessions and along by George Foot's farm, telephone poles were snapped off, huge trees were toppled over and smashed, while the hydro line in this area was also put out, and a strong new pole badly bent. Miss Grace Bulley, sitting at the window in the Foote home was slightly stunned by a shock of lightning.
In town lightning put on some capers the like of which has seldom been recorded. Ernie Woodward and Bill Harding from Brougham were sitting in Mr. Woodward's trailer in front of the Silverthorn garage. They were eating a meal, when the lightning flashed in on the wires, scorched a large calendar off the wall and singed a piece of bread in the hands of Mr. Woodward toasting it so badly nothing was left. The small radio on the table in the trailer started to smoke, and the men got out. A pall of water, close by was doused on the fire which saved the trailer from further destruction. It was a miraculous escape for the two men who were not injured at all, while evidence of burns from the lightning was all around where they sat.
Up at the home of Mrs. Wm. Hopkins lightning came down the chimney and jumped into a clothes closet, burning up a dozen dresses, causing smoke damage and damage to the electric devices in the place. Switches were knocked off the wall and fuses were burned out. Damage was estimated at \$300.
Mrs. Hopkins and her mother, Mrs. Theo. Madill were both in the house at the time, and they quickly summoned aid, while throwing buckets of water into the close which undoubtedly saved the house from destruction. The line of dresses on the hangers were burned off from the bottom to the arms and shoulders on some. The fire brigade quickly responded to the alarm and promptly extinguished the attic part of the house, extinguishing any smothering part left from the lightning.
Three pigs out on the farm of Harvey Schell, Ditcher, were killed by lightning, but stock generally speaking escaped injury which is surprising. Wind damage on the whole caused more harm than lightning from this particular storm centred along the townline and in town.
Lightning struck the home of Reg. Rennie on the 10th of Markham, but did not cause a fire. The flash tore off some shingles, blew out the electric lights, and followed the line to the barn where the water pump and electric motor were damaged. Milking had to be done in the good old fashioned way.

FIRST PRIZE LETTER IN COUNTY COUNCIL CONTEST FOR HALTON

We present the letter written by Marjorie Service, Kelso, on "My Visit to Halton County Council."
On the invitation of the Halton County Council, I was elected to represent our school at one of their regular meetings, as an educational project. Along with fifty other pupils from various schools, we assembled at the Court House Tuesday morning, April 18th, where Miss Maxted took charge of the girls and Mr. Smith of the boys.
We proceeded to the second floor of the building where we were shown the Judge's chamber and other places of interest, after which we gathered in the Court Room, where the council held its meetings. It was very interesting and amusing to hear the men vote for and against certain motions. A delegation of ratepayers from the base line in Nelson wishes to have their road taken over by the county rather than the township. This matter was not settled.
At lunch we were the guests of the Council at Knox Church Sunday School room, where we enjoyed a hearty meal, followed by a sing-song. During this period Mr. Skuce addressed us. His subject was "Our Patriotic Duty" reminding us that we had an obligation to our fellow students by taking back a report. He also complimented us on our behaviour, which he assured us, was a credit to our teachers.
Mr. W. I. Dick, the Crown Attorney outlined the start of crime and where it leads. He pointed out that petty thieving leads to greater crime, and I trust that none of our children present that day will ever be in a court room except as interested spectators. Judge Murray told us about different types of court hearings. We were delighted to have in our midst a British evanee who told a little about his life in England.
Before assembling for the afternoon session we inspected the different offices of the court officials, and visited the Registry Office, where all legal documents are kept. There we met Miss Field, the registrar. The Goaler, and Turnkey took our fingerprints. We were shown inside the goal where three prisoners were awaiting for trial.

KNOX PRESBYTERIAN W. M. S.

The Annual Home Helpers meeting of Knox W. M. S. was held at the home of Mrs. Dean Leslie on Wednesday, June 14th, with a good attendance.
The meeting was convened by the Home Helper Secretary, Miss Redmond, with Mrs. McFadden of Omagh as guest speaker. Mrs. McFadden is Sectional Vice President and pays the Society a visit each year and as usual gave a splendid address. They were also favoured with two lovely solos by Mrs. Frances Thompson with Mrs. H. Graham as accompanist. A social hour with refreshments served by the Home Helpers was held at the close of the meeting and a hearty vote of thanks in well chosen words by Miss Redmond was given to Mrs. Leslie and all who had taken part.
During the rest of the afternoon we again listened attentively to the business of the council.
Before we were dismissed, a vote of thanks was given by Marjorie Service, seconded by John E. Headhead, after which we left for home filled with new resolutions to do better school work that some day we might be capable of filling those chairs to make our community a better place in which to live.

Oddfellows and Rebekahs Purchase New Hall On Wesleyan St.

The building at the end of Wesleyan St., owned by R. L. Gregory, Oakville, and formerly used as a theatre in the silent movie days, has been purchased by the Oddfellows and Rebekah Lodges. The brick structure is in the process of being renovated to form a new Oddfellows' Hall. The upstairs of the Arena was formerly used for this purpose.
The new Hall was originally built for a Disciples Church. It has a ground floor space of 38 feet by 31 feet. This room, together with two ante-rooms will be the lodge-proper. The ceiling is being dropped, new windows have been put in, the balcony has been dismantled and the building re-wired, and redecorated. A new heating system will be installed. The members of the Oddfellows Lodge are doing the renovating themselves. As the Oddfellows own the parcel of land north of the building this space will be used for parking cars. The Lodges expect to move into their new premises early next month.

Mrs. L. A. Worden Dies

Following a lengthy period of ill-health, Mrs. L. A. Worden passed away in the hospital at Hamilton, on Saturday. Born at Ballinafad, Mrs. Worden had spent all her life in this district and for the past thirty years has been a resident of Acton.
Mrs. Worden was an accomplished pianist and teacher of music and many of the young people of this community owe their grounding in music to her efforts on their behalf. She is survived by her husband, L. A. Worden.
The funeral was held on Tuesday afternoon with a service at the Johnstone and Rumley Funeral Home, with her minister, Rev. Forbes Thomson of Knox Church in charge. Interment was made in the family plot at Ballinafad Cemetery.
The pallbearers were Messrs. Alex. Mann, Walter Bauer, L. W. Agar, W. A. Lasby, John Locker and Edward Cripps.

SAVES LIVES

Four men owe their lives to Cpl. William Welfare Right of Sault Ste. Marie. He was a passenger in a plane that made a forced landing after an engine failure. Although injured, he extricated the other more seriously hurt men from the wreckage and gave medical aid. He is now in service on the North West Staging Route.

DISCHARGE ADVISERS

The Canadian Army, the Royal Canadian Navy and the Royal Canadian Air Force have recently appointed three advisors to prepare and plan the way for the return of the members of the Armed Forces to civilian life. They will be responsible for the service planning which will ensure a smooth transition from service to civilian life.

PHYSICAL AND MENTAL TESTS

Rigorous physical and mental tests for both Indian and British officers of the Indian Army are being used by the selection boards. Candidates have to prepare plans and make decisions in an inferno of noise representing battlefield distractions. Gramophone records of tank and air battles are used, but the most effective "irritant" is provided by a record of a London Underground train, sent specially from England.
